REPORT ON THE GENERAL ADMINISTRATION OF THE KOLHAPUR PRINCIPALITY FOR THE YEAR 1902-1903.

PART II.

CHAPTER I. (Political.)

The year under report which was ninth in succession of the personal Administration of His Highness Sir Shahu Chhatrapati Maharaj, G. C. S. I., G. C. V. O., L L. D., &c., Maharaja of Kolhapur, was conspicuous on account of events of both political and domestic importance, though the latter was a melancholy one.

Demise of His Highness' adoptive mother.

2. Her Highness Anandibai Rani Saheb Maharaj, adoptive mother of His Highness, breathed her last on the 14th September 1902. During the past few years Her Highness was suffering frequently from acute pain in the stomach which gradually shattered her health. Her Highness had an amiable disposition and a firm heart. Her Highness submitted herself calmly to the cruel fate (bereavement of her husband) which befell her when she was comparatively young, and spent her time since the demise of His Highness the late Maharaja in piety and devotion to God. Her Highness took interest in the cause of female education and used to pay visits to the Girls' School. In Her Highness His Highness lost a kind mother and a most sympathetic adviser in household matters. Out of regard and affection for Her Highness, His Highness personally performed her funeral obsequies according to Vedic rituals enjoined by Shastras, at a considerable cost.

Important events.

3. The two events of very great Political importance were : (1) the grand Coronation of His Most Gracious Majesty King Edward VII, Emperor of India, that was celebrated in England on the 9th of August 1902, and (2) the Imperial Darbar held at Delhi by His Excellency the Right Hon'ble Lord Curzon Viceroy and Governor General of India on the 1st of January 1903 for the purpose of celebrating in His Majesty's dominions the auspicious event of His Majesty's Coronation in England. The honour of His Highness the Chhatrapati Maharaja's presence on both these occasions was cordially requested and His Highness too responded with alacrity to these invitations received from the British government and had the rare good fortune of being able to attend at both these august functions.

His Highness' tour to England.

4. His Highness left Kolhapur with his brother the Chief of Kagal (Senior) and the Diwan on 14th May 1902 for Bombay and thence set sail for England on 17th and landed there on 2nd June. There he had the honour of being introduced to His Majesty the King Emperor and Members of the Royal family. The visit gave him an opportunity moreover, of cultivating personal relations with some of the ministers at the head of the British Empire, Peers of the Realm and Members of Parliament. His Highness was able also to visit many important places in England and on the continent. He was cordially welcomed every- where, the University of Cambridge having conferred on him the honorary degree of LL. D. The Royal Agricultural Society of England marked their appreciation of the keen interest His Highness takes in agriculture by making him an honorary member of their society. His Highness started from England on 14th August after the Coronation was over and arrived safe at Kolhapur on 31st August 1902. A most hearty reception was accorded to His Highness by all classes of his subjects and congratulatory addresses were presented to him.

His Highness' visit to Delhi for the Coronation Darbar.

5. His Highness accompanied by the Political Agent, Kolhapur and S. M. Country, the Feudatories and some European guests left Kolhapur by special trains for Delhi to attend at the grand Darbar. His Highness received an intimation from His Most Gracious Majesty of his having been pleased to confer on His Highness the high distinction of G. C. V. O. and had the honour of being invested with the insignia of the office at the hands of His Royal Highness the Duke of Connaught when he was in Delhi for the Imperial Darbar (More detailed account of the Imperial Darbar at Delhi is given in Appendix B.)

6. During the year His Highness visited Bombay and Mahableshwar and had the pleasure of seeing His Excellency the Governor of Bombay. He also made tours of inspection in the different Talukas of the Kolhapur territory.

Plague.

7. During the year under report, plague appeared in the city of Kolhapur and some villages in the Kolhapur Principality and subsided after five or six months. This year its type was rather severe. Evacuation was promptly and voluntarily resorted to by the people of the infected places and was found to be an efficacious remedy for the epidemic.

Changes in the personnel of administration.

8. The Council of Administration appointed by His Highness to conduct the affairs of the Principality during his absence in England, referred to in para 9 of the last Annual Report, ceased to exist after His Highness' return, on 18th September 1902.

Condition of the people.

9. The rainfall in the year, though scanty when much needed and heavy when not required was on the whole satisfactory and the crops yielded a good harvest. Water-supply was good and abundant. The prices of the staple food-grains became almost normal. The birth-rate increased a little and the death-rate decreased. The recrudescence of plague told upon Education and Commerce. There was sufficient fodder and no cattle epidemic. Condition of people in general was satisfactory. Good harvest, sufficiency of fodder and absence of cattle disease all tended to minimise the after-effects of famine.

RELATIONS WITH FEUDATORY ESTATES, SARANJAMS, &c.

Political relations.

10. The usual Statements Appendices I to IV (Consecutive Enclosures 1 to 4) furnishing information about Political relations &c. are appended.

Feudatory Estates.

11. There are in all 9 Feudatory Estates, Saranjams, &c. *viz*:—

1. Vishalgad.
2. Bavda.
3. Kagal (Senior).
4. Kapshi.
5. Ichalkaranji.
6. Kagal. (Junior).
7. Torgal.
8. Himmat Bahadar.
9. Sarlashkar Bahadar.

A short account of the Administration of each of the Estates during the year 1902-1903 is given hereafter.

Income and outgoings of the Feudatory Estates.

12. Tabulated Statements showing the income and outgoings of each of the Estates separately for the year under report as compared with the same of the preceding year, with explanations for important variations, have been appended as Consecutive Enclosures Nos. 5 to 20.

CHAPTER III.

PROTECTION.

58. No new rules were passed during the year under report. Legislation.

Military.

59. The Military establishment of the State consists of two divisions (1) Kolhapur Infantry under a British Officer and (2) Red coated Risala or His Highness' Body-guard under a Native Officer. Information as regards the strength and cost of these establishments is supplied in Appendix V (Consecutive Enclosure No. 21). Military force.

Infantry.

60. The total amount of cost of the corps came up to Rs. 91,018 against Rs. 86,651 of the last year.

61. The number of marksmen in the regiment and the figure of merit obtained in the musketry course were this year 127 and 65.58 respectively against 232 and 67.69 for the last year, the decrease being greatly due to the increase of the marksman's points from 70 to 73. The drill and efficiency of the corps were good. The total number of recruits enlisted was 30. During the year 32 recruits were drafted into ranks of whom 11 were enlisted in the year under report and 21 in the preceding year.

The health of the regiment was generally good. The total number of deaths was 6 during the year under report.

The conduct of the regiment was generally good.

62. Captain W. M. P. Wood acted as Second in-Command during the year and Lieutenant R. J. C. Burke has been acting as Adjutant Kolhapur Infantry from the 8th August 1902.

Red Coated Risala.

63. The total strength was 149 at the end of the year, the cost of which in the shape of pay and allowance amounted to Rs. 30,406. The total expenditure came up to Rs. 62,079. The conduct of the force was satisfactory. Strength and cost.

Police.

64. The total strength of the Police force in the Kolhapur Principality which is all foot police was 808 at the end of the year against 841 of the last year. The expenses of the force amounted to Rs. 77,780 against Rs. 83,888. The decrease in the number of police is due to abolition of the temporary force engaged on account of plague. (For more particulars vide Appendix VI Consecutive Enclosure No. 22.) Strength and cost.

65. The total area and the whole population of the Principality are respectively 3125.3 square miles and 9,10,011 persons. Thus the proportions of area and population to the police force come to 3.86 square miles and 1,126 persons respectively per police peon. Proportions of area and population to a Police Sepoy.

Strength and Cost in the Parent State.

66. The total number of Police force in the Parent State decreased from 591 to 558, the services of temporary hands engaged in the previous year for plague duty having been dispensed with. The force includes 24 men holding service lands of whom one is a Fouzdar, one Jamadar, one Havildar, four Naiks and 17 peons. Of the two punitive posts one at Kumbhoj, Peta Alte, and the other at Salhali under Katkol Mahal, the former was removed. The expenditure decreased from Rs. 63,790 to Rs. 56,747 on account of the abolition of the temporary Force and the absence of item of expenditure on the issue of new dress.

Education.

67. Of the whole Police Force, 191 were able to read and write and 78 were under instruction as in the previous year.

Conduct.

68. The conduct of the force was satisfactory as last year there being an increase of only one in the number of punishments (45 against 44) while 89 against 120 peons were promoted. Of 45 persons punished, 8 were dismissed, 36 fined, degraded or suspended and the remaining one was judicially dealt with.

Working of the Police.

69. The number of offences in the Principality, reported to the Police during the year, decreased considerably (806 against 1252) and that of persons arrested was 699 against 1189 of whom 494 or 70·67 percent were convicted against 848 or 71·3 percent of the previous year (For further details vide Appendix VII Consecutive Enclosure No. 23.)

Stolen property recovered.

70. Property valued at Rs. 75,695 was stolen, of which 50·1 percent against 43·5 was recovered during the year. The percentage for the State Proper improved (52·28 against 42·74). (For further details vide Appendix VIII Consecutive Enclosure No. 24.)

Cognizable and non-cognizable offences.

71. There was an appreciable decrease in the number of crimes of all descriptions committed during the year in the Principality. It was 3,748 against 4,408. The number of persons put upon trial was 6,360 against 7,100 of whom 2,194 or 34·5 percent were convicted while 1,004 or 15·78 percent remained awaiting trial. 5 were sentenced to transportation. (For further particulars vide Appendix IX Consecutive Enclosure No. 25.)

Village Police.

72. The number of village police remained unchanged.

Criminal Justice.

Criminal Courts.

73. The number of Criminal Courts in the Principality was 64 during the year which is made up of:—

1 His Highness' Court.

2 Courts—one of the Political Agent and the other an additional one of Captain Wood, exercising residuary criminal jurisdiction in the Feudatory Estates.

10 Courts of Sessions:—

2 Sessions Judges' Courts (one of the Chief Judge and the other of the Joint Sessions Judge.)

8 Courts of Feudatories having limited powers of Sessions Judges.

76. There were in all 30 cases involving 71 persons for trial before the Political Agent Kolhapur and S. M. Country and the Assistant Political Agent Kolhapur, who, in exercise of the residuary jurisdiction, respectively disposed of 17 and 10 cases involving in all 65 persons 38 of whom were convicted and 27 acquitted. 3 cases involving 6 persons remain pending at the end of the year. Work done by the Sessions Courts of the Political Agent and the Assistant Political Agent.

Sessions Courts of the Kolhapur State and the Feudatories.

77. There were in all 26 sessions cases involving 70 persons for trial before the Chief Judge Kolhapur and the Joint Sessions Judge who respectively disposed of 17 and 7 cases involving altogether 61 persons of whom 30 were convicted and 31 acquitted. Thus there remained 2 cases involving 9 persons pending trial at the close of the year. No sessions case arose for trial in the Courts of the Chief of Bavda, the Senapati of Kapshi, the Himmat Bahadur and the Sarlashkar Bahadur. The rest of the Feudatories had in all 5 cases involving 7 persons all of whom were convicted.

Appeals.

78. The total number of appeals was 141 against 218 of the previous year in which 259 against 475 persons were concerned. Of these 1 was rejected, the decisions of lower Courts were confirmed in 62, modified in 12 and reversed in 47, 4 were otherwise disposed of, and 15 remained pending at the close of the year. The percentages of confirmations and reversals were respectively 49.2 and 37.3 (For details see Appendix XI.)

80. The District Magistrate and the 1st Class Magistrate Kolhapur city disposed of 244 cases summarily during the year.

Persons extradited

81. The number of persons extradited from the British territory and Native States was 7 while 14 persons were surrendered to the same.

Prisons.

Jails & Lock-ups.

82. The number of Criminal Jails and Lock-ups was 18 as last year.

Admissions.

83. The number of prisoners admitted and that remaining at the end of the year in the Central Jail and several Lock-ups and the amounts spent to maintain them are given in Appendix XII (Consecutive Enclosure No. 28.)

Visits.

84. In the last year the Central Jail at Kolhapur was visited by the Second in-Command Kolhapur Infantry and the Adjutant of the corps.

Convicts.

85. The number of convicts inclusive of the balance 318 of the last year was 620 against 859. Of the 620, 6 were transported beyond seas, 26 were released on appeal and 366 released on expiry of their sentences or under remission rules and 10 died in the Jail. Thus the number of prisoners remaining in the Jail at the close of the year was 212.

Under-trial prisoners.

86. The number of under-trial prisoners inclusive of the previous year's balance of 13 was 92. Of these, 35 were released, 45 were convicted and sentenced, and 6 were transferred leaving 6 pending trial at the end of the year.

87. The number of reconvictions this year was 53 against 74, one of whom having been in jail no less than 7 times, one 5 times, five 4 times and eleven 3 times each. Reconvictions.

88. The daily average number of prisoners sentenced to hard labour was 270 against 358 of the last year. 11 on an average out of 270 were employed in the factory, 31 were employed as warders and jail servants 38, 163 and 12 respectively on miscellaneous, outdoor and indoor duties while the remaining 15 on an average were sick in the hospital. Daily average number and employment of prisoners.

89. The gross earnings of the Jail Factory fell from Rs. 364 to Rs. 316 Still the average earnings per prisoner rose from Rs. 26 to Rs. 29. This shows that there was a satisfactory progress in the work made at the factory, the net earnings for the year being Rs. 16. Jail Factory.

90. The net cost per head rose from Rs. 45 to Rs. 51 and the total cost from Rs. 75 to Rs. 83 of the last year; the increase was due to the expenditure for the last month of the previous year being brought to account during the year. Net cost per prisoner.

91. 254 prisoners against 259 were admitted into the Jail hospital. Against 12 deaths of the last year, there were in all 10 deaths during the year: 1 owing to Plague, 3 to Dysentery, 4 to Tuberculosis, 1 owing to Acute Peritonitis and 1 to drowning the prisoner having fallen into a well while working. Revenue appeals,

106. The District officer N. D. had before him, inclusive of the last year's balance, 21 appeals of which 13 were decided during the year, in 8 the original decisions being confirmed and in 5 the same being reversed; thus 8 remain pending at the close of the year. The District Officer S. D. had, inclusive of the previous year's balance, 21 appeals before him of which 17 in all were decided 12 being rejected and 5 granted. This gives a balance of 4 remaining at the end of the year under report.

107. Against the decisions of the District Officers there were 7 appeals before the Chief Revenue Officer Kolhapur, during the year of which 4 were rejected and 3 granted.

---

* N. B. The balance against Bhudhargad Taluka would appear to be rather large. It is due to the erroneous inclusion of cases received after 31st March. The correct figures for it are: filed 93, disposed of 85, balance 9.

Registration.

108. Of 6,068 documents presented for registration during the year under report against 7,314 of the preceding year 6,042 were registered against 7,293 of the previous year. 51 against 112 documents not compulsarily registrable were presented for registration. Deeds Registered

Expenditure.

114. The following table compares the expenditure of the several Municipalities under different heads during the year with that of the last year. The increase in the case of the Vadgaum Municipality is mainly due to a large amount having been spent to pay off the State loan incurred for the construction of the Vadgaum Water works, the same in the case of Hatkalangda and Shirol Municipalities is due to considerable sums having been spent on water supply and repairs.

Plantation.

119. A plot of ground of about 10 acres in the village of Porle under Panhala Peta was newly taken up for coffee and tea plantation. The coffee plants in Kudutri under Bhudhargad Peta and Borgav under Panhala Peta are in an excellent condition and have begun to bear fruit and those at other places are fairly good. The produce obtained therefrom was 361 lbs as against 266.

120. Cardamom was also planted in the Panhala and Bhudhargad Petas in about one acre of land which yielded 10 lbs.

State Paddock.

121. There were in all 180 animals in the Paddock at the beginning of the year under report. The number of births was 71 of which 18 were colts, 19 fillies, 32 sheep and 2 mules. 13 animals were added to the stock in the year. Of the total number, 27 died and 44 were removed to other establishments or given away as presents. The number of animals remaining at the end of the year is 193 of which 40 are mares, 2 ponies, 25 colts, 28 fillies, 5 mules and 93 sheep. 14 colts were castrated in the year.

Agricultural Stock.

122. The agricultural stock during the year under report is compared with that in the previous year in the Kolhapur Principality in the following table:—

Veterinary Dispensary.

123. The total number of patients treated in the dispensary during the year was 936 against 752 of the last year, 69 being in-patients and 867 out-patients. The total number of patients included 91 horses, 374 bullocks and cows, 297 buffaloes, 16 sheep, 155 dogs and 3 other animals; of these, 210 were relieved, 456 were cured, 17 died and 29 were incurable, the result in 224 being not known. 21 operations of castration were performed with good success. No epidemic disease broke out in Kolhapur Proper and the health of cattle was good. The total expenditure on the dispensary was Rs. 2,034 against Rs. 2,382.

Prices.

124. The prices of the staple food-grains for the month of March in 1903 is contrasted with those in 1902 in the subjoined table:— Prices of the staple food grains.

Article Per maund of 82 lbs.	March 1902.			March 1903.		
	Rs.	a.	P.	Rs.	a.	P.
Rice Per maund ... 1st sort ...	3	8	5	3	11	4
Rice Per maund ... 2nd sort...	3	7	9	3	5	11
Wheat Do.	4	14	9	4	1	2

Gram Do.	4	3	11	3	13	6
Jwari Do.	2	11	8	2	....	5
Bajari Do.	2	8	7	2	1	3

From the above it will be seen that the prices of almost all the articles went down still further.

Labour and Wages.

Unskilled Labourers.

125. The number of unskilled labourers in the Kolhapur Principality was about 74,000 of whom 37,000, 23,000, and 14,000, were respectively males, females and children. The rates of daily wages varied from one anna to three annas. The labourers found sufficient employment near their homes.

Skilled labourers.

126. The number of skilled labourers was about 21,000. The rates of their wages varied from two to twelve annas. They were able to find employment in the Principality.

Trade.

Chief trade centres.

127. The number of trade centres or market towns during the year under report was 16 as in the previous year the names of which are given below:—

1 Kolhapur.	9 Vadgaum,
2 Shahupuri.	10 Gad-Hinglaj.
3 Sangrul.	11 Malkapur.
4 Panhala.	12 Kapshi.
5 Kodoli.	13 Mahagaon.
6 Male.	14 Murgud.
7 Sarud.	15 Ichalkaranji.
8 Chanwad.	16 Uttur.

128. Postal and Telegraph Offices were opened during the year in Shahupuri which has greatly convenienced the merchants of the place. In the Bazar peth established there, trade of more than 6 lacs of Rupees was carried on.

Chief exports.

129. The principal commodities of exports in the Kolhapur Principality are Cotton, Tobacco, Jagree, Rice, Jwari, Gram, Wheat, Hemp, Nagli Chillies, Tur, Peas, Turmeric, Ground-nut and Coriander.

Manufactures.

130. The principal manufactures of the Kolhapur Principality are weaving cotton, oil-pressing, weaving blankets, pottery and preparing sugar and jagree.

131. The following statement gives the approximate value of articles manufactured, their sale in and exportation from the Kolhapur Principality.

Names of articles	Value of articles made.	Value of articles locally sold.	Value of articles exported.
	Rs.	Rs.	Rs.
Cloth prepared by weavers	1,82,700	64,600	1,18,100
Blankets	42,300	20,700	21,600
Earthen pots	37,100	25,200	11,900
Sugar (Yalgudi)	1,000	500	500
Jagree or dry molasses	7,59,800	1,76,700	5,83,100
Oil	18,800	12,300	6,500

132. The articles of manufacture are almost the same as last year. The places of export of agricultural produce are:—Nipani and Daddi in the Belgaum Collectorate; Chiploon, Rajapur and Sangmeshwar in the Ratnagiri Collectorate; chief towns in the S. M. Country such as Sangli, Miraj and Jamkhandi; Athni, Poona and Bombay.

Special Settlement Work.

133. The work of settling compensation for lands taken by the State for public purposes in years gone by having been much in arrears, Mr. T. M. Joshi Mamledar of Karvir Peta, was appointed solely for it. It consisted of questions, of compensation for lands taken up for (1) Shahupuri Wasahat, (2) Tanks and other irrigation works, (3) Railway, (4) Roads and (5) New Palace premises. The special Settlement Office worked from 1st January 1902 to 31st July 1903. During this period Mr. Joshi, it is satisfactory to note here, almost finished his task. He submitted reports in 129 cases of which 86 were approved and finally disposed of by the Huzur, claims to the extent of Rs. 12,682 and 14 acres of land being finally settled. The work to be done in this respect being comparatively small is entrusted to Mr. Joshi in addition to his regular work as Mamledar of Alte Peta.

Forests.

Areas under Reserved and Protected Forests.

134. The area under Reserved Forest, at the end of the year under report was in round figure 340 square miles, against 333 square miles and that of Protected Forest was 181 square miles against 177 square miles of the last year.

Settlement.

135. During the year the work of settlement in 10 villages was completed, while the same in 58 villages remains to be completed at the end of the year.

Area disforested.

136. In the village of Bachani under Karvir Peta 35 acres of Protected Forest being more useful for cultivation were disforested and transferred to the Revenue Department.

Forest offences.

137. The total number of forest offences was 74 during the year under report against 55 of the previous year. Of these, 7 cases were sent to the Criminal Courts and the rest were disposed of departmentally according to the Forest Rules. The amount of fines imposed in cases dealt with departmentally was Rs. 563 against Rs. 244 of the last year. There were in all 23 cases of forest fires during the year and the area of forest burnt was 1,182 acres. The damage resulting from the fires was estimated at Rs. 70.

Plantation.

138. The number of nurseries maintained during the year was 6 against 7 of the previous year, two nurseries one in the Gad-Hinglaj Peta and the other in Tumjai forest being transferred to the Huzur Khasgi Department and a new one being formed at Porle in the Panhala Peta. The number of seedlings raised during the year was 7,220 which with the previous year's balance of 4,413 made up a total of 11,633 seedlings. The total cost of maintenance amounted to Rs. 662. In the year, 9,920 seedlings were transplanted of which 3,240 were from nurseries and 6,680 were from among the self-grown. Indian aloe was planted along the length of 9,300 feet of forest boundaries against 1,000 feet of the last year. A contract for cutting the leaves of aloe growing in the State jungle has been sold for five years for an annual sum of Rs. 110.

Rosha oil.

139. The work of manufacturing Rosha oil was done departmentally during the year, about 711 seers of Rosha oil having been manufactured at a cost of Rs. 1,079. It is estimated that the total quantity of oil will give a net profit of about Rs. 1,000 even if it be sold at a low price.

Failure of Hirda crop.

140. During the year there was an abnormal decrease in the crop of hirda, the out-turn for the year being only 2,115 Khandis against 21,622 Khandis of the previous year. The failure was due chiefly to the invasion of numerous flights of locusts during the flowering season, which destroyed the blossoms on the trees. Besides, large quantities of the fruit fallen from trees were rotten and destroyed by unseasonable and heavy rains in the month of October 1902.

Financial results.

141. Owing to an almost total failure of the hirda crop the receipts fell from Rs. 1,56, 919 to Rs. 27,715. The expenditure on conservancy and the establishment charges were Rs. 12,331 and 18,009 respectively against Rs. 96,913 and 17,250 of the last year. This year there was a deficit of nearly Rs. 2,624.

Public Works.

Irrigation Works.

142. During the year under report nearly 16 tanks were surveyed for irrigation purposes. The extent of land that can be safely given for irrigation under the tanks of Sarud and Bhedasgav was determined. Urgent repairs were made to the tank at Sarud. The plans of the irrigation channel from the tank at Atigre were prepared. The plans of other tanks surveyed are also ready. The amounts spent on survey of the tanks and establishment charges were respectively Rs. 153 and 520.

Expenditure on Public Works.

143. The following table will show the total expenditure incurred during the year on original works and repairs :—

CHAPTER V.

FINANCIAL REVIEW.

Revenue and Finance of the Kolhapur State (Proper).

145. The financial condition of the State (Proper) for the Fasli year 1312 ending with 5th June 1903 is given in detail in two tabular statements showing receipts and disbursements separately at the end of this report (Vide Consecutive Enclosures Nos. 32 and 33). Corresponding figures for the previous year have been therein given for the sake of comparison and important variations are explained in the columns of remarks.

Financial condition.

146. Three abstract statements 1st showing the opening and closing balances and 2nd and 3rd showing respectively receipts and expenditure under four principal heads namely (1) General, (2) Judicial (3) Revenue and (4) Military, of the Kolhapur State Proper for the year under report and three preceding years, are given below :—The increase or decrease in the items being explained in the Consecutive Enclosures referred to above are not repeated here.

Local Funds.

Receipts.

147. The different items forming the Local Funds as also the amounts of receipts under each of the items during the year under report and the previous one are given below :—

	Name of item.	1901—1902.	1902—1903.
1	The one anna cess	1,02,880	1,04,686
2	Toll-bar receipts	48,265	40,460
3	Educational Endowment Funds.	4,183	4,816
4	Ferries	1,393	1,260
5	Staging bungalow Fees...	....	....
6	Cattle pound proceeds	1,519	1,423
7	Miscellaneous	29,285	34,437
	Total Rs....	1,87,525	1,87,082

The increase under item No. 1 is due to larger recoveries of arrears of revenue. The variations in other items need no explanation as they are fluctuating.

Opium.

Purchase and sale.

148. 78 lbs. of opium were the balance at the beginning of the year under report in the Kachery of the Mamledar Peta Karvir, 278 lbs. more were purchased during the year. Thus the total quantity of opium for sale was 356 lbs. of which 309 lbs. were sold during the year against 232 lbs. of the previous year. The balance remaining at the close of the year was 47 lbs. The proceeds from the sale of opium during the year amounted to Rs. 3,176 against Rs. 2,973 of the last year.

149. During the year under review no offence against the opium act was reported to have been committed in the Principality.

Abkari.

The farm to sell country liquors.

150. Mr. Jamsetjee Hormusjee Cama continued to hold license to manufacture and sell country liquor in the Kolhapur Principality during the year.

Issue of liquor from the distillery.

151. In the year 21,815 gallons of liquor of 25 U. P. were issued for sale from the Kolhapur Distillery. Of these 21,110 were issued for sale in the Kolhapur Principality and 705 were supplied free of duty to the Kurundwad State against 20,091 and 686 gallons respectively of the previous year.

Amount of duty.

152. The amount of duty realised on the quantity of liquor issued from the Distillery was Rs. 81,801 against Rs. 77,853.

153. The number of liquor shops was 158 in the year under report.

Income from Shindi and Bherlemad trees.

154. The Shindi farm of the Gad-Hinglaj Peta including Katkol Mahal and the Bhudhargad Peta was sold for Rs. 9,497 against Rs. 9,211.

Offences.

155. During the year 18 offences against the Abkari Act were reported against 35 of the previous year, involving 28 persons of whom 20 were convicted and 8 either discharged or acquitted.

Stamps.

Receipts and disbursements.

156. General stamps of the value of Rs. 21,985 against Rs. 20,660 of the preceding year and Court fee stamps of Rs. 43,304 against Rs. 39,528 were sold during the year.

157, The amount of stamp duty and penalties realized by the Revenue and Civil Courts on unstamped and insufficiently stamped documents was Rs. 1,467 against Rs. 1,215. The contributions received from the Feudatories towards the establishment charges, &c. of the Stamp Office amounted to Rs. 2,191. Rs. 511 were realized on account of Court fee Stamps in pauper suits and Rs. 6 on account of miscellaneous receipts. Thus the aggregate receipts were Rs. 69, 464 against Rs. 63,499.

158. The total expenses were less (Rs. 2,864 against Rs. 5,560) owing to no arrears being paid as in the last year.

Toll Funds.

Receipts.

159. The receipts from tolls levied on different roads in the Kolhapur State for the year under report as compared with those for the previous year is given in the subjoined table :—

Roads on which tolls are levied.	Amount of receipts.		Remarks.
	1901-02.	1902-03.

Land Revenue.

Demands, Collections, &c.

160. The Land Revenue demands amounted this year to Rs. 12,03,845 against Rs. 12,56,842. Of these Rs. 11,13,177 against Rs. 10,90,702 were collected and Rs. 11,278 against Rs. 11,424 granted as remissions. The out-standings at the close of the year were Rs. 79,390 against Rs. 1,54,716 of the previous year.

The decrease in the demands is to be ascribed to the exclusion from accounts of the amounts of Nazarana due by certain Feudatories, the questions about them being then pending.

Outstanding Balances.

161. Outstandings on account of the current and the previous years are given below:—

	1901—1902.	1902—1903.
Outstandings on account of former years at the beginning of the Fasli year....	1,39,861	2,45,767
Amount collected during the year	42,528	37,032
Remainder	97,333	2,08,735
Written off as irrecoverable during the year.	...6,282	4,680
Outstandings on account of former years at the close of the year.....	91,051	2,04,055
Outstandings on account of the year...	1,54,716	79,390
Total outstandings at the close of the Fasli year	2,45,767	2,83,445

Of Rs. 2,83,445 remaining as total outstandings at the end of the year Rs. 2,37,679 are recoverable, Rs. 6,647 have been recovered after the close of the year, Rs. 10,318 are to be written off as irrecoverable, Rs. 3,442 are to be adjusted from the revenue of attached estates on completion of succession inquiries and claims for Rs. 25,359 are disputed. The following are the reasons of the outstandings under the head recoverable:—

(1) Amount to be recovered by instalments which have not yet fallen due-Rs. 1,05,192.

(2) Amount of which recovery is postponed—Rs. 15,490.

(3) Amount for the recovery of which notices are issued or property is attached—Rs. 1,16,997.

Sayar Revenue.

Demands and collections &c.

162. The demands for this inclusive of the previous year's outstandings amounted to Rs. 2,79,238 against Rs. 2,85,381 of which Rs. 1,06,583 against Rs. 1,09796 were collected. Rs. 705 were granted as remissions. The closing balance therefore was Rs. 1,71,950. The decrease in demands was due to the sale of the Abkàri farm for a smaller amount and that in collections to less arrears having been recovered.

CHAPTER VI.

Medical Relief and Vital Statistics.

MEDICAL RELIEF.

163. The Medical Department of the State continued to be superintended by Dr. George Sinclair with his usual zeal and ability.

Lady Doctor Miss Kelavkar's return from England.

164. The Lady Doctor Miss Krishnabai Kelavkar L. M. & S. who was deputed to England, obtained the Diploma of Licentiate of Midwifery of Dublin (Coomb.), returned to Kolhapur after an absence of ten months and rejoined her appointment in February 1903.

Medical relief.

165. The amount of relief afforded at the Albert Edward Hospital and the 15 dispensaries in the Principality as also their maintenance charges will be seen from the subjoined table:—

APPENDIX B.

A SHORT NARRATIVE OF THE TOUR OF HIS HIGHNESS THE MAHARAJA TO DELHI FOR THE CORONATION DARBAR OF 1903.

1. By a Proclamation dated the 14th of February 1902, His Excellency the Viceroy and Governor-General of India publicly notified his intention to hold at Delhi on the 1st day of January 1903 an Imperial Darbar for the purpose of celebrating in His Majesty's Indian Dominions the solemn and auspicious event of the Coronation of Their Most Gracious Majesties the King and Queen, which was appointed to take place in England on the 26th June 1902.

2. In the same Proclamation His Excellency the Viceroy intimated his intention of inviting to the Darbar the Governors and the Heads of all Administrations, the Princes, Chiefs and nobles, of the Native States under His Majesty's protection &c.

3. Accordingly His Excellency the Viceroy by his letter of the 19th March requested the honour of His Highness the Maharaja of Kolhapur's presence on the auspicious occasion.

4. The invitation was accepted most cordially by His Highness in his letter to H. E. the Viceroy dated the 10th of May 1902.

5. Soon after, His Highness left for England to attend the Coronation of His Most Gracious Majesty and returned by the end of August 1902.

6. His Highness the Maharaja was pleased to issue orders to all the Feudatories to accompany him to Delhi. They were all very glad to attend the Darbar and were accommodated in His Highness' camp there.

7. Mr. D. A. Vichare, Executive Engineer Kolhapur was deputed to Delhi to make camping arrangements for His Highness the Maharaja and Suite.

8. The Bombay Chiefs' camp was located on the Gurgaon Road and a first class site 600 × 600 was secured for the Kolhapur camp. It was very conveniently situated as it was at a short distance from the Political camp and the enquiry Post and Telegraph Offices. The plot on the other side of the Road was occupied by the Amir of Khairpur and the other Bombay Chiefs were further on the South. The camp had a charming simplicity of its own and a nice little garden was laid out in front. It was provided with water by three wells, two of which were sunk for the occasion. The alignment of the roads was ornamental and the effect at night when the whole was lighted by electricity was very striking.

9. His Highness the Maharaja and suite and Lieut. Col. W. B. Ferris Political Agent, Kolhapur and S. M. Country left Kolhapur on the 23rd December in the evening by two special trains. Poona was reached early the next morning and a halt of about seven hours was made. In the meanwhile the state Saloon was transferred to the broad guage bogies and the special left at 2 P. M. via Parel for Ahmedabad, arriving there in the morning of the 25th. After another halt of about eight hours the special left for Delhi.

Ajmer was reached on the 26th and an eight hours' halt there was utilized by His Highness in visiting the Mayo College, Annasagar tank and the famous Darga of the celebrated Mahomedan Saint Mir Khwaja Saheb. Pushkar a holy place of pilgrimage was also visited and His Highness passed a pleasant half hour in seeing the beautiful Jain Temple. His Highness reached Delhi on the 27th and was received at the station with due honours. The 28th was a day of rest and the Darbar festivities and functions commenced on the next day.

10. His Highness the Maharaja accompanied by the Chief of Kagal (Senior) and the Senapati of Kapshi was present at the Delhi Main Station and received Their Excellencies Lord and Lady Curzon, and Their Royal Highnesses the Duke and Duchess of Connaught.

11. His Highness the Maharaja then mounted his elephant and took his place in the procession. The Pant Pratinidhi of Vishalgad and the Pant Amatya of Bavada were waiting for His Highness in the Howda and occupied the back seats where they exercised the privilege of performing the time honoured duty of bearing His Highness' *Morchals*, the Royal insignial, when His Highness mounted the elephant. As Premier Prince His Highness the Maharaja led the chiefs of the Bombay Presidency.

12. The Indian Art Exhibition was opened by H. E. the Viceroy on the 30th when His Highness was present and had the pleasure of hearing the opening address of His Excellency.

13. On the 1st of January 1903 took place the chief function of the festivities. On that memorable and auspicious day was held in the Amphi-theatre the Grand Darbar unprecedented for its grandeur and imperial solidarity in the annals of Indian history. His Highness attended the Darbar and occupied the first seat in the E block which was reserved for Bombay chiefs. His Highness was attended by the Diwan, the eight Feudatories *viz* Meherban Abajirao Krishna Pant Pratinidhi of Vishalgad, Meherban Madhavarao Moreswar Pant Amatya of Bavada, Meherban Pirajirao Jayasingrao Ghatge Sarjerao Vajarat Ma-ab of Kagal (Senior), Meherban Jayasingrao Laxmanrao Senapati of Kapshi, Meherban Narayanrao Govind Ghorpade of Ichalkaranji, Meherban Dattajirao Narayanrao Ghatge Sarjerao of Kagal (Junior), Meherban Udajirao Ranojirao Chavan Himmat Bahadur and Meherban Hanmantrao Gopalrao Nimbalkar, Sarlashkar Bahadur and other nobles and officers of the State.

14. Presentation of the Ruling Chiefs was one of the functions of the Darbar and His Highness headed the Bombay Chiefs on this occasion. His Highness the Maharaja then requested His Excellency in suitable terms to convey his message of congratulation to Their Majesties on the auspicious occasion.

15. At 9 P. M. on the 3rd of January was held the chapter of the Most Exalted Order of the Star of India and the Most Eminent Order of the Indian Empire and His Highness the Maharaja was present as a knight Grand Commander of the Star of India. He was on this occasion attended by the Chief of Kagal (Junior) and the Senapati of Kapshi.

16. On Tuesday, the 6th of January, His Excellency Lord Northcote, Governor of Bombay returned the visits of the Bombay Chiefs at the Kolhapur camp. All the Ruling Bomby Chiefs were present on the occasion and were received by His Highness the Maharaja and his brother the Chief of Kagal. His Excellency exchanged greetings with all and the whole party was photo-graphed in which His Highness occupied the first seat at the right hand of H. E. the Governor. After partaking of light refreshments the party broke up in the evening at about 6.

17. On Friday the 9th His Highness the Maharaja attended the evening party given by His Excellency the Viceroy accompanied by some of his Feudatories. On this occasion His Highness was invested by His Royal Highness the Duke of Connaught with the Grand Cross of the Victorian Order. His Highness was the first Prince in India to be invested with the Order.

18. The tenth of January was the last day of the Delhi celebrations and His Highness was present at the Station to bid good-bye to Their Royal Highnesses the Duke and Duchess of Connaught and Their Excellencies Lord and Lady Curzon.

19. His Highness had an opportunity to enjoy many minor functions such as polo in which as a keen sportsman His Highness took a deep interest, the review of troops, the review of the Native States Retainers &c. On the latter occasion the Kolhapur Infantry band and the Kolhapur Infantry cut a good figure and were much applauded.

20. His Highness the Maharaja and the Political Agent Kolhapur and S. M. C. and Suite left Delhi on the evening of the 11th by a special train making halts at Ajmer, Ahmedabad and Poona as on the outward journey. Kolhapur was reached on the morning of the 15th by two specials from Poona.

21. The Grand Darbar and assemblage of so many illustrious and noble personages produced a lasting impression upon His Highness and his personal contact with them though short has strengthened the feelings of friendship and sympathy with them. His Highness all along took a keen interest in all the proceedings as he is proud of his position as an integral part of the Empire to which His Highness has the privilege to belong.

In rounding off figures in several places fractions exceeding one-half have been reckoned as equivalent to one and those equal to or less than one-half have been left out of consideration; in consequence a slight discrepancy may sometimes occur in additions and subtractions, especially in the case of sums of money.

REPORT ON THE GENERAL ADMINISTRATION OF THE KOLHAPUR PRINCIPALITY FOR THE YEAR 1903-1904.

PART II.

CHAPTER I. (Political.)

The tenth year of the personal administration of His Highness Sir Shahu Chhatrapati Maharaj G. C. S. I., G. C. V. O., LL. D. &c. Maharaja of Kolhapur, elapsed as usual attended by prosperity and material advancement as will appear from the results of the year's administration noticed in the following pages.

Events of Domestic and Political importance.

Betrothal of His Highness' daughter to the Rajesaheb of Devas.

2. Her Highness Radhabai *alias* Akasaheb Maharaj, daughter of His Highness being ten years old, His Highness, in consideration of the difficulty of securing suitable bridegrooms among high caste Marathas, thought it advisable to make a proper selection in time. Fortunately one most eligible every way was found in H. H. Tukojirao Powar Rajesaheb of Devas Senior Branch. In accordance with orthodox usage the marriage negotiations were opened on an auspicious day and terminated most successfully for which His Highness feels very grateful to the Honourable Mr. Bailley Agent to the Governor General, Mr. Jardine his first assistant and Lieutenant Colonel Ferris, Political Agent Kolhapur and S. M. Country for their kind offices. A binding betrothal has been agreed upon between the parties to the entire satisfaction of all concerned. A distinguishing feature of the arrangement is that the actual wedding is to take place about 4 years hence. H. H. the Rajesaheb paid short visits to Kolhapur twice during the year and has already won the hearts of people here by his fascinating manners and amiable disposition.

Visit of His Excellency the Governor of Bombay.

3. During his inspection tour in the Southern Districts of this Presidency His Excellency the Right Honourable Sir James Monteath Acting Governor of Bombay paid a short visit to Kolhapur in the month of October 1903. His Excellency with his party arrived here on the 19th Idem by the morning train and was received at the Railway Station with all honours due to his exalted position by Lieutenant Colonel W. B. Ferris, Political Agent and His Highness the Maharaja accompanied by his Feudatories, Sardars, Mankaries, Officers &c. At 12 noon His Highness the Maharaja attended by his Feudatories, Sardars and Mankaries paid a formal visit to His Excellency at the Residency. The visit was returned by His Excellency at 3-30 P. M. at the New Palace where in honour of His Excellency a grand Darbar was held by His Highness. At night after the State dinner at the Residency there was a reception of the Chiefs, Sardars, Mankaris, Principal Officers of the State and others. At 8 A. M. the next day His Excellency distributed prizes to successful students in the Rajaram College. At 6-5 P. M. in the evening His Excellency left Kolhapur by the Mail train. The usual honours were paid at the time of His Excellency's departure, His Highness the Maharaja, the Political Agent, the Feudatory Chiefs, Sardars, Mankaris &c. being present at the Station to see His Excellency off.

Presentation of coronation Medals to His Highness and some of his Feudatories.

4. On the 18th of July 1903 a small Darbar was held at the Residency by Lieutenant Colonel W. B. Ferris, Political Agent Kolhapur and S. M. Country for the purpose of presenting coronation medals struck in commemoration of the great Darbar held in Delhi in January 1903 to H. H. the Maharaja and some of the Chiefs and Sardars of the Kolhapur and S. M. C. States. These medals were

presented by Colonel Ferris under instructions from H. E. the Viceroy and the designated recipients were His Highness the Chhatrapati Maharaja of Kolhapur and Sir Gangadharrao Chief of Miraj (Senior), who received gold medals and His Highness' brother, Chief of Kagal (Senior) who received a silver medal. In addition, 3 silver medals were allotted for presentation to Sardars of His Highness, to be selected by the Maharaja. The choice fell on Pant Amatya Chief of Bavada, the Senapati of Kapshi, and His Highness' uncle, the Chief of Kagal (Junior).

Restoration of residuary criminal Jurisdiction in Feudatory Estates to the Darbar &c.

5. The residuary crimianl Jurisdiction in respect of criminal cases arising in Feudatory Jahagirs vested in the British Government under article 8 of the Treaty of 1862 was restored to His Highness the Chhatrapati Maharaja as a mark of appreciation of His Highness' administration. The criminal powers of the Chiefs of Vishalgad, Kagal (Senior) and Ichalkaranji were extended since the 1st of October 1903 as detailed below:—

They were till then allowed to try or with the aid of their Karbharis to dispose of all criminal cases punishable under I. P. Code with imprisonment of 7 years only; the rest had to be committed to the Courts of the Darbar. Out of this residue of the original jurisdiction His Highness decided to reserve to the Darbar only such cases as are exclusively triable by the Court of Sessions and entrust the rest to them.

His Highness' tours.

6. His Highness as usual made short trips to Poona, Bombay and Mahableswar and had the pleasure of seeing Their Excellencies. Tours of inspection in the District were also made during the year.

Changes in the personnel of Administration.

7. Mr. R. R. Shirgavkar B. A. L L. B. the Chief Revenue officer Kolhapur, was on privilege leave for a month and a half during the year and Mr. K. A. Gaikwad District Officer S. D. was appointed to act as chief Revenue Officer in his absence. Mr. Gaikwad having been entrusted with some other work in addition to the above, Mr. B. V. Jadhav M. A. L L. B. was ordered to sit in the Council as a Revenue member in place of Mr. Gaikwad. Owing to the retirement of Dr. George Sinclair the Darbar Surgeon Kolhapur, Dr. Gopal G. Vatve M. D., L. R. C. P., L. R. C. S., L F. P. S. L. M. Assistant Darbar Surgeon was appointed his successor and Dr. R. V. Khedkar L. R. C. P., L. R. C. S. (Endinburgh) L. F. P. S. (Glasgow) L. M. (Rotunda) as Assistant Darbar Surgeon.

Suspension of the Kolhapur Municipality.

8. The municipal Administration in the Kolhapur city having shown symptoms of grave mismanagement, the Municipality has been suspended from 7th April 1904 and given in charge of a Darbar officer Mr. B. V. Jadhav.

Plague.

9. During the year under report plague prevailed with more or less severity in the city as well as in the Districts for about 5 or 6 months. The type of this year's recrudescence was, however, not so severe as in the year preceding but it was longer in duration. The measures chiefly resorted to by a majority of people were evacuation of infected parts and segregation of persons attacked. Hutting materials were given free of cost to the needy poor and every facility as regards protection, medical aid &c. was afforded. People were allowed to keep their valuables in the Darbar Treasuries and the arrangement has been working very satisfactorily.

Condition of the people.

10. The rainfall during the year though below average was timely and well distributed and sufficient for the crops throughout the State. The Kharip as well as Rabi crops, yielded a good harvest. Water supply though not abundant was not deficient. The prices of the staple food-grains went down considerably but those of cotton and Jagree rose very high. The birth-rate shows a slight increase on that of the previous year. The death-rate increased a little chiefly

owing to the prevalence of plague in almost all parts of the Principality. There was no epidemic of a serious nature amongst the cattle. Supply of fodder was rather scanty, the rain-fall being subnormal. The material condition of the people generally improved.

Relations with Feudatory Estates Saranjams, &c.

Military.

52. The Military Establishment of the State consists of two divisions (1) Kolhapur Infantry under a British Officer and (2) Red-coated Risala or His Highness' Body-guard under a Native officer. Information as regards the strength and cost of these establishments will be found in Appendix V. (Consecutive Enclosure No. 21). Military force.

Infantry.

53. The total amount of cost of the corps was Rs. 84,526 during the year under report against Rs. 91,018. The decrease is mainly due to the savings effected in the pay of European officers and to less expenditure being incurred in connection with purchase of ammunition during the year. Cost of the corps.

54. There were in all 138 marksmen in the regiment this year against 127 of the last year and the figure of merit obtained in the musketry course was 65·69 against 65·58. The result is very satisfactory and a great improvement on that of the last year. The drill and efficacy of the corps were good. 30 recruits were enlisted and all of them were drafted into ranks after their course of drill and musketry. Musketry course &c. of the regiment.

55. The health of the regiment was generally good. The total number of deaths during the year was 5. The conduct of the Regiment was good. Health of the regiment.

56. Captain W. M. P. Wood Acting Second-in-command was on six months leave from April to September 1903 and during his absence Lieutenant R. J. C. Burke acted as second-in-command in addition to his duties as Adjutant. Lieutenant Burke continued to be in charge of the post till the arrival of captain T. A. F. R. Oldfield the permanent incumbent of the place who joined his appointment on the 17th November 1903. Changes in the official staff.

Red Coated Risala.

57. The total strength of the Risala was 155 at the end of the year, the cost of which in the shape of pay and allowance was Rs. 28,958. The total expenditure amounted to Rs. 75,673. The conduct of the force was satisfactory. Strength & cost.

Police.

58. The total strength of the Police force in the Principality which is all foot police was 873 at the end of the year against 808 of the previous year. The total expenses of the force amounted to Rs. 80,455 against Rs.77,780. The increase in the number of police and the expenditure is due to the appointment of the temporary force engaged in connection with plague. (For further particulars vide Appendix VI Consecutive Enclosure No. 22). Strength & cost.

59. The total area and population of the Principality are respectively 3165·3 square miles and 9,10,011 souls as shown in appendix III, from which it will be seen that the proportions of area and population to the police force come to 3·6 square miles and 1042 persons respectively to a police peon. Proportions of area and population to a police sepoy.

60. The total number of police force in the Parent State has increased from 558 to 619, owing to the appointment of temporary hands in connection with plague. The force contains of 24 persons holding service lands of whom one is a Fouzdar, two Jamadars, three Naiks and 19 peons. The expenditure increased from Rs. 56,747 to Rs. 59,320 on account of the temporary force. Strength & cost of the force in the parent State.

61. Of the whole Police Force, 172 were able to read and write and 230 were under instruction. Education.

Conduct.

62. The conduct of the Force was satisfactory during the year. The number of punishments decreased from 45 to 36 and that of promotions was 55 against 89. Of 36 persons punished, 5 were dismissed, 28 fined, degraded or suspended and the remaining 3 were judicially dealt with.

Working of the Police.

63. The number of offences reported to the police during the year decreased from 806 to 610 and that of persons arrested from 699 to 457 ; of whom 289 or 63·23 percent were convicted against 494 or 70·67 percent. (For details vide appendix VII Consecutive Enclosure No. 23).

Stolen property recovered.

64. Property valued at Rs. 89,542 was reported to have been stolen during the year, of which 62·07 percent was recovered against 50·1 percent of the last year. The percentage of the State proper was 58·58 against 52·28. (For further details vide Appendix VII Consecutive Enclosure No. 24). The year's work of the force would appear to be excellent in all respects.

Cognizable and Noncognizable offences.

65. The number of crimes of all descriptions, reported to have been committed during the year has gone considerably low *viz* from 3,748 to 3162. The number of persons put upon trial was 6,154 against 6,360, of whom 1,194 or 19·3 percent were convicted while 1,111 or 18·05 percent remained awaiting trial. 8 of the convicted were sentenced to transportation and 4 to capital punishment. (For further particulars vide appendix IX Consecutive Enclosure No. 25).

Municipalities.

Municipalities

106. The number of municipalities in the Principality was the same as that in the preceding year viz 9.

Receipts and expenditure.

107. Mr. Narayan Shivaram Bapat, Munsiff Karvir, continued to be Ex-officio President of the Municipality during the year under report. The balance at the beginning of the year was Rs. 17,608 and the total receipts from all sources amounted to Rs. 62,579 against Rs. 52,243. The increase was mainly due to the sale of night soil manure which remained unsold during the last year. The expenditure incurred during the year was Rs. 56,076 against Rs. 51,102 of which Rs. 36,574 were spent on lighting and conservancy, while Rs. 5,860 and Rs. 6,393 respectively on Establishment and Public Works. The increase in the expenditure is attributable to the payment Rs. 5,366 to the Darbar a moiety of the amount of expenses incurred by the latter in the city in connection with the first advent of plague in the year 1900. The closing balance was Rs. 24, 230 against Rs. 17,608.

District Municipalities.

Receipts and expenditure

108. The receipts and expenditure of the several District Municipalities are given in the subjoined table:—

109. The decrease in the expenditure of the Vadgaon Municipality is due to a sum of only Rs. 1,000 being contributed towards the State loan drawn for the construction of Vadgaun Water works against Rs. 7,120 in the preceding year. That of the Hatkalangda Municipality is due to no expenses being incurred during the year on the construction of a well as in the last year. The increase in those of Katkol and Malkapur Municipalities is attributable to greater sums having been spent on public works and water supply during the year. The decrease in the expenditure of Ichalkaranji Municipality was due to less amounts having been spent on Establishment and Conservancy.

110. In the following table expenditure of the Several Municipalities under different heads has been compared with that of the preceding year.

Plantation.

Coffee plantation.

115. Coffee was planted in Panhala and Bhudargad Petas during the year under review in 15 acres of land and the produce obtained therefrom was 155 lbs against 361 lbs of the preceding year, the decrease being due to the damage done by locusts to the crop chiefly in Bhudargad peta.

Cardamom.

116. Cardamom was also planted in Panhala and Bhudargad petas in about one acre of land, which yielded an outturn of 12 lbs against 10 lbs of the last year.

State Paddock.

117. There were in all 193 animals in the Paddock at the beginning of the year under review. The number of births was 23 of which 21 were sheep and 2 colts. Besides these 23 were either admitted for breeding and rearing purposes or received from other departments. Of the total number *viz* 239, 4 were killed, 21 died, and 122 were transferred to other establishments of the Darbar. The number of animals remaining at the close of the year was 92, of which 17 were mares, 1 pony, 10 colts, 7 Fillies, 1 Mule and 56 sheep. The Paddock was visited this year by H. E. Sir J. Monteath the Acting Governor of Bombay during his trip to Kolhapur in the month of October 1903. It was also visited by H. H. the Raja of Devas and several other chiefs and gentlemen. His Highness the Maharaja and Colonel Ferris the Political Agent pay occasional visits to the Paddock and take a deep interest in its management and breeding operations. State Paddock.

Agricultural Stock.

118. The agricultural stock during the year under report is compared in the following table, with that of the preceding year in the Kolhapur Principality:— Agricultural stock.

District	Year	Horses and Cattle									Ploughs		Carts	
		Bullocks	Cows	Buffaloes Male	Buffaloes Femal	Horses	Mares.	Colts and fillies	Asses	Sheep and goats	With two bullocks	With four bullocks	Riding carts	Carts used in carrying loads
Kolhapur Principality.	1902-1903	* 152710	108006	56619	82933	2134	1653	692	1530	177997	40777	14230	1156	17131

* The figure 1,72,710 was incorrectly inserted in the last year's report instead of 1,52,710 which has been now corrected.

Veterinary Dispensary.

119. The total number of patients treated in the Dispensary was 1,228 against 936 of the last year; of these 78 were treated as in-patients and the rest as out-patients. Of the total number of patients there were 141 horses, 538 bullocks and cows, 339 buffaloes, 17 sheep, 189 dogs and 4 other animals. 369 of them were relieved, 486 cured, 7 died and 12 were incurable; the result of 354 was not known. 25 operations of castration were successfully performed during the year. There prevailed foot and mouth disease amongst the cattle during the year and hence there was an increase in the number of patients treated in the dispensary.

Prices.

120. The prices of the staple food-grains for the month of March 1904 are contrasted with those in 1903 in the following table:—

Article Per maund of 82 lbs.	March 1903.			March 1904.		
	Rs.	a.	P.	Rs.	a.	P.
Rice Per maund ... 1st sort ...	3	11	4	3	6	4
Rice Per maund ... 2nd sort...	3	5	11	3	3	...
Wheat Do.	4	1	2	2	12	9
Tur Dall Do.	3	15	8	3	9	3
Gram Do.	3	13	6	2	15	9
Jwari Do.	2	....	5	1	9	5
Bajari Do.	2	1	3	1	8	6

From the above it will be seen that prices of all the articles have considerably gone down during the year under report.

Labour and Wages.

Unskilled labourers.

121. The number of unskilled labourers in the Principality was 60,000 in round number of whom 30,000, 18,000, and12,000, were respectively males, females, and children. The rates of daily wages varied from one anna to four annas. The labourers were able to find sufficient employment near their homes.

Skilled labourers.

122. The number of skilled labourers was about 20,000. The rates of their wages varied from four to twelve annas. They could also get employment in the Principality.

Trade.

Chief trade centres.

123. The number of trade centres or market towns during the year was the same as last year viz 16, the names of which are given below:—

1 Kolhapur.	9 Wadgaum.
2 Shahupuri.	10 Gad-Hinglaj.
3 Sangrul.	11 Malkapur.
4 Panhala.	12 Kapshi.
5 Kodoli.	13 Mahagaon.
6 Male.	14 Murgud.
7 Sarud.	15 Ichalkaranji.
8 Chanwad.	16 Uttur.

Chief exports.

124. The principal commodities of exports in the Principality are Cotton, Tobacco, Jagree, Rice, Jwari, Gram, Wheat, Hemp, Nagli, Chillies, Tur, Peas, Turmeric, Ground-nut and Coriander. Enormous trade transactions are reported to have been done at the new market at Shahupuri.

Manufactures.

Principal manufactures.

125. The principal manufactures of the Kolhapur Principality are weving Cotton, Oil pressing, weaving blankets, pottery and making Sugar and Jagree.

126. The subjoined statement shows the approximate value of articles manufactured, their sale in, and exportation from the principality:—

Names of articles	Value of articles made.	Value of articles locally sold.	Value of articles exported.
	Rs.	Rs.	Rs.
Cloth prepared by weavers	1,63,800	65,300	98,500
Blankets	43,600	23,100	20,500
Earthen pots	38,300	25,400	12,900
Sugar (Yalgudi)	50	20	30
Jagree or dry molasses	7,73,300	1,88,300	5,90,000
Oil	66,500	33,700	32,800
Dying of Silk	32,000	16,000	16,000

127. The articles of manufacture are almost the same as last year. The places of export of agricultural products are:—Nipani and Daddi in the Belgaum Collectorate; Chiploon, Rajapur, and Sangmeswar in the Ratnagiri Collectorate; chief towns in the S. M. Country such as Sangli, Miraj and Jamkhandi; Athni, Poona and Bombay.

Special Settlement Work.

Spl Settlement work.

128. The total number of reports submitted to His Highness in connection with the settlement work upto the end of the last year was 134, of which 105 have been disposed of, leaving a balance of 29 at the close of the year. Only one case remained pending inquiry with Mr. Joshi the Mamledar of Alte to whom the work has been entrusted.

Forests.

Reserved and Protected forests.

129. The areas under Reserved and Protected Forests at the end of the year under report were respectively 341 and 182 square Miles against 340 and 181 square miles of the last year.

Forest settlement.

130. During the year the work of settlement in villages 18 was completed while the same in 40 villages remained to be completed.

Area disforested

131. 256 acres of forest land in the villages of Khadule and Kirve in the Panhala Taluka were disforested and transferred to the Khasgi Department.

Forest offences.

132. The total number of forest offences was 104 against 74 of the last year of which 5 were sent for trial in Criminal Courts and the rest were dealt with departmentally according to the Forest rules. The amount of fines imposed in cases disposed of departmentally was Rs. 647 against Rs. 563. There were in all 36 cases of Forest fires and the area burnt by them was 1,762 Acres. The damage resulting from the fires amounted to Rs. 104. With a view to gaurd the ghat boundary forests more effectively the appointment of a special temporary establishment of 8 foresters has been sanctioned by His Highness.

Plantation.

133. The number of nurseries maintained during the year was 7 against 6 of the last year. A new nursery has been started at Bakood in Raybag Mahal. The number of seedlings raised during the year was 19,302 which with the last year's balance of 7,885 made up a total of 27,187 seedlings. The total cost of maintenance was Rs. 688. 13,762 seedlings were transplanted during the year of which 6,462 were from nurseries and the rest from among the selfgrown. Cost of the transplantation was Rs. 15. As there is a great demand for the aloe fibre at present, the plantation of aloe was carried on, on a larger scale during the year of report. It was planted along a length of 30,800 running feet of forest boundaries against 9,300 feet. The income of the leaves was the same as last year viz. Rs. 110 as the contract for cutting the same has been sold for successive five years.

Rosha oil.

134. 75 seers of Rosha oil were manufactured during the year departmentally against 711 seers of the last year. The market being very dull last year's oil still remains to be sold and so no more oil was manufactured during the year.

Out turn of hirda crop.

135. The outturn of hirda crop during the year under review was the highest on record viz 25,664 Khandies against 2,115. The income of the same increased from Rs. 13,254 to 1,87,772.

Financial results.

136. The total receipts of the Department during the year were Rs. 2,01,786 against Rs. 27,715. The expenditure on conservancy and the establishment charges were respectively Rs. 1,12,355 and Rs. 18,046 against Rs. 12,331 and Rs. 18,009. The net profit of the year was Rs. 71,385.

Tea plantation.

137. A few tea plants (10 in number) were experimentally planted at Borgaon before three years. These are in healthy condition. For tea plantation on a larger scale the appointment of three practical tea planters from the Kangru valley District has been made and they have commenced their work at Bagalwadi in Bhudargad Peta and Jeur and Borgao in the Panhala Peta.

Public Works.

Expenditure on Public Works

138. The following table shows the total expenditure incurred during the year on original works and repairs:—

Kolhapur State Railway.

Receipts and Disbursements.

139. The gross receipts, disbursements and balances *i. e.* the net earnings of the State Railway during the last four years will be seen from the subjoined statement:—

Years.	Gross income.	Disbursements.	Balance.	Remarks.
1900–1901	1,17,384	76,815	40,569	
1901–1902	94,848	66,532	28,316	
1902–1903	1,02,955	64.933	38,022	
1903–1904	1,42,042	82,343	59,699	

140 The personal interest which His Highness takes in the extension of trade and the special facilities afforded to traders in the newly established suburb of shahupuri near the railway station have given great impetus to trade and there are signs that Kolhapur may at no distant date be a fairly great trade centre.

CHAPTER V.

FINANCIAL REVIEW.

Revenue and Finance of the Kolhapur State (Proper).

141. The Financial condition of the State (Proper) for the Fasli year 1313 ending 6th June 1904 is given in detail in two tabular statements showing receipts and disbursements separately at the end of this report (Vide Consecutive Enclosures Nos. 32 & 33). Corresponding figures for the previous year have been therein given for the sake of comparison and important variations are explained in the columns of remarks. Financia condition.

142. Three abstract statements 1st showing the opening and closing balances and 2nd & 3rd showing receipts and expenditure under four principal heads viz :—(1) General, (2) Judicial, (3) Revenue and (4) Military of the Kolhapur State (Proper) for the year under report and three preceding years, are given below :—The increase and decrease in the items being explained in the Consecutive Enclosures referred to above are not repeated here. 6	Cattle pound proceeds	1,423	1,567
7	Miscellaneous	34,437	32,373
	Total Rs.	1,87,082	1,87,785

The increase under item No. 1 was due to increase of revenue on account of the application of the rates of the Revision Survey settlement. The variations in other items need no explanation as they are fluctuating.

Opium.

Purchase and sale.

144. At the beginning of the year under review, there was a balance of 47 lbs. in the Karvir Mamledar's Katchery and 408 lbs. were purchased during the year. Besides this there was an increase of 4 lbs. on account of the difference in weights and 13 lbs. were returned by the last year's farmer thus making up a total of 472 lbs. for sale. Out of this 379 lbs. were sold during the year against 309 leaving a balance of 93 lbs. at the close of the year. The sale proceeds including those of opium farms amounted to Rs. 4,734 against Rs. 3,176 of the last year. The cost price of the opium imported during the year was Rs. 4,003.

Offences.

145. During the year under report two offences involving 2 persons against the Opium Act were reported to have been committed in the Principality; both the accused were convicted.

Abkari.

The farm to sell country liquors.

146. From the beginning of the year under review Mr. Jemshedjee Hormusjee Cama continued to hold the license to manufacture and sell country liquor in the Kolhapur Principality upto the 11th August 1903. He however, having failed to pay instalments of revenue according to the agreement his license was cancelled and the farm was managed departmentally. The departmental management continued upto the 15th October 1903 when it was handed over to Khan Bahadur Hormusjee Manikjee Bhivandiwala under a contract to pay annually a minimum amount of Rs. 1,00,000 as guarantee. He continued to hold the license upto the close of the year.

Issue of liquor from the distillery

147. 30,391 gallons of liquor of 25° U. P., were issued during the year from the Kolhapur Distillery. Of these 29,516 against 21,110 were issued for sale in the Principality and 875 gallons against 705 supplied to the Kurundwad State free of duty.

Amount of duty.

148. The sum realised on the quantity of liquor issued from the distillery amounted to Rs. 1,19,935 against Rs. 81,801 of the preceding year.

Liquor Shops.

149. The number of liquor shops was 159 against 158.

Income from Shindi & Bherlemad trees.

150. During the year under report the license of the Shindi and Bherlemad was sold for Rs. 7,750 against Rs. 9,497.

Offences.

151. During the year 19 offences against Abkari Act were reported to have been committed against 18 of the preceding year. 21 persons were involved in them of whom 13 were convicted and 8 either discharged or acquitted.

Stamps.

Receipts.

152. General stamps of the value of Rs. 21,410 were sold during the year against Rs. 21,985 while the corresponding figures of the court fee stamps were Rs. 45,631 and Rs. 43,304.

153. The amount of stamp duty and penalties realized by the Revenue and Civil Courts on unstamped and insufficiently stamped documents was Rs. 1,403. The contributions received from the Feudatories towards the establishment charges &c. of the stamp office were Rs. 1,391. The amounts realized on account of court fee stamps in pauper suits was Rs. 655 and that from miscellaneous receipts was Rs. 22. Thus the total receipts amounted to Rs. 70,512 against Rs. 69,464.

Expenditure.

154. The total expenses were Rs. 9,032 against Rs. 2,864. The increase was due to the purchase of papers for stamps.

Toll Funds.

Receipts.

155. The subjoined statement shows the amounts bidden at public auctions for tolls levied on the several roads in the Kolhapur Principality during the year under report as compared with those of the preceding year:—

Rs. 190 were granted as remissions. The arrears amounted to Rs. 1,79,883. The increase in the demands was due to the sale of the Abkari farm for a greater amount this year. Demands collections &c.

CHAPTER VI.

Medical Relief and Vital Statistics.

MEDICAL RELIEF.

Changes in the State Medical staff.

160. Honorary Surgeon Dr. George Sinclair was in charge of the State Medical and Vaccination Departments upto the end of July 1903. He then applied for three months privilege leave preparatory to retirement from service from the 1st August 1903, owing to old age. The leave was granted as a special case and he was allowed to retire from the State Service from the 1st November 1903. The Darbar's appreciation of his meritorious services has been thus endorsed in Huzur office No. 327 dated 31 July 1903.

"His Highness is very pleased to express his high appreciation of the long and meritorious services rendered faithfully to the Darbar by Dr. Sinclair for the last 34 years. His Highness has much pleasure to say (that thanks to his unremitting exertions and supervision,) many improvements were effected in the various branches of the Medical Department; and the Department, it is gratifying to note, has all along maintained its high level. His kind and sympathetic treatment towards his patients has really won him a name. Dr. Sinclair, the Huzur hopes, will enjoy his well-earned rest for many a year after doing his duty most conscientiously efficiently." Dr. Gopal. G. Vatve M. D., L. R. C. P., L. R. C. S., L. F. P. S. and L. M. Assistant Darbar Surgeon succeeded him and Dr. Raghunath Vithal Khedkar L. R. C. P., L. R C. S. (Edinburgh) L. F. P. S. (Glasgow) and L. M. (Rotunda) Medical officer Takhtasingji Hospital, Bhavanagar State was appointed Assistant Darbar Surgeon vice Dr. Vatve. Dr. Khedkar joined his appointment on the 17th December 1903. Dr. Vinayak Sadashiv Tengshe L. M. & S. (Punjab) was appointed Assistant Surgeon on the personal staff of His Highness the Chhatrapati Maharaja.

Medical Relief.

161. The amount of relief afforded at the Albert Edward Hospital and the 15 dispensaries in the Principality as also their maintenance charges will be seen from the subjoined table:—

Prevailing Diseases.

162. Excepting a mild out-break of plague the Prevailing diseases have been much the same as in former years viz Malarial Fevers, Diseases of the stomach and Bowels including Intestinal worms, Respiratory and Rheumatic affections, also diseases of the eye and of the skin.

Her Highnesses Ahilyabai and Sakwarbai Deshi Davakhanas.

163. In addition to the above there were in the city of Kolhapur two Dispensaries administering native medicine viz Her Highness Ahilyabai Deshi Davakhana and Her Highness Sakwarbai Yunani Davakhana. From 1st December 1903 the latter was transferred to Hatkalangda, the Head quarter of Alte Taluka where great necessity for a dispensary was felt.

164. The number of patients treated in these institutions and the maintenance charges for this and the previous years are given below :—

	Deshi Davakhana.		Yunani Davakhana.	
	1902-1903.	1903-1904.	1902-1903,	1903 1904,
Average-daily attendance	100	45	55·7	21·7
Number of patients	36,437	29,570	20,344	2,656
Expenditure Rs.	1,249	1,196	977	843.

The fall in attendance is attributable mainly to the prevalence of plague in the Kolhapur city.

Lunatic Asylum.

165. There were in all 18 Lunatics for treatment in the asylum during the year together with the 5 remaining from the preceding year. Of these 9 were supported by their relatives and the rest by the State. Of the 18 treated 7 were cured, 4 improved, 1 died and 6 remained under treatment at the end of the year.

Leper Asylum.

166. The total number of lepers in the Victoria Diamond Jubilee Leper Asylum at Uchgaon on the 31st March was 93 against 99 of the last year of whom 58 were males and the rest females. Their maintenance charges amounted to Rs. 4,724 against Rs. 4,596.

Vital Statistics.

Births & deaths.

167. The birth and death rates of the city and of the Districts are given in the following table:—

Name.	Population.	Births.		Increase.	Decrease.	Deaths.		Increase.	Decrease.	Ratio per 1,000 of population.			
										Births.		Deaths.	
		1902-1903.	1903-1904.			1902-1903.	1903-1904.			1902-1903.	1903-1904.	1902-1903.	1903-1904.

168. It will be seen from the above that there was an increase in the death rate in the districts which was chiefly due to the prevalence of plague in almost all the parts of the principality during the year. The falling off in the birth rate in the city was due to its evacuation for a longer period on account of plague.

The death rate among the Hindus including the Jains was 49·5 against 43·1 that among the Mahomedans 59·1 against 69·5 and that among the Christians 15·5 against 10·7

Causes of deaths.

169. The following table will show the principal causes of deaths as compared with those of the preceding year :—

Total...	40,118	45,365	5,247	...

Of the 277 deaths from injuries, 186 were caused by drowning, 5 by wild beasts and 36 by snake bites.

Epidemics.

170. With the exception of plague there was no other serious epidemic during the year under report. Plague revisited the city of Kolhapur as well as every Taluka and Mahal under the State about the middle of October 1903 and prevailed more or less upto the end of the year causing 30,356 attacks and 22,362 deaths.

Vaccination.

Vaccine operations.

171. The number of operations and their results are shown in the subjoined table from which it will be seen that there has been an increase of 1,765 operations during the year under report. The birth rate has shown a little increase this year over that of the previous year and has nearly reached its normal standard of 31 per thousand of population. Difficulties experienced in obtaining children for vaccination during the last 5 or 6 years still continue but to a less extent.

Expenditure.

172. Of 21,252 operations, 18,513 were primary and 2,739 secondary. The result of 109 primary and 245 revaccination being not known, they are not taken into consideration. The success of primary vaccination and that of revaccination was respectively 99.3 and 86.5 percent. The total expenditure on vaccination amounted to Rs. 5,473.

Animal vaccination.

173. The animal vaccination was carried on for several months at most of the large centres of the Principality during the year under report. The extra expenditure incurred on this account was Rs.732 against Rs.417.

Inspection work.

174. The Darbar Surgeon inspected 287 against 165 towns or villages, travelled 670 against 441 miles and inspected 4,768 against 3,661 children; the Assistant Superintendent of vaccination and sanitation inspected 331 against 318 villages, travelled 1,949 against 2,215 miles and inspected 7,099 against 8,095 children.

Quality of Lymph.

175. The quality of Lymph and of the work performed by almost all the vaccinators was generally good.

CHAPTER VII.

EDUCATION.

The number of Schools and Scholars.

176. The total number of schools maintained by the State to-gether with those of Feudatory Estates as well as aided indigenous ones was 250 against 244 and that of scholars attending them was 8,823 against 8,726 as will be seen from the following table :—

177. From the above it will be seen that there has been an increase of 6 schools during the year under report. Private High School was registered this year for grant in aid according to rules and 5 of the aided schools that remained closed on account of plague at the end of the previous year and were not taken into account have been this year included in the number.

Schools and Scholars in the Feudatory Estates.

178. The following table will show the number of schools and scholars in the Feudatory Estates as well as the amounts of expenditure incurred :—

(1) Rajaram College and High School.

Divisions.

181. This institution consists of two divisions :—

(*a*) Rajaram College.

(*b*) Rajaram High School.

Rajaram College.

University results.

182. 25 students from I. E. Class appeared for the Examination this year against 23 in the preceding year, of whom 14 against 11 passed while 57 against 43 appeared for the Previous Examination; of whom 25 against 18 were successful. Of the successful candidates 8 stood in Second Class of whom 3 were in Intermediate Examination and 5 in Previous Examination.

Rajaram High School.

Attendance.

183. The daily average attendance was 229 against 219 of the last year. The actual number of students on roll on the 31 March 1904 was 69 owing to the Matriculation class being alone open. The first six standards were closed on account of plague from 5th January 1904 to 3rd April 1904 the attendance on the last day *i. e.* 4th January being 160.

Matriculation Examination results.

184. 56 against 67 students were sent up for the Matriculation Examination, of whom 28 against 32 passed. The Sir Lee Grand Jacob Scholarship was won by a student of the High School named W. B. Shrikhande.

Results of the lower Standards.

185. The results of the Annual examination of I to VI standards were fair, 85 out of 245 or 34.7 percent of those presented for the examination, were successful.

Drawing class.

186. 201 students were studying Drawing of whom only one could appear for the 1st grade Drawing examination held in April 1904. This is partly due to the fact that owing to plague the students had left the city for their homes in the mofussil and partly to the prohibitive expenses which they are required to incur for instruments for Geometry which subject has lately been included in the Examination.

Agricultural class.

187. 23 students were studying agriculture of whom 4 appeared for the 1st year's course examination held by the Principal, Science College Poona. All of them passed each obtaining no less than 55 percent of the total number of marks. The credit for the excellent result is due to Mr. Marathe the agricultural teacher.

Model Farm.

188. The range of crops grown on the Farm during the year under report was almost the same as in the previous year. Sugar-cane was grown in two plots as in last year. The peculiarity of the bone manure was that it encourged every shoot to grow. The consequence was that the crop grew too thick and hence was a little less productive. That was not the case in a plot with pogamia cake which contains more nitrogen. It developed all shoots properly which naturally survived. If therefore sowing were made rather thin and both these manures were applied, there will be a great economy in the production of this crop. This experiment will be again repeated in the next year. Groundnut from America which was introduced on this Farm in 1901 grew well. The oil producing capacity of this crop was found to be gradually on the increase. Colonel Ferris Political Agent Kolhapur and S. M. Country who takes special interest in agriculture was kind enough to supply the Darbar with different seeds of yellowish white sweet potatoes and tobacco from America and of cotton variety (देव कापूस) growing here and there in this district. All these seeds were given trials on this Farm. Along with the foreign sweet potatoes ordinary red sweet potatoes of this district were also grown. The red variety was found to yield more than the new but it was not so sweet as the latter. The actual expenditure on the Farm was Rs. 860 against Rs. 863 and the income obtained from the sale proceeds was Rs. 1,210 against Rs. 1,199.

Physical Education.

189. The physical education has been properly cared for as in previous years. Mr. R. B. Jijina the Gymnastic Instructor has been on privilege leave preparatory to retirement and two Gymnasts Messrs Kate and Parte have been appointed in his place.

(II) Primary and Secondary Schools.

Examination work.

190. In the year under report 157 schools and 4,316 scholars were examined in Kolhapur (Proper), Bavda and Kagal against 151 Schools and 5,542 scholars in the preceding year.

191. The number of young Sardars and children of better class parents undergoing instruction in the Anglo Vernacular and Vernacular schools was this year 26 against 7 in the previous year. Children of nobility.

192. Arrangement has been made to teach drawing in all the Vernacular schools in the city. Drawing.

193. Physical education was also this year well attended to as in preceding years.

(III) Jaysingrao Ghatge Technical School.

194. The attendance and expenditure incurred on this school for the year under report as contrasted with those of the preceding year are shown in the 1st and 3rd tables given at the beginning of the chapter. Attendance & expenditure.

195. On account of the prevalence of plague in the city of Kolhapur no student could appear for any Drawing examination during the year under review. Drawing.

196. Carpentry and Brass and Iron work are also taught at the school. There were in all 22 candidates learning carpentry of whom 4 were Brahmins, 15 Marathas and 3 of other castes. 18 students were learning Brass and Iron work of whom one was a Brahmin, 5 Marathas, 7 Mahomedans and 5 of other castes. The annual examination was conducted in the month of August 1903. 26 students appeared for the examination of whom 24 were successful and only two were unsuccessful. Subjects taught.

197. During the year Rs. 1,161 were spent on scholarships and stipends, and the amount realized from the sale of the articles prepared in the school was Rs. 1,715. The expenditure for new articles and repairs amounted to Rs. 1,542. The net profit thus came to Rs. 173 or 11·21 percent. Receipts and Expenditure.

198. The school was visited during the year by His Excellency Sir James Monteath, Acting Governor of Bombay, in the month of October 1903. Colonel W. B. Ferris Political Agent, Captain Oldfield Assistant Political Agent, Mr. John Jolly M. E. also paid visits to it. Visits.

(IV) The Education of Mahomedans and Low Castes.

199. The numbers of schools teaching Urdu standards and of the Urdu classes attached to the Vernacular and Anglo Vernacular Schools were the same viz 6 and 6 having an attendance of 334 pupils. The total number of Mahomedan pupils studying in the State Vernacular and Anglow Vernacular, aided and unaided schools was 600 against 429 of the last year. The number of Low Caste Schools was 7 and that of the students attending them was 288 against 277. Number of Urdu and Low caste Schools & their attendance.

(V) Unaided Private Schools.

200. The number of such schools and that of scholars attending them was 26 and 363 respectively. Attendance.

(VI) Public Service Examinations.

201. 12 against 5 candidates appeared for the 2nd Grade Public Service Examination of whom 9 against 2 passed while 143 against 170 appeared for the 3rd Grade Public Service Examination of whom 84 against 76 were successful. Public Service Examinations.

CHAPTER VIII.

MISCELLANEOUS.

WILD ANIMALS.

Destruction of wild animals and rates of rewards.

202. The rates of rewards fixed for the destruction of wild beasts and venomous snakes remained the same as before.

203. One tiger and 13 snakes were killed during the year and the rewards given for them amounted to Rs. 19-10. Besides these His Highness and party Jahagirdars and European gentlemen fond of hunting killed several wild beasts during the year.

REPORT ON THE GENERAL ADMINISTRATION OF THE KOLHAPUR PRINCIPALITY FOR THE YEAR 1904-1905.

PART II.

CHAPTER I. (Political.)

The year under report was eleventh in succession of the Personal Administration of His Highness Sir Shahu Chhatrapati Maharaj G. C. S. I., G. C. V. O., LL. D. &c. Maharaja of Kolhapur. The material progress of the principality was not so good as last year owing to the untimely and insufficient rainfall during the year.

H. H. the Ranisaheb Maharaja's pilgrimage to Benares.

2. Her Highness Sakwarbai Ranisaheb Maharaj, His Highness' grand mother, went on a tour of pilgrimage to the holy city of Benares on the 9th of September 1904 and returned to Kolhapur on the 12th of November 1904. During the tour Her Highness visited many other important holy places such as Allahabad, Ayodhya, Haridwar &c. The pilgrimage proved very beneficial to Her Highness' health. It was rendered comfortable by the arrangements made by the British authorities concerned, at the request of the Political Agent Kolhapur and S. M. Country. The Darbar feel glad to express here their sense of obligation to all these officers for their kindness in looking after the convenience of Her Highness the Rani Saheb Maharaj where-ever she stopped.

Visit of H. E. the Governor of Bombay.

3. During his official tour in the Southern Districts of this Presidency His Excellency the Right Honourable, Lord Lamington, Governor of Bombay accompanied by his military and Private Secretaries and two aides-de-camp paid a short visit to Kolhapur in the month of October 1904. His Excellency with his party arrived here on Sunday the 2nd October 1904 in the morning by a special train. On alighting from the train His Excellency was received by His Highness the Maharaja, the Political Agent and his staff and the Feudatories and principal officers of the state. The day being Sunday His Excellency took part in no official functions but in the afternoon drove to the Albert Edward Hospital, Town Hall and many other public buildings in the town accompanied by his staff and the Political Agent. The next morning formal official visits were exchanged between His Highness and His Excellency. After his visit to His Highness His Excellency drove to the Rajaram College and High School and presided over the prize distribution ceremony of the institution. The Principal Mr. A. S. Lucy opened the proceedings by thanking His Excellency for having kindly consented to come down to present the prizes. He then read the annual report on the working of the institution on which His Excellency was pleased to make the following observations:—

"Your Highness, Ladies, and Gentlemen,—As the Principal mentioned in his report, this is the first time I have visited one of the Native States of the Presidency, and I think also it is the first time that I ever attended a meeting in India in connection with an educational establishment that has been conducted under auspices quite apart from the control of the Government of Bombay. Therefore it has a special and peculiar interest to me, for I am great believer in work that is done outside of Government control. And I am glad to have heard a report read out to day, which testifies, as I understand it, to the very fair success attained by various students going forth from these college walls. I hope that by their assiduity and constancy in work in the future they will justify to a yet greater extent the pains taken to give them the mental equipment

necessary for them to hold their own when they go forth into the larger world. I think there is one very interesting side light that shows that the students do take interest and pay attention to the training given them, from the incident alluded to by Mr. Lucy when he said that though a great many of them lived during the worst of the plague in the segregation camp they were still very regular in their attendance at lectures. I am very glad to have the opportunity of hearing these recitations, which were, I consider very well given. They were not by any means easy subjects as they were spoken. I think with a thorough understanding and appreciation of what the words were intended to convey. Only one little criticism occurred to me. Two reciters seemed to speak when inhaling their breath and I may tell any one that not only is it impossible to speak distinctly when inhaling, but also it is far less fatiguing to deliver your remarks on your breath, and also, incidentally, it helps to develope the physique to take a full breath and speak on it. The report also informed us what had been done in the technical school, and I had the satisfaction of paying the school a visit this morning early with his Highness. I certainly may say I was quite unexpecting to see the very up-to-date methods that pertain in that institution. Also I saw what was being done and what had been done by pupils there. This afternoon, I believe, I am to be allowed to see the agricultural farm that is mentioned in the report, and I shall take great interest in seeing what are the methods of teaching agriculture there and also I hope to hear in the future as to what part in agricultural progress these pupils take who have received training and have attained success at the agricultural school, and it will be interesting to see whether they are able to apply in their own lines the training that they have received and the education that they have been given in agricultural matters. It is certainly very satisfactory to learn the great numbers that attend the High School, and also the large increase of numbers that come to the college. Mention has been made of the boarding school in which His Highness takes so much interest. The Maratha boarding school, has for its object the education of the backward classes. It is not long ago that I had a petition in the interests of one of these backward classes which pointed out the disabilities under which they labour in life, and I do not believe any greater philanthropic work can be undertaken by anybody in high position than to try and do something to give a better start to those who are thrown out of the ordinary organisation and employments of life. There is one other subject of which I should like to make mention in reference to the progress of this college. As most of us who are here assembled must be aware, this college was started not only on behalf of the State of Kolhapur, but also on behalf of the Feudatory States grouped around. And I believe up to the present time many students who come within its walls come from those Feudatory States. The basis the whole idea of the origination of this institution was on the understanding that there should be contributions and support given by the Feudatory Chiefs. For one reason and another, since about two years ago that support has been withheld, but I would appeal to the chiefs that though there may be no absolutely binding agreement, yet I understand this college would never have been established unless it was understood that it would be maintained with the co-operation of the Feudatory Chiefs. So I should consider that there rests a solemn obligation upon them, if they can, to further support the interests of this college. At the same time I recognise that those who are able to give these contributions no doubt may say we should like to have some control or some voice in the affairs of the college. And, therefore, I think they might quite well represent that they should be given opportunities of being consulted and that there might be a consultative committee in regard to the affairs and working of this institution. I do not say they should have a share in the direct control but if they renew their contribution I do not think it would be out of place that there might be formed a consultative committee of these who give assistance. I think the example of His Highness the Maharaja should be an incentive in this direction when we consider the liberality with which he has maintained the college. Five percent of those attending the college and five percent of those attending the High School have all fees remitted. When you remember all he had done for that

Maratha Boarding School, to which I have already alluded, I think he does indeed set an example to all those who are able to do so in the vicinity that they should give likewise in the interests of education. With these remarks I can only express my appreciation of being present on this occasion, and also I thank you here for the kindness with which you have received me in your midst." After this His Excellency distributed the prizes and the proceedings terminated with the presentation of flowers.

In the evening His Excellency was entertained at a state Banquet at the New Palace. His Highness came in after the dinner and proposed the health of His Most Gracious Majesty the king Edward VII, Emperor of India. The toast having been enthusiastically honoured His Highness next proposed the health of their Excellencies Lord and Lady Lamington. The following is the text of His Highness's speech;—

"I think, Your Excellency, this is the first Native State you have visited, since your assumption of the Governorship of Bombay, and while I feel proud of the honour done to me I am most grateful to Your Excellency for it. Happy as I am with the honour you have done to me, that happiness, I am sorry to have to say is not quite unalloyed. I am sure, ladies and gentlemen, you all sincerely regret, as I do the absence of Her Excellency Lady Lamington. Her genial presence we sorely miss on this joyous occasion; we all looked forward very much to have the pleasure of meeting Her Excellency and her absence is a great disappointment to me and more so to my wife and children. I need hardly say however, how very pleased I am to welcome Your Excellency to my capital. It gives me all the greater pleasure to do so as the recent rains have allayed all anxiety regarding famine or even scarcity. The land is now smiling with verdure on all sides and the bright outlook has cheered the cultivators. We may now fairly expect an average crop if not a plentiful one and banish from our minds all gloomy anticipations for the future. Unluckily plague is our annual visitor. But fortunately for Kolhapur its ravages so long have been on a moderate scale. As by the grace of Providence the much dreaded famine has been averted, in the same way let us hope we may ere long hear the last of this fell epidemic. Your Excellency has no doubt seen the best part of my small capital and the experience of my trip to England and other civilised countries of the West enables me to say from personal knowledge that it is nothing to the magnificient cities which adorn that part of the world. We can never hope to attain their wealth or splendour, but let me assure Your Excellency that so far as loyalty and friendship to the British crown go we shall yield to no city in the vast British Empire. I have already expressed how proud and grateful I feel that Your Excellency has honoured me with a visit in the first year of Your Excellency's career, and I trust it may not be considered presumption on my part if I venture to hope for a repetition of the honour, and that on the next occasion Her Excellency Lady Lamington may be graciously pleased to accompany you. In conclusion, Ladies and Gentlemen let me request you to drink to the health of their Excellencies Lord and Lady Lamington."

This toast met with a hearty response. His Excellency Lord Lamington in reply said:—

"Your Highness, Colonel Ferris, ladies and gentlemen I naturally in the first place desire to express to His Highness my warmest thanks for the kind words in which he has proposed my health, and also for the splendid repast he has given me this evening and for the kindness and attention he has shown me ever since I arrived at the Railway Station at Kolhapur. Certainly nothing could be more pleasant to one in my position than to think of all these evidencies of loyal attachment given to myself as coming here in the capacity of Governor of the Presidency of Bombay and to have this evidence in such variety of form; in the various decorations and in the reception accorded

me here on returning the call of His Highness; in the brilliant illuminations we witnessed on driving up to this palace this evening, and in many other ways. I cannot imagine a more loyal or brilliant welcome being given to any Governor. I fully concur in the expressions of regret that have been given expression to by His Highness that I am not accompanied by Lady Lamington on this occasion, but I can only say this regret is equally, or even more greatly shared by her Ladyship, and if she could have come here I know it would have been a pleasure to her and I know when I give her an account of the reception that has been given me her regrets will be more intensified. I am glad to have the assurance from the Maharaja that there is no fear of famine in his dominions, and certainly so far as I could judge in coming to his territory yesterday in the train I noticed how green and fair his part of the country looked as compared with other parts through which I travelled. Famine and plague have visited, unfortunately this part of the Presidency just as these two visitations have put back the presidency in other parts, and I can only hope that as famine, at all events for the present, has disappeared so also the ravages of plague may in future cease. I imagine that even those who are not possessed of a vivid imagination-any one who considers what has been the history of this country of Kolhapur in the past must appreciate the enormous change of, I might say the livelihood of people living in Kolhapur, as compared with the events of history of hardly half a century ago. At all events there must be many living in Kolhapur who can recollect the history of the place when it was one of turbulence, and I might say dissatisfaction. What a contrast it is to any one coming here today. That may be in great part, in fact no doubt it was in its inception, owing to the influence of British Government. I need not go through the annals of what has taken place during the past 60 or 70 years in Kolhapur. But whatever the British Government and administration have done for Kolhapur in the past at all events it has been thoroughly carried on by His Highness since he has been here. I think the selection of Government in choosing him to rule here has been more than justified. Many who have to take up an administration that has been conducted by British authority during their minority and conducted well and thoroughly, when they are placed in a position of responsibility have from time to time perhaps allowed improvements to lapse, at all events have made no effort to create further improvements. But I do not think any body who has been at all interested in the history of Kolhapur since the Maharaja has come to power will say that this has been his conduct of affairs. He has not only carried out and continued the policy inaugurated by the British Government, but he has also created improvements on his own part. I had heard this before my arrival, but even during my short stay I have had the pleasure of seeing the good work that he has undertaken and which no doubt he will always carry on. I could not possibly recapitulate—it would be wearisome on an occasion like this—all I have seen. But not only in connection with the town of Kolhapur itself but in the whole of the district he has made improvements by the roads he has constructed, which perhaps are not strictly remunerative, or do not give any increase to his revenue, but must surely conduce to the convenience, comfort and prosperity of all those who live in Kolhapur State. I must make special reference to the hospital that I saw yesterday. Without any undue compliment I certainly do not think I have ever seen any better hospital since I arrived in the city of Bombay and I was particularly struck by the interest and knowledge of all details by those who were in charge of that hospital, and I say this quite irrespective of sex. Also I have had the satisfaction of going through the gardens that surround the Town Hall. There, again, I certainly have not seen any garden better maintained or kept up. And so I might go on. I take the general appearance of the town. It seems to be clean and well kept and also I was struck by the demeanour of the inhabitants of Kolhapur. It seemed to me they had distinct expression of contentment, satisfaction, and joyousness on their faces, and that I attribute entirely to the benign rule of His Highness. (applause) Well I will not continue my survey of all that I have seen and all that I have visited since I have been in Kolhapur. This morning I had occasion to compliment His Highness upon the—I might almost say lavish—care he has bestowed

upon education. I think he is almost over generous in some respects; that he does not perhaps insist on people doing all they can to help themselves. He is almost too generous and one of the things I have learned in life is that people never take full advantage of what is given them unless they make some sacrifice on their own part. However I think every body will agree that if this is fault on the part of His Highness it is a fault in the right direction. This afternoon I had the pleasure of seeing what is being done by His Highness in the way of improving the breed of cattle and of horses and also I know he takes great interest in agriculture generally. In these matters I know, too, that he has the cordial cooperation of a gentleman who has done him good service, of Colonel Ferris -(applause)- and I am sure His Highness will say he has had in him a very warm supporter and loyal advocate of all his various schemes. One very pleasing feature of my visit has been the opportunity which it has given me of meeting the Feudatory Chiefs of Kolhapur. As His Highness remarked in proposing my health, it is the first time I have had occasion to pay a visit to a Native State. At all times comparisons are odious, and therefore on the present occasion I refrain from making comparison. What will be my future lot I do not know, but I think His Highness has set me on this visit so high a standard by which to judge possible future visitations to other places that it may be more difficult for me to make any allusion to the Government of those states. But at any rate it has been a very pleasant augury for my visits to other states that this my first visit to one of them should be so satisfactory to me as exemplifing what I believe to be the happy condition of those who live in the state of Kolhapur. I only now again express my most cordial thanks to his Highness for the kindness he has shown to me and also repeat how very sorry I am that Lady Lamington is not present. But His Highness has held out a possible remedy for this last misfortune by saying I may come here again on a future occasion (hear hear) and if that is possible I will do so with the greatest alacrity, and I shall take very great care to be accompanied by Lady Lamington. I now wish to ask the company here to drink to the health of His Highness the Maharaja, and I have I think already said enough of his good works to justify your responding to the toast with the utmost heartiness. There is one other subject I just wish to mention, and that is that as you may be aware, there is some general idea of increasing the Imperial service Troops scheme. But long before any such idea had been ventilated His Highness had come forward of his own accord to make a proposal that his present forces should be converted into troops which should take their place amongst the ranks of other Imperial Service troops in the Empire. I think it is quite right I should make allusion to this. Because I think it is an undoubted proof of his loyalty to the British Empire. (hear, hear) I now ask you to drink the health of the Maharaja and to give him a most hearty cheer." His Excellency then led three cheers for the Maharajah which were heartily given, his Highness's health being drunk with great cordiality.

H. H. the Maharaja then said:-"Your Excellency-I thank you most sincerely for the kind terms in which you have proposed my health, and you, ladies and gentlemen for the equally kind manner in which you have responded to the toast"

After dinner a reception of the Feudatories, officials and other gentlemen was held. About a quarter to eleven His Excellency accompanied by His Highness and the Political Agent drove to the station where His Excellency after bidding good-bye to His Highness, Colonel Ferris, the Feudatories and other gentlemen on the platform, got into the special train which left for Gokak at 11-15 P. M.

Visit of H. H. the Rajesaheb of Dewas.

4. His Highness Tukojirao Powar, Rajesaheb of Dewas (Senior Branch), the would-be son-in-law of His Highness the Chhatrapati Maharaja came on a visit to Kolhapur on the 27th May 1905 and after a stay of about a month returned to Dewas in the month of June 1905.

Darbar held at Kolhapur on the 2nd of January 1905.

5. With a view to clearly explain to the Feudatories their position in respect of His Highness the Chhatrapati Maharaja, as modified by the Kharita of His Excellency Lord Northcote, late Governor of Bombay, it was thought desirable to hold a Darbar of all the Feudatories, principal Sardars and Officers of the State and other respectable gentlemen. The Government of Bombay approved of this idea. Accordingly invitations to all the Feudatories to attend the Darbar were issued. The date fixed for the Darbar was Monday the 2nd January 1905. The Darbar was ordered to be held at 3-30 P. M. at the New Palace, Kolhapur, at which all Feudatories and principal officers of the State and gentlemen of the town were present. At 3-45 P. M. His Highness the Chhatrapati Maharaja Saheb with his suite entered the Darbar Hall in *Khadi Tajim*, and occupied *Sinhasan* placed on the dais. A salute of 19 guns was fired from the state saluting battery. His Highness then commanded his Diwan Rao Bahadur R. V. Sabnis to address the assembly on his behalf which he did as follows :—

" Our Feudatory Jahagirdars, Sardars and Gentlemen, most of " you are already aware that His Excellency Lord Northcote by his Kharita of " 17th June 1903 restored to us the entire residuary jurisdiction over our feuda- " tories there-tofore exercised and exercisable by the Political Agent and conse- " quently we have the right to exercise all the criminal powers of a High Court " allowed by the Code of Criminal Procedure, in respect of those Feudatories.

" Having regard, however, to the fact that some of our Feudatory " Jahagirdars have, by their education and intelligence, qualified themselves for a " some what larger measure of jurisdictional independence than is contemplated by " a strict interpretation of their *Thailies* of investiture we are desirous of dealing " with them liberally. Therefore though as their Sovereign and the authority " from which their jurisdiction proceeds we hold all the residue of the jurisdic- " tion not specially conferred on them by their *Thailies* of investiture, never-the- " -less, in consideration of the fact that since their investiture the powers have " but rarely been exercised of receiving applications of appeal and revision " against the decisions of their courts, of transferring the venue of cases in " their courts and such like functions reserved by law to the High Court, we " having due regard to the fact that the Feudatory Jahagirdars of Vishalgad, " Bavda, Kagal (senior) and Ichalkaranji have shown themselves, by their in- " telligence and superior education, fitted to be exempted, to some extent, from " the close supervision usually exercised over the subordinate Courts and to the " further fact that so far as is known, the suspension of such closer supervision " has not resulted in justice to the people residing within their jurisdiction, " declare our intention to continue to them personally and so long as necessity " does not arise for the exercise of it, that dispensation from High Court super- " vision as specified above which they have hitherto enjoyed and we feel sure " that this mark of our confidence in their good administration will not be " abused.

" We feel great pleasure in taking this opportunity also of publicly " giving expression to our feelings of gratitude to the Bombay Government for " the liberal recognition of the improved administration of our State testified by " the restoration to us of jurisdiction in the Feudatory Jahagirs that had been " withheld under the treaty of 1862 as we consider it, to quote the words of " His Excellency Lord Northcote, " an important step towards the constitution " " of the Kolhapur State in its old prestige. " "

After the above speech in English was over Rao Bahadur K. N. Pandit Chief Judge, by command of His Highness, read a translation of it into Marethi for the information of the people attending the Darbar who did not know English. Distribution of *Attar* and *Pan* terminated the proceedings. A salute of 19 guns was fired when the Darbar was over.

His Highness' visit to Bhavanagar.

6. In responce to a friendly invitation from His Highness Bhavasingji Thakore Saheb of Bhavnagar K. C. S. I. who was His Highness' companion in tutelege,

His Highness the Chhatrapati Maharaja with his children visited Bhavanagar in the month of January 1905. The reception accorded to His Highness was as cordial as it was grand. During his sojourn in Bhavanagar His Highness at the request of his friend did the pleasant duty of formally opening a palace newly built at Mahuva a place about 50 miles down the coast and in honour of His Highness' visit to Bhavanagar the palace has been named after His Highness.

Bestowal of titles.

7. The most eminent order of the Companion of the Indian Empire was conferred by His Majesty's Government upon His Highness' Feudatory and brother Meherban Pirajirao Jayasingrao Ghatge Serjerao Vajarat Ma-ab Chief of Kagal (Senior) and the title of "Rao Bahadur" upon the Diwan Mr. R. V. Sabnis B. A. on the New year's day *i. e.* on the 1st of January 1905.

Changes in the Personal of Administration.

8. Rao Bahadur R. V. Sabnis Diwan of Kolhapur was on privilege leave for a month and a quarter and during his absence Mr. K. N. Pandit B. A. LL. B. Chief Judge was in charge of the Diwan's office in addition to his own duties. Dr. Raghunath Vithal Khedkar L. R. C. P. &c. &c. Assistant Darbar Surgeon Kolhapur has gone to England to appear for the F. R. C. S. examination on special leave for 7 months and during his absence Dr. Vinayak Sadashiv Tengshe L. M & S. &c. Assistant Surgeon on Personal Staff has been appointed Assistant Darbar Surgeon.

Plague.

9. Plague as usual made its appearance during the year and lasted with more or less severity in the city as well as in the Districts for about 6 months. The type of this year's recrudescence was rather severe but the number of victims to it was less than that of the last year. The measures chiefly resorted to by the majority of people were the same as those for the preceding years viz. evacuation of infected parts and segregation of persons attacked. Every facility as regards protection, medical aid &c. was afforded to the people by the State. The people were also allowed as in previous years to keep their valuables in the Darbar Treasuries.

Condition of the people.

10. The rainfall during the year was much below the average in almost all parts of the principality. In the month of June only the fall was plentiful and sufficient for the crops while in later months it was scanty and untimely and consequently the Kharip as well as Rabi crops did not yield a good harvest. However the catastrophe of famine was averted by the fall of October rain. The supply of water was deficient. There was a slight rise in the prices of the staple food grains. The supply of fodder too was not plentiful. The birth-rate this year has regained its normal state and the death-rate has fallen off, chiefly owing to the number of deaths from plague being considerably less than that of the last year.

Products.

11. Kolhapur being strictly speaking an agricultural country all Indian grains and most of the fruits and vegetables grown in the Deccan are raised in the Principality. The chief staples are rice, Jwari, Nachna, wheat, grain, tobacco, cotton, Sugarcane, Jagree &c.

Manufactures.

12. The articles manufactured in the Principality are of the very ordinary kind and noticeable neither for their skill nor for their quantity. Coarse cotton, woollen cloth and articles of pottery and hard-ware are the principal products of manufacture. Coarse sugar, glass bangles and papers of coarse kind are also manufactured here. Metals such as silver, copper, iron, tin, zinc, brass &c. are made into pots of various kinds, ordinarily used by natives for domestic purposes but hardly any metal is produced here. No mines are worked. Iron ore is found in abundance but for want of fuel it cannot be profitably used.

Relations with Feudatory Estates, Saranjams, &c.

13. Of these there are in all 9 viz:—

1. Vishalgad.
2. Bavda.
3. Kagal (Senior).
4. Kapshi.
5. Ichalkaranji.
6. Kagal (Junior).
7. Torgal.
8. Himmat Bahadur.
9. Sarlaskar Bahadur.

14. Statements showing political relations &c. with these Estates are here-to appended. A short account of each of the Estates during the year 1904-05 is given hereafter.

15. Tabulated statements showing the receipts and expenditure of each of the Estates separately for the year under report contrasted with those of the preceding year with explanations of important variations have been appended as consecutive Enclosures Nos. 4 to 19.

16. Three synoptical statements showing cash balances, receipts, disbursements of each Estate during the year as compared with those of the preceding three years under the principal heads viz:— (1) General, (2) Judicial, (3) Revenue and (4) Military are given under each Estate.

Vishalgad.

17. The Chief, Abajirao Krishna Pant Pratinidhi, continued to manage the affairs of his Estate. The chief has to pay to the Darbar Rs. 5,000 as contribution towards the military expenses of the Darbar. The strength of the police was 54 and that of Shibandi and others 108. There were 4 schools attended by 187 scholars. They were maintained at a cost of Rs. 1856. 959 persons were vaccinated during the year in the Estate.

Kagal (senior.)

21. The Chief Pirajirao Jayasingrao Ghatge Sarjerao Vajarat Ma-ab C. I. E. continued to administer his Estate. The Chief was decorated by His Majesty's Government with the honorific title of C. I. E. during the year under report. Contribution towards the military Expenses of the Darbar annually payable by the Chief is Rs. 2,000. The strength of the Police was the same as that of the last year viz. 48. The number of schools and that of scholars attending them were 13 & 636 respectively. The number of vaccine operations performed during the year was 1344.

41. Original Survey Settlement was introduced at Wadi-Charan, a Dumala village under the Panhala Taluka.

Operations of the Revision Survey.

42. The operations of the Revision Survey were in progress in Bhudargad and Karvir Talukas. The work of measurement in 81 villages of Bhudargad and 5 of Karvir and of classification in 90 villages of Bhudargad and 16 of Karvir was completed during the year under report. The amount of work executed in the measuring branch was 24,364 Survey and Pot Numbers, 1,49,666 vasalas and 1,05, 825 acres against 28,632 Survey and Pot Nos. 1,76,323 vasalas and 2,54,233 acres of area in the last year. In the classing branch the out-turn of the year was 37,327 against 25,328 Survey Pot Nos. and 1,52,217 against 1,96,473 acres, of the previous year. The decrease in the out-turn in both the measurement and classification works was due to the fact that the number of classers and measurers engaged during the year was less than that of the last year. The expenditure incurred during the year also decreased from Rs. 48,700 to 44,190.

43. The revised rates of assessment proposed for the 186 villages in the Panhala Taluka, having received the approval of His Highness the Chhatrapati Maharaja were introduced in the month of May 1905. The former demand for these villages was Rs. 1,87,936 whereas the same according to the revised rates amounted to Rs. 2,20,953, i.e. an increase Rs. 33,017 or Rs. 17·5 percent.

City Survey.

City Survey.

44. This Department continued to be under the control of the Kolhapur Municipality. Its cost amounted to Rs. 180.

45. During the year under report 22 sanads were handed over to the holders of properties leaving a balance of 2219.

46. The Chief Revenue Officer had for disposal 8 appeals against the decisions of the Special Mamledar City Survey, as against 12 in the last year. Of these 4 were decided; in 3 of which the original decisions were confirmed and in one it was reversed.

Alienation.

Settlement cases.

47. At the end of the last year there were 4 settlement cases pending disposal involving the question of settlement of Judi on Inam lands valued at Rs. 924. Of these one valued at Rs. 562 was disposed of. No new case was brought to the notice during the year under report.

Succession inquiries.

48. Besides the above, original succession inquiries were held during the year in 143 cases. In 119 cases the holdings were continued and in 24 they were resumed, sanction for mutation of names consequent upon the death of the alienees of the Inam lands previously adjudicated upon was applied for in 675 cases. Out of these sanction was given in 655 cases as shown in the following table:—

Appeals.

53. Against the decisions of Watan Registering officers there were 6 appeals for disposal before the Chief Revenue officer inclusive of the previous year's balance of 2. All these were decided during the year under report. In 5, the original decisions were reversed and in the remaining one it was confirmed.

Sheri Lands or His Highness the Chhatrapati Maharaja's Personal Holdings.

Sheri lands.

54. The income from Sheri lands measuring 7,260 acres assessed at Rs. 25,718 amounted to Rs. 60,242 against Rs. 67,539 of the preceding year. The decrease in the receipts was chiefly due to the unfavourable season of the year.

Wards' Estates.

Wards' Estates.

55. The number of wards' Estates under the management of the Darbar during the year was 8 and that of encumbered Estates 4 against 7 and

5 respectively of the preceding year. The receipts, disbursements &c. of the Estates are shown in the subjoined table :—

CHAPTER III.

PROTECTION.

Legislation.

56. The following acts and rules to the extent defined therein were introduced during the year ending 31st December 1904:—

1 Bombay Act XI of 1890 for the prevention of cruelty to animals within the limits of the Kolhapur Town for a period of two years with effect from the 1st September 1904.

2 Section 5 of the Bombay Hereditary officer's Act (III of 1874) to be read as amended by the Amending Act V of 1886 within the limits of the Kolhapur State (proper) with effect from the 3rd of June 1904.

3 Bombay Act IV of 1862 regulating the establishment of markets and fairs within the limits of the State (proper) with effect from 21st September 1904. The spirit of this Act is only to be followed here.

4 Bombay Abkari Amendment Act 5 of 1901 and the rules made thereunder were ordered to be made applicable to the Kolhapur State including the Feudatory Estates during the year under report but the date of its introduction was postponed to the 7th of June 1905.

Military.

Military forces.

57. The Military Establishment of the State consists of two divisions (1) Kolhapur Infantry under a British officer and (2) Red Coated Risala or His Highness' body-guard under a Native officer. Information as regards the strength and cost of these establishments is given in Appendix IV (consecutive enclosure No. 20).

Infantry.

Sanctioned strength.

58. The Sanctioned strength of the force and the actual strength during the year under report are shown in the subjoined statement from which it will be seen that one adjutant is wanting to complete the sanctioned force.

Musketry.

59. There were in all 69 marksmen in the Regiment this year against 138 of the last year and the figure of merit obtained in the musketry course was 68·46 against 65·69. It will be seen that no fair comparison can be made with last year's figures; as the distances have been changed and the marks to become a marksman have been raised from 73 to 85. Private Rama Powar 'C' company is the best shot in the Regiment having obtained 107 points out of a possible 140. He received Rs. 15 as the first musketry prize. The company volley firing was carried out on the range and the average for the whole Regiment was 2·55. The annual inspection of the Regiment was held on the 6th and 7th February 1905 by the commandant, after which he expressed his complete satisfaction with its drill efficiency and smartness.

Health of the regiment.

60. The health of the Regiment was generally good. The total number of deaths during the year was 4. The conduct of the Regiment was good.

Changes in the official staff.

61. Captain T. A. F. R. Oldfield, 2nd in command Kolhapur Infantry, became Assistant Political Agent S. M. Country and handed over his charge to Lieutenant R. J. C. Burke the adjutant on the 18th April 1904. Captain Oldfield rejoined as Second in-command on the 8th November 1904. Lieutenant and adjutant R. J. C. Burke left the Regiment to become Administrator of Sangli on the 14th February 1905 and Captain Oldfield assumed the charge of the duties of the adjutant in addition to his own.

Red-coated Risala.

Strength and expenditure.

62. The sanctioned strength of the Risala is 156 and the present strength at the end of the year was 150 as will be seen from Appendix IV. Six of the places were vacant at the end of the year. The total expenditure of the force amounted to Rs. 75,673. The conduct of the force was satisfactory.

Police.

Strength and expenditure.

63. The total strength of the Police force in the Principality, which is all foot-police was 858 at the end of the year against 873 of the last year. The decrease is due to the services of some of the temporary hands engaged for Plague &c being dispensed with. The total cost of the force was Rs. 82,423 against Rs. 80,455. The increase in the expenditure is due to the supply of new dress to the force. For further particulars vide Appendix V.

Proportion of area and population to a police peon.

64. The total area and population of the Principality are respectively 3,165·3 square miles and 9,10,011 souls as shown in Appendix II, from which it will be seen that the proportions of area and population to the police force come to 3·6 square miles and 1,060 persons respectively to a police peon.

Police force in the state proper.

65. The total number of Police force in the State proper was 616 against 619 and the expenditure on it rose from Rs. 59,320 to 61,387. The force includes 24 persons possessing service lands of whom 1 is a Fouzdar, 2 Jamadars, 4 Naiks and 17 Sepoys.

Education.

66. Of the whole police force 167 can read and write and 230 were under instruction.

Conduct.

67. Stricter discipline was enforced among the police the number of defaulters dealt with having been 82 against 36. Of the 82 persons punished 4 were dismissed, 76 fined, degraded or suspended and the remaining 2 were judicially dealt with. There was an increase of 31 in the number of promotions (86 against 55), good work having been duly rewarded.

Working of the police

68. The number of offences reported to the police during the year decreased from 610 to 567 and that of persons arrested from 457 to 361 of whom 227

or 62·88 percent were convicted against 289 or 63-23 percent. The number of persons arrested during the year by the Kolhapur Police was 238 and the balance for the previous year was 8. Of the total number, 246, of persons in the custody of the Police 240 were sent up for trial during the year which with the balance of 65 pending at the close of the last year made up the total of 305 persons for trial. Of these 158 were convicted, 57 discharged and 4 died, 86 awaited trial and 6 remained in the custody of the Police when the year ended. The total number of persons arrested in the Feudatory Estates was 123 of whom 120 were sent for trial and 3 were discharged by the Police under Section 169 of the criminal Procedure Code. They with the 4 awaiting trial at the end of the previous year were tried by magistrates. 69 of these were convicted and the remaining 55 acquitted leaving no balance. (For further details Vide Appendix VI Consecutive enclosure No. 22).

Stolen property recovered.

69. Property valued at Rs. 1,01,401 was reported to have been stolen during the year of which Rs. 37,747 or 37·22 percent was recovered against 62·07 percent. The percentage of the state (proper) was 36·25 against 58·58. The great fall in the percentage was chiefly due to the fact that much of the property stolen in the great dacoities at Bhedasgaon, Kaulage &c. remained to be unrecovered as most of the dacoits belonged to foreign Districts, and could not be obtained for investigation in time. The percentages of recoveries by the Police of all the Feudatory Estates also show a falling off this year. In the case of Vishalgad it is explained that thefts of property of the value of Rs. 570 were reported to the Police rather very late, the owners having removed to their fields on account of the prevalence of plague, could not be aware of the thefts in time. The decadence in the case of Bavda and Kapshi is assigned to the noncompletion of the necessary investigations in some of the thefts at the end of the year.

Arrest of Satya.

70. The notorious dacoit and murderer Satya bin Tatya Shinde, an inhabitant of Kumbhoj was originally an agriculturist. About four years ago there was a serious disturbance at Kumbhoj in which two persons named Dada and Irrappa Chaugale met with violent deaths. Satya who was then alleged to be one of the culprits managed to abscond. He then collected a gang of robbers and committed a series of depredations and dacoities in the British territory. The troubles his gang gave, became more and more intolerable. If they failed to get any booty, they would even set fire to houses sometimes in broad day light. In fact Satya's name became a great terror to all the villages in the South of Walwa Taluka. In order to put a stop to these pranks of his, the British Police authorities tried their best to arrest him and his followers but to no purpose. A reward of Rs. 100 had been also offered by the District Magistrate of Satara for his arrest. The Kolhapur frontier being quite close to the Walwa Taluka he would sometimes find his way to the villages in the State for refuge. The Collector of Satara therefore requested the Darbar through the Political Agent to take measures to arrest him when in the limits of the Kolhapur State. The Darbar also then offered a reward of Rs. 200 for his capture and deputed Mr. J. N. Shenolikar an old and experienced Police officer with a party of Police under him for this duty. He, after long and strenuous efforts succeded in arresting him on the 12th of March 1904 at Kumbhoj. At the time of his capture Satya fired his gun twice from inside the house where he had taken shelter and his second shot caused the death of a police peon. He was therefore tried by the Courts of the Darbar for murder and sentenced to capital punishment. He was hanged on the 22nd of August 1904. He was a man of stout and robust physic and of great activity. His age at the time of his death was about 26 years.

Cognizable and Non-cognizable crimes.

71. The number of crimes of all descriptions reported to have been committed during the year has gone down from 3,162 to 3,078. The number of persons put upon trial was 6,589 against 6,154 of whom 1,221 or 18·7 percent were convicted while 1,084 or 16·4 remained awaiting trial. 7 of the convicted were sentenced to Transportation and one to capital punishment. (For more detlails see Appendix VIII Consecutive Enclosure No. 24).

Village police.

72. The number of village police remained the same as before.

Criminal Justice.

Criminal Courts.

73. The number of criminal courts in the Principality was 65 at the end of the year against 62 of the last year as detailed below :—

76. There were in all 42 sessions cases involving 134 persons for trial before the Chief Judge and the Joint Sessions Judge Kolhapur. Of these 41 cases involving 130 persons were disposed of, of whom 56 were convicted and 74 acquitted. One case involving 4 persons remained pending at the end of the year. 4 out of the 41 cases involving 15 persons were committed from the Feudatory Estates. The Chiefs of Vishalgad and Bavda had before them 2 cases involving 12 persons of whom 3 were convicted and 9 were acquitted. Sessions cases.

77. The total number of appeals was 186 against 153 of the preceding year involving ~~286~~ 367 against 287 persons. Of these 37 were rejected, the decisions of lower courts were confirmed in 58, modified in 8 and reversed in 45, 5 were referred and in one further inquiry ordered and 32 remained pending disposal. The percentages of confirmations and reversals were respectively 31·1 and 24·2 (For further details see Appendix X.) Appeals.

Daily average number and employment of prisoners.

87. The daily average number of prisoners sentenced to hard labour was 225 against 221 of the last year. Of these 10 on an average were employed in the Factory, 24 as warders and Jail servants, 34,133 and 14 were respectively engaged on miscellaneous, out-door and in-door duties and 10 on an average were lying as sick in the Hospital.

Jail Factory.

88. The gross earnings of the Jail Factory were Rs. 554 against Rs. 741 and the average earning of each prisoner was Rs. 55 against Rs. 57. The net profits of the factory amounted to Rs. 154 against Rs 223. From the above it will be seen that there was a great decrease both in the gross earnings and the net profits of the factory. This is due to the fact that the average number of prisoners employed on factory work during the year was less than that of the last year. Besides, the period of their work was less than that of the previous year.

Net cost per Prisoner.

89. The net cost per prisoner increased from Rs. 32 to 39 and the total cost from 74 to 77. The increase is chiefly due to the items of expenditure that remained to be adjusted during the last year having been brought to account during the year under report.

90. 127 against 154 were admitted in the Jail-Hospital. During the year 11 deaths occurred against 12 of the last year. Of these 6 were from plague, 1 from Tuberculosis, 2 from Remittent fever, 1 from cholera and 1 from Pneumonia. Health of prisoners.

91. The daily average attendance in the school was 4 against 5 of the preceding year. The school hours were from 6 P. M. to 8 P. M. and one of the convicts was engaged to teach them. Studies taught in the school were reading writing and simple arithmetic. Night School.

92. The general conduct of the prisoners was good. Conduct of prisoners.

Civil Justice.

93. The number of Civil Courts in the Principality was the same, viz 38, as in the last year. Besides the 33 courts mentioned in the statement under para 97 there were 5 other courts viz :— Civil Courts.

1. His Highness' Court exercising the powers of a High Court in appellate matters having jurisdiction throughout the Principality.

1. The combined Court of His Highness and the Political agent Kolhapur and S. M. Country having powers to try suits against the Higher Sardars mentioned in the Treaty of 1862.

3. Courts of Assistant and Special Assistant Judges disposing of 1st appeals in Kolhapur (proper).

Two Munsiffs' Courts were created during the year one at Ghosarwad and the other at Chinchli, the Inamdars of which were invested with powers to try suits not exceeding Rs. 5,000 in amount or value. Two courts of the Jagadguru Swami which were closed at the end of the year 1903 for reasons stated in the last year's report continued to be so throughout the year.

94. The powers of the Chanwad Mahalkari to try suits were extended during the year from Rs. 50 to Rs. 100 in amount or value. Extention of powers.

95. Inclusive of the last year's balance of 2,181 there were in all 7,152 suits for disposal against 6,517. Of these 4,714 against 4,336 were disposed of leaving a balance of 2,438 at the close of the year under report. (For further details vide Appendix XII Consecutive Enclosure No 28). Civil suits.

96. Inclusive of the last year's balance of 2,530 involving claims of Rs. 6,14,014. There were in all 6,177 against 6,255 applications for execution of decrees involving claims of Rs. 10,27,645 against Rs. 10,25,137. Of these 3,662 applications of the value of Rs, 3,45,074 were disposed of leaving a balance of 2,515 involving claims of Rs682,570. (For further particulars see Appendix XIII Consecutive Enclosure No. 29). Applications for execution of decrees.

97. The number, nature and value of suits disposed of by each court during the years 1903 and 1904 are compared in the subjoined statement which also shows their respective powers and extent of jurisdiction. Nature number &c. of suits disposed.

113. The gross income derived from Registration in the State Proper was Rs. 22,005 against Rs. 22,387 and the expenditure Rs. 5,398 against 5,090 of the last year. The receipts and disbursements of Vishalgad, Bavda, Kagal (Senior) and Ichalkaranji Estates on this head were Rs. 489, 196, 2,488, 2,595 and Rs. 166, 34, 283, 602 respectively. Gross income and expenditure.

Municipalities.

114. The number of Municipalities in the Principality remained the same as in the last year viz 9. Municipalities.

115. There being strong reasons to suspect grave mismanagement in the Municipal administration, the Darbar had reluctantly to suspend the city Municipality and its management was handed over from the commencement of the year to a Darbar official Mr. B. V. Jadhav M. A. LL. B. and he continued to manage the affairs of the Municipality during the whole of the year under report. The year opened with a balance of Rs. 24,230. The total receipts from all sources amounted to Rs. 89,080 and the expenditure to Rs. 76,999 against Rs. 62,579 and Rs. 55,076 respectively of the preceding year. The increase in the receipts was chiefly due to the recovery of arrears and that under expenditure to the appointment of a special auditor to check the Municipal accounts and to more sums being spent on Public Works &c. This year Rs. 9,794 were spent on the Establishment, Rs 31,691 on Lighting and Conservancy, Rs. 16,298 on Public Works and Rs. 19,216 on miscellaneous items. The amount of Rs. 19,216 includes advances of about Rs. 14,000 given to municipal servants Kolhapur city Municipality.

for execution of different works. The closing balance was Rs. 36,311, of which Rs. 31,000 have been deposited in the Kolhapur Huzur Treasury and Rs. 5,000 in the Bank of Bombay, the net balance with the municipality being Rs. 311 at the end of the year. The special auditor Mr. Gandhi, a retired head accountant from British service brought to light many a grave irregularity and the superintendent has recast the whole system which has resulted in simplifing the accounts and economising labour.

District Municipalities.

Receipts and expenditure.

116. The receipts and expenditure of the several District Municipalities are given in the subjoined table :—

No.	Name of Municipality.	Opening balance on 1st of April 1904.	Receipts during the year.		Total during the year 1904-1905.	Expenditure during the year.		Balance on the 31st March 1905.

Increase and decrease.

117. The increase in the receipts of the Vadgaum Municipality was due to a greater amount being realized on account of tolls and some of the arrears being recovered and that in the expenditure was due to more sums being spent on Lighting, Conservancy and Public Works this year. The decrease in the receipts of Hatkalangda, Gadhinglaj and Katkol Municipalities was due to less amounts on account of Local fund grant being received. Increase in the expenditure of Hatkalangda is attributable to greater sums being expended on Lighting and Conservancy during the year. The decrease in the receipts of the Narsobawadi Municipality was owing to less amount being realized from the toll of the Gurudwadashi fair and the increase in the expenditure to a larger outlay on Public works this year. The increase in the expenditure of the Malkapur Municipality was due to the expenditure incurred on the construction of a new well during the year.

Expenditure on different heads.

118. The expenditure of the several Municipalities has been compared with that of the preceding year in the subjoined table:—

CHAPTER IV.

PRODUCTION AND DISTRIBUTION.

Agriculture.

119. The total number of acres capable of cultivation was 15,06,275 of which 12,88,062 were brought under actual cultivation during the year and 2,18,213 acres of these remained as fallow. For details vide para 50 page 24. Culturable and cultivated land.

120. Areas under principal crops for the year under report are compared with those of the preceding year in the subjoined table:— Areas under principal crops.

Besides the above 2,78,557 acres that were brought under cultivation during the year were reserved for next year's crop.

Weather and Crops.

Rain-fall.

121. The monthly rainfall from June to October, collective rainfall for other months as well as total fall in the year compared with the average for the last five years are shown in the following table:—

Outturn in annas of principal crops.

122. From the above it will be seen that the rainfall at Raibag, Gad Hinglaj Gargoti, Malkapur, Bavada and Ajra was a little above the average while at other places it was considerably below it. Excepting the fall in the months of June and July it was scanty and not sufficient for the crops in almost all parts of the Principality. The Kharip as well as Rabi crops suffered to some extent and the yield was not as usual. The out-turn in annas of principal crops has been shown in the subjoined statement:—

Plantation.

Coffee plantation.

123. Coffee was planted in Panhala, and Bhudargad Petas in 15 acres and 6 gunthas of land but the plantation in Bhudargad was wholly damaged by locusts. In Panhala the yield was 358 lbs. against 155 lbs. the preceding year.

124. Cardamom was also planted in 37 Acres and 2 gunthas of land in Panhala and Bhudargad Talukas respectively. In Bhudhargad the plantings were wholly damaged by locusts and those in Panhala garden yielded 14 lbs. of which 10 tolas were sent to Bombay for being exhibited in the Agricultural Exhibition held in the month of December last. Cardamom.

State-Paddok.

125. There were in all 92 animals in the State Paddock at the commencement of the year under review. The number of births during the year was 19 of which 3 were colts, 3 fillies and 13 sheep. Besides these 10 were either admitted or purchased for breeding and rearing purposes. Of the total number viz 121, 8 died and 2 were transferred to the Khasgi Department. The number of animals remaining at the close of the year was 111 of which 23 were mares 3 stallions, 1 pony, 12 colts, 10 fillies, 1 mule and 61 sheep. This year the number of young stock was greater than that of the last year and some of them are decidedly handsome, promising and improved in quality. The Paddock was visited by H. E. Lord Lamington, Governor of Bombay during his short trip to Kolhapur in the month of October 1904. His Highness the Chhatrapati Maharaja and Colonel Ferris the Political Agent Kolhapur and S. M. C. took deep interest in the management of the Paddock and the breeding operations therein. State Paddock.

Agricultural Stock.

126. The agricultural stock during the year under report is compared in the following table, with that of the previous year in the Kolhapur Principality:— Agriculture stock.

District.	Year.	Horses and Cattle.									Ploughs.		Carts.	
		Bullocks.	Cows.	Buffaloes. Male.	Buffaloes. Femal.	Horses.	Mares.	Colts and fillies.	Asses.	Sheep and goats.	With two bullocks.	With four bullocks	Riding carts.	Carts used in carrying loads.

The falling off in the number of cattle was chiefly due to the deficiency of fodder during the year.

Veterinary Dispensary.

127. The total number of patients treated in the Dispenasry was 1,152 against 1,228 of the last year; of these 97 were treated as in-patients and the rest as out-patients. Of the total number of patients there were 138 horses, 507 bullocks and cows, 276 buffaloes 16 sheep, 209 dogs and 6 other animals. 340 of these were relieved, 538 cured 15 died and 37 were incurable. The result of 222 was not known. The cattlefarm and the dispensary was visited by His Excellency the Governor and many other distinguished guests. 25 operations of castration were performed with success. The prevailing diseases amongst the cattle were the foot and mouth disease, abscess, gulls &c. Veterinary Dispensary.

Prices.

Prices of staple food-grains.

128. The prices of the staple food-grains for the month of March 1905 are contrasted with those of the last year in the subjoined statement:—

Articles Per maund of 82 lbs.	March 1904			March 1905.		
	Rs.	a.	P.	Rs.	a.	P.
Rice Per maund ... 1st sort ...	3	6	4	3	13	1

Wheat Do.	2	12	9	3	3	1
Tur Dall Do.	3	9	1	4	1	1
Gram Do.	2	15	9	2	12	....

Prices of salt &c.

129. From the above it will be seen that all of the principal food-grains rose in price at the close of the year under report. The Government of India having been pleased to reduce the duty on salt to Rs. 1-8 per maund, the price of salt per maund in the Kolhapur Market has this year gone down from Rs. 4 to Rs. 3-8.

Labour and wages.

Uuskilled labourers.

130. The number of unskilled labourers in the Principality was 66,800 in round number of whom 33,200 were males, 20,300 females and 13,300 children. The rates of daily wages varied from one to four annas. The labourers were able to find sufficient employment near their homes.

Skilled labourers.

131. The number of skilled labourers was about 19,700. The rates of their wages were from annas four to twelve during the year under report. They could also get employment in the Principality.

Bullock carts.

132. Bullock carts could be hired during the year for 10 to 14 annas per diem in the Principality.

Trade.

Chief trade centres.

133. The number of trade centres or Market towns during the year was the same as last year *viz* 16, the names of which are mentioned below:—

1 Kolhapur.	9 Wadgaum.
2 Shahupuri.	10 Gad-Hinglaj.
3 Sangrul.	11 Malkapur.
4 Panhala.	12 Kapshi.
5 Kodoli.	13 Mahagaon.
6 Male.	14 Murgud.
7 Sarud.	15 Ichalkaranji.
8 Chanwad.	16 Uttur.

Principal exports.

134. The Principal commoditities of exports in the Principality are cotton, Tobacco, Rice, Jwari, Gram, wheat, Hemp, Nagli, Chillies, Tur, Peas, Turmeric, Ground-nut and coriander. The total quantities of the above articles produced in the Principality were about 19,98,000 maunds and of these 7,58,000 maunds are reported to have been exported outside the Principality.

Trade transactions at Shahupuri.

135. Enormous trade transactions are reported to have been made at the new Market at Shahupuri. The chief article of export from this market was Jagree. The amount in value of Jagree exported to Bombay and other places by railway has been estimated at Rs. 37,08,000. Besides this, Turmeric, chillies Ground-nut, Tobacco, Ghee, cotton-seed oil, Bones and other articles all worth about Rs. 5,16,000 were exported. Rock oil, Furniture &c. were imported worth Rs. 8,20,000. Hundi Transactions were reported to have been conducted worth Rs. 8,50,000.

Manufactures.

Principal manufactures.

136. The principal manufactures of the Kolhapur Principality are weaving cotton, Oil pressing, weaving blankets, pottery and making Sugar and Jagree.

Value of articles manufactured &c.

137. The subjoined table shows the approximate value of articles manufactured, their sale in and exportation from the Principality :—

Names of articles.	Value of articles made.	Value of articles locally sold.	Value of articles exported.
	Rs.	Rs.	Rs.
Cloth prepared by weavers	1,60,100	69,700	90,400
Blankets	47,700	25,200	22,500
Earthen pots	91,800	57,900	33,900

140. 16 of the Branch offices are placed in charge of the local school masters who get an additional allowance for the work from the Postal Department. Besides the offices mentioned in the above statement experimental post offices have been opened at the close of the year at Herle and Savagaon, villages under Alte Taluka, and the school-masters of these places have been entrusted with the Postal work thereof.

Forests.

Reserved and Protected forests

141. The areas under Reserved and Protected forests at the end of the year under report remained stationary (341 & 182 square miles).

Forest settlement

142. No work in connection with the Forest Settlement was done during the year under report.

Forest offences.

143. There were altogether 93 forest offences against 104 of the last year. Out of these 4 cases were tried by Magistrates and the rest were disposed of departmentally under section 46 of the Forest Rules. The total amount of fines received during the year was Rs. 496 against Rs. 647. There were no serious cases of theft or of damage to forest property during the year. There were in all 11 against 36 cases of forest fires and the area burnt by them was 278 against 1,762. The damage resulting from them amounted to Rs. 50 against 104.

Plantation.

144. The number of nurseries maintained during the year was the same as last year viz 7. The total number of seedlings inclusive of the last year's balance of 19,030 was 23,710 against 21,187 of the last year. The total cost of maintenance was Rs. 1,275 against 688. The increase in the expenditure is due to the pay of the tea planters appointed to promote the tea plantation on a larger scale being included in it. 3301 seedlings were transplanted during the year from the nurseries at a cost of Rs 5. The condition of the nurseries and plantations has been generally good. Aloe was planted this year along a length of 25,100 running feet in Gadhinglaj and Alte Talukas at a cost of Rs. 31. The income from the leaves of the plant was the same as last year viz Rs 110.

Deva kapus.

145. The seeds of *Devakapusa* (a superior variety of cotton) kindly supplied by Colonel Ferris, Political Agent Kolhapur and S. M. Country have been given trial. The plants in Bhudargad and Gadhinglaj Talukas are reported to have been destroyed by locusts but those in other places are in a good condition, some of them beginning to bear pods.

Tea plantation.

146. Tea plantation on a larger scale has been taken in hand. About 5 Khandis of tea seed were ordered from Kangra valley at a cost of Rs 1,191 and seedlings are raised from the same. The seedlings are in excellent condition and they will be planted out during the next rainy season.

Coffee plantation.

147. There were altogether 15,090 coffee plants in different places against 14,250 of the last year. The plants are reported to be in good condition but being damaged by locusts they did not bear berries.

Rosha oil.

148. 133 seers of oil were extracted from Rosha grass departmentally against 75 seers of the last year at a cost of Rs. 230. The oil extracted during the year and the year preceding still remains to be sold. The rates offered by the Bombay merchants are from Rs 2-8 to Rs. 2-10 per seer.

Out-turn of birda crop.

149. The total collection of the hirda crop was considerably less during the year viz 2,954 Khandis against 25,664 Khandis. The income derived from the same fell from Rs. 1,87,772 to Rs. 27,899. The sale rate of Hirda was higher than that of the last year. The failure of the crop was due to the invasion of locusts at the beginning of the year which destroyed the blossoms on the trees.

150 The total receipts of the Department during the year were Rs. 43,861 against Rs. 2,01,786. The expenditure on conservancy and the establishment charges were respectively Rs. 15,743 and Rs. 18,988 against Rs. 1,12,355 and Rs. 18,046. The net profit of the year was Rs. 9,130. The increase in the expenditure on Establishment was due to the appointment of the Industrial Inspector during the year under report. Finanical results

151. With a view to introduce Forest and other industries in the State Mr. D. S. Shaligram who was trained in Japan was appointed as Industrial Inspector on a salary of Rs. 75 per month for a peried of two years from the 1st of June 1904. Though no industry has as yet been started on a large seale and placed on a sound footing, Mr. Shaligram has performed experiments with a view to ascertain which industries are likely to succeed in the State. 18 ounces of oil were extracted from the Lemon-grass generally available in small quantity in this part at a cost of Rupee one only. According to the latest catalogue of Kemp & Co one ounce of the oil costs 7 annas. At this rate the net profit in this case would come to about 7 times the actual cost for the preparation of the oil. The quality of the oil was good. It had been sent to be exhibited at the Bombay Industrial Exhibition where it obtained a silver medal. There is a large demand for this oil which is used in confectionery, perfumery and medicine in Europe. Planting of the Lemon grass has been therefore carried on in the nurseries at Balinga and other places. Similar to this another experiment of extracting oil from the leaves of Eucalyptus plants was made. One pound (16 ounces) of oil was extracted at the expense of about twelve annas. This oil is generally extracted in Australia and is sold for As. 5-11 an ounce. This is used in medicine as a good disinfectant and is a valuable remedy for Phthisis and Malaria. This was also exhibited at the Bombay Exhibition and the Judges at the Exhibition recorded their opinion in the official guide book in the following terms:— Industries.

" The industry of essential oils which is not shown in any other section is strikingly illustrated in this court from the fact that three different kinds of oils are exhibited here. The industry of essential oils in the state is quite a new departure and one not yet taken up by any other native state. "

152. From November 1904 the Industrial Inspector was ordered to collect articles from various parts of the state and exhibit them in a court specially erected for the state at the Industrial and Agricultural exhibition at Bombay details of which are shown under chapter VIII.

Public Works.

153. The following table shows the total expenditure incurred during the year on original works and repairs:— Expenditure on Public Works.

183. The fall in the attendance at some of the dispensaries is due to the prevalence of plague in the districts.

184. The City Dispensary was amalgamated with the A. E. Hospital and a Homeopathic Dispensary opened in the city. Dr. V. S. Tengshe M. D. was in charge of it. He was assisted in his work by two Hospital assistants trained in Homeopathy at Calcutta. The total number of patients treated during the year in this Dispensary was 35,343 the daily average being 128·8. The maintenance charges amounted to Rs. 832. Homeopathic Dispensary.

185. The total number of Surgical operations performed during the year in the several hospitals and Dispensaries in the Principality were 3,531. Of these 387 were in-door operations. Of the 387 operations only 11 were unsuccessful. Surgical operations.

Her Highness Ahilyabai Deshi Dawakhana.

186. The total number of patients treated at Her Highness Ahilyabai Deshi-Davakhana was 24,933 against 29,570 and the daily average was 68 against 45 of the last year. The expenditure incurred on the same was Rs. 1,153 against Rs. 1,196.

Yunani Dawakhana.

187. The Yunani Davakhana which was transferred to Hatkalangda during the last year, was for want of sufficient number of patients required to be closed during the year.

Private dispensaries.

188. Besides the above, there were 11 dispensaries administering English medicine conducted by Private Practioners in the State. One of them is at Kodoli and the rest are at Kolhapur. The number of Native Practioners administering native Medicine was about 25 in the State.

Prevailing diseases.

189. The prevailing diseases were almost the same as in the previous year viz Plague, Malarial Fevers, Diseases of the stomach and Bowel complaints including intestinal worms, Respiratory and Rheumatic affections, also diseases of the eye and skin.

Lunatic Asylum.

190. There were in all 20 lunatics in the Local Asylum of which 14 were new admissions. 14 of these were supported by their relatives and 6 by the State. 5 were cured, 4 improved, 2 removed, two died and 7 remained under treatment at the end of the year.

Leper Asylum.

191. The total number of lepers in the Victoria Diamond Jubilee Leper Asylum at Uchgaon on the 31st March was 118 against 93 of the last year of whom 71 were males and the rest females. Their maintenance charges were Rs. 4,164 against Rs. 4,724.

Vital Statistics.

Births & Deaths.

192. The subjoined table shows the births and deaths of the city and of the Districts during the year under report:—

193. It will be seen from the above that both in the town and in the District the birth rate has improved. However there was an increase in the death rate in the town population whereas there was a satisfactory decrease in that of the district population. It was mainly due to the number of villages visited by plague being less than that in the last year. The death-rate amongst the Hindus was 37·9 against 40·5 of the last year, that among the Mahomedans 39·0 against 59·1 and that amongst Christians 11·9 against 15·5.

194. The principal causes of deaths as compared with those of the last year are shown in the following table:— Causes of deaths.

Causes.	1903-04.	1904-05.	Increase.	Decrease.
Cholera	90	220	130	...

Other diseases... ...	5,419	5,644	225	...
Total...	45365	34,546	997	11,816

195. Of the 265 deaths from injuries, 183 were due to drowning, 6 to wild beasts, 42 to snake bites and the rest to minor injuries.

196. Plague and Cholera were the two epidemics prevailing in the State during the year under report. Plague made its appearance early in the month of August 1904 in the city as well as in every Taluka and Mahal of the State and prevailed more or less upto the end of the year causing 16,934 attacks and 13,034 deaths. Cholera was not an indigenous and wide spread epidemic this year. Almost all of the cases that were reported to have occurred in the Principality were imported from the Pandharpur Fair. Small pox which only appeared in the Capital Town was introduced by a case apparently coming from Madras but the epidemic did not claim more than 7 victims. Epidemics.

Vaccination.

197. From the subjoined table it will be seen that there were in all 25,132 operations performed during the year which shows an increase of 3,526 over that of the previous year. The birth-rate again shows a little increase over that of the last year and to this the increase in the number of operations is mainly due. The difficulty experienced in obtaining children for Vaccination still continues but to no great extent. The total number of operations include 214 operations results of which were not known. Primary and Secondary vaccinations.

198. Of 24,918 operations 22,180 were primary and 2,738 secondary. The result of 52 Primary and 162 revaccinations was not known and so they are not taken into consideration. The success of Primary Vaccination and that of revaccination was respectively 99·6 and 85·1 percent. The total expenditure on vaccination amounted to Rs. 5,507.

New System of Vaccination to be introduced in the State.

199. Vaccination has been at present carried out in this State with the bovine and humanised Lymphs. With a view to avoid the possible harm done by arm to arm inoculation the Durbar has been cotemplating the introduction of of Lanolinated Lymph. But the question of procuring the large supply necessary for the purpose is still under consideration. As a preliminary step the Assistant Superintendent of Vaccination and 2 of the Vaccinators were sent to Belgaum to be instructed in all the details of the new System.

Animal Vaccination.

200. The Animal Vaccination was carried on for several months in the year at some of the larger centres of theState. The extra expenditure incurred on this account was Rs. 561 against Rs. 732 of the previous year.

Quality of lymph

201. The quality of Lymph and of the work performed by almost all the Vaccinators was generally good.

Nurses' class.

202. As the necessity of having properly trained nurses in the community is now every where felt, it was thought desirable to open a class for training new nurses in the A. E. Hospital here. The class has been started from the 1st of April 1905 by the permission of His Highness the Chhatrapati Maharaja. 23 students had applied for admission but only 9 of them were found eligible for admittance after an entrance examination of the pupils. 6 scholarships of Rs. 6 each have been awarded by the Darbar. 3 private students have been admitted free, one of whom is supported by the Jain community. The course of instruction is of two years. Midwifery, 1st principles in Gynecology, 1st aid, Bandaging and nursing the sick as well as some knowledge of Anatomy and Physiology are the subjects sanctioned to be taught in the class. The training of the class is under the control of the Lady Doctor Miss Krishnabai Kelaokar L. M. and S. &c. She is assisted in this work by the Medical Staff in the A. E. Hospital.

Medical Library and Pathological Museum-

203. The establishment of a Medical Library and a Pathological Museum in connection with the A. E. Hospital Kolhapur has been sanctioned by the Darbar and 103 specimens have been collected for the Museum. The Library and Museum have been sanctioned to be named after Colonel Ferris the Political Agent Kolhapur and S. M. Country in memory of his long connection with Kolhapur and S. M. C. States and the keen interest he has ever evinced in their well being.

Surgical appliances.

204. Purchase of surgical appliances according to the latest improvements in Asceptic surgery has been made at a cost of Rs. 1659.

CHAPTER VII.

EDUCATION.

205. The total number of Schools in the Principality inclusive of aided indigenous ones was 262 against 250 and that of scholars attending them was 11,062 against 8,823 as will be seen from the details given in the following table:- The number of Schools and Scholars.

206. From the above it will be seen that there was an increase of 12 in the total number of schools during the year under report. In the number of 2nd Grade A. V. Schools there is a decrease of one, the school at Katkol having been reduced to the Vernacular grade for want of pupils learning English. Under Vernacular Boys' Day Schools there is an increase of 7 Schools. Five new schools were opened during the year, (1) Shahupuri, (2) Terwad, (3) Dewale and low-caste schools at (4) Herle and (5) Kumbhoj. Two of the aided indigenous schools viz at Chanwad and Bhirdi were converted into state schools. The people at Chanwad and Bhirdi applied for state schools being established at their villages and as the aided indigenous schools at these places were found in good condition, they were turned into state schools. 8 schools were added to the number of aided indigenous schools during the year but two of them Increase or decrease in the number of Schools and Scholars.

being converted into state ones the net increase under this class was 6. Owing to the prevalence of plague at Ichalkaranji and Kagal the attendance at the A. V. Schools thereof suffered a little, but the rest of the institutions fared well in this respect, there being an increase more or less throughout.

(I) Rajaram College and high School.

209. This consists of two sub-divisions:— Divisions.

(*a*) Rajaram College.

(*b*) Rajaram High School.

(*a*) *Rajaram College.*

University results.

210. The college consists of two classes in which students are prepared for the Intermediate and Previous Examinations. 23 students from I. E. Class appeared for the Examination this year against 25 in the preceding year, of whom 15 against 14 passed; while 54 against 57 appeared for the Previous Examination of whom 30 against 25 were successful. 14 Candidates in all stood in the 2nd class of whom 4 were in the Intermediate Examination and 10 in the Previous Examination.

(*b*) *Rajaram High School.*

Attendance.

211. The daily average attendance was 278 against 190 of the last year. The number of students on roll on the 31st March 1905 was 390 against 229. The High School was closed on account of plague in the months of November and December 1904 and was reopened early in January 1905 except the first three standards the opening of which was postponed to the 1st of February as in the month of January the city was not entirely free from plague and the people had not returned to their homes.

Matriculation Examination results.

212. 57 against 56 students were sent up for the Matriculation Examination of whom 26 against 28 passed. The Sir Lee Grand Jacob Scholarship was again won by a student of this High School viz S. K. Kelaokar.

Results of the lower Standards.

213. The School was inspected by the Educational Inspector S. D. in September 1904 and the annual examination of the first 6 standards was held by the Principal. 254 students were in all presented for the examination of whom 65 or 25.9 percent were successful. The percentage for the last year was 34·7. The outbreak of plague early in the month of August 1904 greatly interfered with the studies of boys as they had to attend the schools from huts a long way off from the town.

Drawing class.

214. 283 students were studying Drawing. The usual examination is to be held in September next instead of in April. New course of drawing consisting of the three subjects viz model, painting and memory drawing has been introduced in the High School and necessary articles have been purchased by the Darbar for the High School during the year under report.

Agricultural class.

215. As the general Agricultural Grade Examination was abolished from the year under report by the Government, the agricultural class in the High School was abolished and the services of the Agricultural Teacher have been at present utilized in the School Final Class lately opened, for teaching agricultural group.

Model Farm.

216. The range of crops grown on the Farm during the year under report was almost the same as in the last year. As an experiment three plots of Sugarcane were treated with three different kinds of manure *viz* Bone-manure, Night soil manure and karanja cake manure, each of the same value. The produce from the Bone manure was less than that from Night soil and Karanja manures but in quality it is superior to that from the latter. It is therefore the usual practice in successful farming to use it in conjunction with any other nitrogenous manure to develop the quality and increase the quantity. The produce from Karanja cake was found to be a little greater than that from the night soil manure

but the data being insufficient no definite conclusion could yet be drawn from them. Similar experiment was made upon the paddy crop and the produce from the Bone manure was in this case also found to be quite superior and the sample of this paddy which was sent to the Industrial and Agricultural Exhibition Bombay has fetched a medal. The ground-nut crop from the American seed grew pretty well and it seems that it will, in due course of time be thoroughly acclimatized here. The nuts were sold for seed to several ryots who asked for them. A small patch of ground was however sown with the ordinary ground-nut seed but the quantity obtained, was found *cœteris paribus* to be far less than that produced from the former. The cotton, the sweet potatoes and the American Tobacco whose seeds were kindly supplied by Lieutenant Colonel W. B. Ferris Political Agent Kolhapur and S. M. Country who takes deep interest in agriculture, did not make, it is unfortunate to state, any satisfactory progress owing to the whimsical nature of the rainfall during the year under report. They have however been reserved for the next year. The actual expenditure on the Farm was Rs. 811 against Rs. 860 and the income derived from the sale proceeds &c. was Rs. 1,308 against Rs. 1,210.

School Final class.

217. Owing to want of sufficient number of students the School Final Class was not opened during the last two years but it was thought desirable to start it this year in the month of January last. 35 students attended it.

Physical Education.

218. The Physical education of the Students has been properly cared for. The College and High School Gymkhanas are well attended by the members. One boat has been generously presented to the Institution by His Highness the Chhatrapati Maharaja and another has been bought by the Institution. Thus the boating exercise which is popular with the students has lately been introduced.

College hostel.

219. A spacious and commodious building in Raviwar Peth adjacent to the College has been rented by the Darbar for the use of the students and has been turned into a hostel. 16 Students are accommodated in the hostel. The receipts in the form of fees &c. were Rs. 48 and the expenditure inclusive of superintendent's pay amounted to Rs. 439.

College Library.

220. 21 volumes were added to the State Library at a cost of Rs. 525 and 96 volumes to the College Library at a cost of Rs. 584 during the year under report. The total number of volumes in both the libraries was 6,458 (College library 5,299, State Library 1,159.)

(II) Primary and Secondary Schools.

Secondary Schools.

221. In the 1st Grade A. V. School at Kagal instruction upto the English V Standard is imparted. It was examined at the close of the year when out of 50 presented for examination under Standards I to V, 33 passed. The English School at Ichalkaranji also imparts instruction upto the V standard and during the year under report 41 students of the school were examined of whom 24 passed. Of the 11 Second Grade A V. schools 9 schools with 229 scholars were examined. Of these 149 were successful. In these schools first three standards are taught. Of the two aided schools the Private High School imparts instruction upto the VII Standard and the other upto the V Standard. 22 Students were sent up for Matriculation Examination of the University of Bombay from the former of whom 10 came out successful. These Schools were inspected during the year under report.

Primary Schools.

222. Of the 215 primary schools for boys, 191 schools were examined. Out of the 2,983 pupils examined under Vernacular Standards I to VII, 1,745 passed. The number of Girl's schools was 30. Of these 19 schools were examined, 243 girls were presented for examination under Vernacular Standards I to IV and of these 125 passed under all heads. The number of young Sardars and

chlidren belonging to high class families undergoing instruction in the Anglo-Vernacular and Vernacular Schools was 27 against 26 of the last year, 4 of them being girls.

223. Drawing is taught in all the Vernacular Schools in the city but no student appeared for any Drawing examination this year owing to the prevalence of plague. Drawing.

224. Physical education is well attended to. Gymnasium and the apparatus pertaining to them have been already supplied to the schools. Physical Education.

(III) Jaysingrao Ghatge Technical School.

225. The attendance and expenditure incurred on this school for the year under report as compared with those of the preceding year are shown in the 1st and 3rd tables given at the beginning of the Chapter. Attendance & expenditure.

226. Owing to the prevalence of plague in the city no student could appear for the examination this year. Drawing.

227. Carpentry and Brass and iron work are taught in the school. Of the 42 boys 27 received instruction in carpentry and 15 in Brass and iron work classified according to the castes as under:— Subjects taught.

Castes.	Carpentry.	Brass and iron work.
Brahmins	7	1
Marhathas	15	4
Mahomedans...	2	7
Other castes	3	3
Total...	27	15

228. The annual examination was held in the month of February 1905 under the Superintendence of Mr. S. S. Gupte L. C. E. and the Superintendent Mr. S. S. Katre L. M. E. 8 students were examined in carpentry and all of them passed, 4 obtaining marks more than 80 percent. 11 students appeared for examination in Brass and Iron work. All of them were successful, 5 having obtained more than 80 percent of marks. Examination results.

229. In the Industrial Exhibition held in Bombay in December last some articles made in the school were exhibited. It will be seen from the following extract from the official report of the Bombay Industrial and Agricultural Exhibition that these articles were greatly admired—"The Jaysingrao Ghatge Technical School exhibits compare well with foreign goods of the same kind..... ...The different designs of fret work and the *solid steel spearhead* bear good testimony to the student's skill." This steel spearhead has obtained Bronze Medal in the Exhibition. Articles sent to the Bombay exhibition.

230. The expenditure on scholarships and stipends amounted to Rs. 1,154 during the year. Articles of the value of Rs. 1151 were prepared and sold. Rs. 1,328 were realized by the sale of articles leaving a net profit of Rs. 177. Receipts and Expenditure.

231. The school was visited during the year by His Excellency Lord Lamington, Governor of Bombay in the month of October 1904. Mrs. Ferris, Captain Pottinger and the Educational Inspector S. D. also paid visits to it during the year. Visits.

(IV) The Education of Mahomedans.

232. The number of Urdu Schools was 6 and that of Urdu classes attached to the Vernacular Schools was also 6. They had in all 673 pupils studying in Attendance.

them against 334 of the preceding year. The total number of Mahomedan scholars studying in the State Vernacular, Anglo Vernacular, aided and unaided schools was 698 against 600.

(V) The Education of Low Castes.

Attendance.

233. The number of Low Caste schools was 9 against 7 and that of students attending them was 398 against 288.

(VI) Victoria Marhatta Students Institution.

Attendance Receipts and Expenditure.

234. This institution is the outcome of the spontaneous efforts of the Maratha community to raise the educational status of their caste and it has been flourishing under the encouragement given to it by His Highness. The number of students in the institution during the year was 66. Of these 42 were from the Kolhapur Principality and the rest from other native states and the British Districts. The receipts of the institution during the year amounted to Rs. 5,110 and the expenditure to Rs. 5,105. Additions to the buildings near the Jiti-nala kindly presented by His Highness for the accommodation of the students were made by the Maratha Education Society at a cost of Rs. 3,000, to which His Highness was pleased to contribute a sum of Rs. 1,500.

(VII) Jain Boarding institute.

Jain Boarding house.

235. The Jain community in the Kolhapur & S. M. C. States had for some time been thinking of starting a boarding house for the Jain students learning in the Rajaram High School and College and His Highness who takes a special interest in promoting education amongst the backward classes was pleased to present a beautiful site on the *Chofala Mal* for the erection of a building for the accommodation of the students. The work of building a handsome edifice was under construction during the year under report.

(VIII) Unaided private Schools.

Number of Schools, &c.

236. The number of such schools and that of scholars attending them were respectively 37 and 645 against 26 and 363 of the last year.

(IX) Public Service Certificate Examination.

Examination Result.

237. 149 against 143 candidates appeared for the Public Service Certificate Examination, of whom 37 against 84 passed.

(X) Encouragement to Literature.

Expenditure.

238. Rs. 370 were spent in purchasing a few copies of works of different authors.

(XI) Music class at Kolhapur.

Music class.

239. This has been maintained by a private body known as 'Gayan Samaj' for 22 years since 1883 A. D. The number of students attending it during the year was 30. Native vocal music is taught to the accompaniment of Indian Lute and *Tabla*. For the sake of convenience four standards have been made and every student is required to pass through these standards. A singer has been engaged to teach music. Students are charged a fee of four annas each per mensem. The amount of subscription received was Rs. 608 and the expenditure Rs. 483. The number of subscribers was 32. The institution is receiving an annual grant of Rs. 120 from His Highness the Chhatrapati Maharaja Saheb and also allowed the use of a room in the Rajaram College buildings for holding the class there in the morning or evening when the college is not open.

CHAPTER VIII.

MISCELLANEOUS.

WILD ANIMALS.

Destruction of wild animals and rates of rewards.

240. The rates of rewards fixed for the destruction of wild beasts and venomous snakes remained the same as before. Three tigers and 12 snakes were reported to have been killed during the year and the rewards for the same amounted to Rs. 13-8. One of the tigers was killed by the District Officer S. D. while on his tour in the Gadhinglaj Taluka. Besides these His Highness and party, Jahagirdars and European gentlemen were able to kill several wild beasts while hunting in the Jungles of the Principality during the year under report.

REPORT ON THE GENERAL ADMINISTRATION OF THE KOLHAPUR PRINCIPALITY FOR THE YEAR 1905-1906.

PART II.

CHAPTER I. (Political.)

The year under report was the twelth in succession of the Personal Administration of His Highness Sir Shahu Chhatrapati Maharaj G. C. S. I.; G. C. V. O.; LL. D. &c. Maharaja of Kolhapur. This year too the material progress of the Principality as will appear from the results of the year was to some extent hampered by the insufficiency of rainfall and scarcity of fodder and water in the parts of Shirol and Raibag.

H. H. Sakwarbai Ranisaheb Maharaja's holy tour to Rameshwar.

2. Her Highness Sakwarbai Ranisaheb Maharaj, His Highness' grandmother had been on a tour of pilgrimage to the holy town of Rameswar in the month of August 1905 and after having performed necessary religious ceremonies there, went to Allahabad and thence returned to Kolhapur in the month of November 1905. On her way Her Highness had the pleasure of paying a visit to Bungalore and seeing the old surviving Ranees of Tanjore (Bhonsle Family). This year's pilgrimage which lasted about 3 months was also beneficial to Her Highness' health and the British authorities gave great help in arranging for the comforts and conveniences of Her Highness and party wherever they had to halt on the way for which thanks of the Darbar are due to Government.

His Highness' visit to Bombay.

3. An event of very great political importance which occurred during the year was the visit of His Highness the Chhatrapati Maharaja with all his Feudatories and the Diwan to Bombay in the month of November 1905 to bid a cordial welcome to Their Royal Highnesses the Prince and Princess of Wales on their landing on the Indian soil. His Highness as soon as he learnt that the long looked-for visit of Their Royal Highnesses the Prince and Princess of Wales was settled, made a request expressing his earnest desire of offering a cordial welcome to the illustrious visitors, in his Capital. But to His Highness' great disappointment he was informed under instructions from Government that the arrangements which were made already could unfortunately not admit of Their Royal Highnesses visiting Kolhapur. The invitation was, however, duly submitted to His Royal Highness who was pleased to desire that his acknowledgements of the spirit of loyalty which prompted the invitation might be conveyed to His Highness. His Highness received a *Kharita* from His Excellency Lord Lamington, Governor of Bombay inviting him to be present in Bombay on the august occasion of Their Royal Highnesses the Prince and Princess of Wales' visit to take part in Their Royal Highness' reception. The invitation was accepted most cordially. All the Feudatory Jahagirdars were asked to attend His Highness to Bombay on the occasion with the exception of the Senakhaskhel of Torgal who regretted his inability and begged to be excused. All the Feudatories were present in Bombay in time. Within easy reach from the Government House on the Malabar point where Their Royal Highnesses were to stay a suitable bungalow called ' New Bunnee ' was engaged for His Highness' residence. The bungalow which was on the Peddar Road, was handsomely decorated under the supervision of the Darbar Supervisor Mr. S. S. Gupte L. C. E. Provision for the accommodation of Colonel W. B. Ferris Political Agent Kolhapur and S. M. Country was made by the Bombay Government in a tent

pitched in the Political officers' Camp at the Chowpati. The Jahagirdars of Vishalgad, Bavada and Ichalkaranji, the Himat Bahadur and the Sarlashkar Bahadur had put up separately and the rest with His Highness. On the 6th of November 1905 His Highness accompanied by Col. W. B. Ferris, Political Agent Kolhapur and S. M. Country, Rao Bahadur R. V. Sabnis, Diwan, Meherban Dattajirao Ghatge Sarjerao and party left Kolhapur by a special train which arrived at Poona at day-break the next morning. He thence proceeded by the next Mail train arriving at Bombay at 11 A. M. The arrival which was private was announced by a salute of 19 guns from Government battery. The Principal functions in connection with the visit of Their Royal Highnesses for which invitations were received from Government were:—

(I) Reception of Their Royal Highnesses on their landing at the Apollo Bundar at 4-45 P. M. on the 9th November 1905.

(II) The visit to and return visit from His Royal Highness.

(III) Laying of the foundation stone of the Royal Museum of Western India on the 11th.

(IV) Laying of the foundation stone of the Alexandra Dock on the 13th.

(I) On the 9th November Meherban Narayanrao Ghorpade, Jahagirdar of Ichalkaranji told His Highness that he being a member of the Legislative Council had got separate invitation and would attend the function at the Apollo Bunder in that capacity if allowed. The request was granted. His Highness therefore, accompanied by the rest of the Feudatories went to the Bunder at the appointed time 4-15 P. M. to join in the reception of Their Royal Highnesses on their landing there.

(II) A Deputation consisting of the Under Secretary to Government and the staff officer waited upon His Highness at his Bungalow at 10-15 A. M. His Highness accompanied by the Political Agent, the Feudatories and the Diwan left for Government House with an escort of cavalry consisting of 2 non-commissioned officers and 12 sowars arriving there at 10-30 A. M. On alighting from the carriage His Highness was received by an A. D. C. who led him up the stairs where he was received by the Private Secretary of the Government of Bombay who conducted him to His Royal Highness' presence. His Royal Highness received His Highness at three quarters of the distance from the *dais* to threshold of the reception room, shook hands with him and conducted him to a seat on his right hand. On the right of His Highness, the Political Agent and the Sardars in attendance sat according to their rank. The other British officers sat on His Royal Highness' left according to their rank. After a few minutes' conversation His Highness' party were presented to His Royal Highness. They all after bowing thrice presented one gold *Mohor* as Nazar which was touched and remitted. *Utter* and *Pan* was given by His Royal Highness to His Highness and the Under Secretary gave it to the attendant Sardars. The departure ceremonies were the same as on arrival. The deputation accompanied His Highness back to his bungalow. A salute of 19 guns was fired on the arrival and departure of His Highness and a guard of Honour which was drawn up in front of Government House presented arms on each occasion as His Highness passed.

The time fixed for the return visit of His Royal Highness was 10-45 A. M. on the 11th November 1905. A deputation from His Highness consisting of the Feudatories of Vishalgad, Bavda, Kapshi and Kagal Junior with an escort waited upon His Royal Highness at the Government House. His Royal Highness attended by the Political Secretary and Under Secretary to the Government of Bombay and the members of his staff together with the deputation arrived at the New Bunee in time. His Highness and Col. W. B. Ferris Political Agent

met His Royal Highness as he alighted from his carriage, and conducted him to a seat in the Darbar Hall on His Highness' right hand. On the left of His Highness, the Political Agent and the Feudatories and officials in attendance sat according to rank and on the right of His Royal Highness the British officers as shown below :—

	Dattajirao Ghatge Sarjerao of Kagal Junior.
	Udajirao Ranojirao Chawan Himmat Bahadur.
	Hanmantrao Gopalrao Nimbalkar. Sarlaskar Bahadur.

After a short conversation, Col. W. B. Ferris presented to His Royal Highness, the Feudatories and officials one by one in the order given above. Each of them after bowing thrice approached His Royal Highness and presented a gold *Mohor* as Nazar which was touched and remitted. After the presentation of the Sardars was over *Utter* and *Pan* was presented to His Royal Highness, the Chief Officer of the Staff, the Chief Secretary and the Political Agent by His Highness and to the other officers in attendance by the Diwan. His Royal Highness was then conducted by His Highness and the Political Agent to His carriage and accompanied by the deputation of His Highness to the spot where His Royal Highness was met by another deputation.

(III & IV)—His Highness and party attended the ceremony of laying the foundation stone by His Royal Highness the Prince of Wales of the Royal Museum of Western India and the Alexandra Dock on the 11th and the 13th November 1905 respectively.

Besides the above the under mentioned functions were attended by His Highness:—

(i) Levee at the secretariat on the 10th.
(ii) General Reception at Government House on the 11th.
(iii) His Excellency the Governor's at home on the 11th.

Their Excellencies Lord and Lady Curzon departed for England on the 18th November 1905. His Highness and party had been to the Bunder to say good-bye to them. His Highness was also present at the Secretariat when His Excellency Lord Minto assumed the charge of the Viceroyalty of India. His Highness, Col. W. B. Ferris and party left Bombay on the 19th and arrived at Kolhapur the next day.

A grand Darbar at the Residency.

4. A grand Darbar was held at the Residency by Colonel W. B. Ferris, Political Agent on the 26th of June 1905 the birth day of the King Emperor Edward VII, to present the *insignia* of the Most Eminent Order of the Indian Empire to Meherban Pirajirao Jayasingrao Ghatge Sarjerao Vajarat Ma-ab of Kagal (Senior) and the Sanad of Rao Bahadurship to the Diwan Mr. R. V. Sabnis. The chiefs of Mudhol, Miraj and Kurundwad and the Administrators of Sangli and Miraj (Junior) as also the Feudatories, principal Officers, Sardars, and Mankaris of the Kolhapur State, officers connected with the Agency and European and American ladies and gentlemen of the Station were present. H. H. Tukojirao Powar, the Rajesaheb of Dewas was also present being on a visit to Kolhapur. At about 10 P. M. His Highness the Chhatrapati Maharaja Saheb arrived and was received by Colonel Ferris and they took seats on the "*dais*". The proceedings were opened by colonel Ferris who in an eloquent and interesting address said:—

"Your Highness, Chiefs, Sardars, Ladies and gentlemen,—I have asked "you here this evening to assist in doing honour to two distinguished "gentlemen and loyal subjects of the Empire upon whom it has pleased "His Most Gracious Majesty the King Emperor to confer distinction. "Meherban Pirajirao Bapusaheb is familiar to all here and those who, like "myself, enjoy the previlege of his friendship and close acquaintance, ap- "preciate his sterling worth. Personally I have known him from his birth "and have seen him grow from boyhood to manhood the same straightfor- "ward upright gentleman that we welcome to day. His lamented father did "good service for the Kolhapur State at a trying time and he will always "be remembered for his good Administration of this large principality as "much as for his geniality, kind-heartedness and Catholic Sympathy. It "was during his enlightened Regency that important reforms were introduc- "ed and restrictions on trade removed by the abolition of transit duties. "His loyalty to the Darbar of which he was so distinguished a Feudatory "was evinced not only in giving his time and energies for its Government "during minority, but in surrendering his eldest son to be its Maharaja. "Had he lived, the honour his younger son receives to day would doubtless "have been his; his successor is, in all ways, worthy of him and the de- "coration His Majesty has been pleased to confer reflects honour also not "only on the father in whose footsteps he has so loyally followed, but on "the Maharaja whose faithful brother, subject and sardar he is. It is not "often that personal titles are conferred on officials of Native States serving "ruling chiefs, the distinction is, therefore, all the greater in the case of "Mr. Sabnis. Born, brought up and educated in the Kolhapur Principality "he has reflected nothing but credit on the Kagal State where he first saw "light on his *alma mater* in Kolhapur and on the Darbar to which he has "for 12 years devoted his best energies. Although for 15 years in the "British Educational Department, in which he rose to some considerable "eminence, he elected to abandon the high aspirations he might have legi- "timately looked forward to in the service of the British Government to "come back and serve the master whose subject he was. As tutor, he had "opportunities of instilling into His Highness those principles that have "helped to make him the beloved and honoured ruler of this important "State that we know him to-day. Subsequently as Huzur Chitnis and Diwan. "Mr. Sabnis' marked abilities and clear intellect have contributed to bring "the Kolhapur State through years of difficulty and to place it, as it is now "in the position of one of the best Administered Native States of the Indian "Empire. Mr. Sabnis has worked single-mindedly and unselfishly and with "no eye to self aggrandizement. The personal title conferred on him must "therefore be as welcome as it was unexpected. Now Bapusaheb and Mr. "Sabnis, I beg you will accept from me my sincerest congratulations. May, "the honour conferred on you this year and delivered on this most auspici- "ous day set apart to observe the birth-day of Our Most Gracious King "Emperor, be only the precursor to others even greater, and may you both

"be spared to enjoy them for many years to come. In congratulating you "I also congratulate myself on being the medium for bestowing the out- "ward and visible signs of His Most Gracious Majesty's honour. My time "in India is drawing to a close and it is not to be anticipated that opportu- "nities so rare may fall to my lot again, but in my far home in the West, "I shall ever cherish pleasant memories of this evening when it was my "privilege to vicariously place the hall mark of the King's approval on two "distinguished gentlemen, loyal subjects and personal friends".

The second-in-command Kolhapur Infantry then presented the recipients of the honours and the Political Agent delivered the insignia and read the sanads. The proceedings terminated with the distribution of *Attar* and *Pan*.

Changes in the Personnel of Administration.

5. There were no changes worth-mentioning in the Report in the Personnel of Administration during the year under report.

His Highness' tours.

6. His Highness as usual made short trips to Bombay, Poona and other places and had the pleasure of seeing Their Excellencies. Tours of inspection in the District were also made during the year.

Rainfall.

7. The rainfall during the year was much below the average in almost all parts of the Principality and was not even sufficient for the crops in Shirol, Raibag and Katkol where they almost failed and scarcity of water and fodder was greatly felt throughout the year. The prices of staple food-grains rose everywhere and those of fodder had an upward tendency till the close of the year, particularly in the parts of Shirol, Raibag and Katkol. All possible steps for affording relief to the people and cattle in their three-fold distress were taken by the Darbar wherever necessary.

Plague & Cholera.

8. This year the duration of plague was longer but its virulence being less the number of persons that succumbed to it was less in the city as well as in the Districts. But owing to the scarcity of water cholera broke out and in the months of March and April owing to its ravages the mortality rose very high both in the city as well as in the Districts. On the whole the ratios of both births and deaths have fallen this year.

Products.

9. Kolhapur is an agricultural country and all Indian grains and most of the fruits and vegetables grown in the Deccan are raised in the Principality. The staple commodities are Rice, Jowari, Nachna, wheat, tobacco, cotton, Sugarcane &c. The rice and other kharip crops almost failed in almost all parts of the Principality but the Shalu and other Rabi crops yielded a good harvest in the western part of the Principality.

Manufactures.

10. The articles manufactured in the Principality are commonplace and noticeable neither for the skill of the workmen nor for their quantity. Course cotton, and woollen cloth and articles of pottery and hard-ware are the principal products of manufacture. Coarse sugar, glass bangles and paper of course kind are also manufactured here. Metals such as silver, copper, iron, tin, zinc, brass &c are made into pots of various kinds, ordinarily used by natives for domestic purposes but hardly any metal is produced here. No mines are worked. Iron ore is found in abundance but for want of fuel it cannot be profitably used.

Relations with Feudatory Estates, Saranjams, &c.

11. There are in all nine Feudatory Estates viz:—

1. Vishalgad.
2. Bavda.
3. Kagal (Senior).
4. Kapshi.
5. Ichalkaranji.
6. Kagal (Junior).
7. Torgal.
8. Himmat Bahadur.
9. Sarlaskar Bahadur.

12. All these Estates were managed by their respective holders during the year under report. A short account of each is given hereafter.

13. Tabulated statements showing the receipts and expenditure of each of the Estates separately for the year under report contrasted with those of the preceding year with explanations of important variations have been appended as Consecutive Enclosures Nos. 24 to 32.

14. Three synoptical statements showing cash balances, receipts, disbursements of each Estate during the year as compared with those of the preceding three years under the principal heads *viz*:—(1) General, (2) Judicial, (3) Revenue and (4) Military are given under each Estate.

Vishalgad.

15. Meherban Abajirao Krishna Pant Pratinidhi continued to manage the affairs of his Estate. The Jahagirdar is 38 years old and a Deshastha Brahman by caste. He has to pay annually contribution of Rs. 5,000 to the Kolhapur Darbar. The strength of the Police force was 54 and that of Shibandi and others 108. There were 4 schools attended by 225 against 187 scholars. The expenditure on Education was Rs. 2,496. 1,069 persons were vaccinated during the year under report. The Jahagirdar has got three sons.

38. Details as regards medical relief and Education are shown under Chapter VI and VII respectively.

CHAPTER II.

ADMINISTRATION OF THE LAND.

Survey of land.

Original Survey Settlement.

39. Original Survey Settlement was introduced in 33 Dumala villages scattered over the Karvir, Alte, Gad-Hinglaj and Bhudhargad Talukas of the State Proper.

Revision Survey work.

40. The Revision Survey work that remained to be done at the close of the last year was completed by the end of December 1905 and settlement reports for the same were submitted for approval. The expenditure incurred during the year under report amounted to Rs. 25,863. The total expenditure incurred from the commencement of the Survey operations in the State amounted to Rs. 4,30,363. The total area to which the survey operations were extended was 14,30,212 acres. The average cost per acre therefore comes to Rs. 0-4-9.

City Survey.

41. The Department of city survey continued to be under the management of the Kolhapur Municipality. Its cost amounted to Rs. 180. During the year under report 17 Sanads were handed over to the holders of properties leaving a balance of 2,202.

Appeals.

42. The Chief Revenue Officer had for disposal 8 appeals against the decisions of the Special Mamledar City Survey as against 8 in the preceding year. Of these 5 were decided, in 4 of which original decisions were confirmed and in one it was reversed.

Revenue Collection.

Land Revenue.

43. The Revenue year begins with the 7th of June and ends with the 6th June (Fasli year) and collections of Revenue are made by two instalments of 50 percent each, the first being in the months of December and January and the second in the months of March and April. The revenue is derived in cash in almost all parts of the Principality excepting some portions of Vishalgad and Bavda where it is recovered in kind.

Area taken for cultivation.

44. Out of the total area 3165·3 square miles the cultivable area is estimated to be 2537·5 Square miles or 16,24,000 acres as will be seen from the Statement under para 47. The rest is sand, rock or otherwise unculturable. The area taken up for cultivation in the State Proper shows an increase of about 6,000 acres over that of the last year. The increase is chiefly due to the introduction of Revision Survey Settlement in Panhala Taluka this year.

Demands and collections of the Land Revenue.

45. Revision Survey Settlement has been made and the revised rates of assessment have been announced for all Talukas and Mahals excepting the Karvir and Bhudargad talukas where they will be announced in the next year. The land revenue demand which was about Rs. 11,50,000 in the year 1896-97 *i. e.* before the commencement of the Revision Survey operations, has now come up to Rs. 13,89,000. Owing to the insufficiency of rainfall the crops in the eastern part of the Principality almost failed and the Darbar had, therefore, to grant suspensions amounting to Rs. 1,10,000 in Shirol and Alte Talukas of the State. The actual collections of the revenue were not so satisfactory as those of the last year as will be seen from the particulars shown in Chapter V. Coercive measures were strictly forbidden to be taken anywhere in the Principality.

Tagai.

46. *Tagai* advances were required to be given mostly in Shirol Taluka including Raibag Mahal for the purchase of seed, &c. and for the improvement of lands. These amounted to nearly Rs. 13,000.

Extent of cultivable area and of that taken for cultivation.

47. The following table shows the extent of cultivable area and that of actual cultivation during the year under report as compared with those of the preceding year:—

Name of State.	Extent of cultivable area.		Taken up for cultivation in.

Increase.

48. The increase both in the culturable area and that under actual cultivation was due mainly to the larger figure furnished by Bavada which being not surveyed the area given is only approximate and always subject to variation.

Waste lands in the State proper.

49. In the State Proper 1,00,747 acres of land were lying waste during the year under report against 1,03,896 of the last year. Of these 5,183 acres were in Karvir Taluka, 28,005 in Panhala, 6,376 in Alte, 14,938 in Shirol, 21,279 in Gad-Hinglaj and the rest in Bhudargad Taluka. The area remained as waste is fit for cultivation and can be given for cultivation by auction for a fixed period.

Inam yadast.

50. Inam yadast statements for 78 villages in Gad-Hinglaj Taluka were framed during the year under report.

Alienation.

Settlement cases.

51. No work in connection with the settlement cases was reported to have been done during the year. Three cases valued at Rs. 362 involving questions of settlement of Judi on Inam Lands remained pending at the close of the year.

Succession inquiries.

52. Besides the above, original succession inquiries were held during the year in 139 cases. In 107 cases the holdings were continued and in 32 they were resumed. Sanction for mutation of names consequent upon the death of

the alienees of the Inam Lands previously adjudicated upon was applied for in 870 cases. Out of these sanction was given in 849 cases as shown in the following table:—

CHAPTER III.

PROTECTION.

57. Bombay Act V of 1901 amending the Bombay Abkari Act of 1878 and the Kolhapur State Arms Rules were introduced during the year under report, the former from the beginning of the Fasli year 1315 *i. e.* 7th June 1905 and the latter from the 1st of May 1905. Legislation.

Military Force.

58. The military establishment of the State consists of two divisions (1) Kolhapur Infantry under a European officer and (2) Red coated Risala or His Highness' body-guard under a Native officer. Information as regards the strength and cost of these establishments is given in appendix III (Consecutive Enclosure No. 5). Military.

Infantry.

59. The Sanctioned strength of the force and the actual strength during the year are given in the subjoined statement from which it will be seen that one adjutant and 3 privates are wanting to complete the sanctioned strength. Sanctioned strength.

60. In the annual course of Musketry there were in all 144 marksmen from the Regiment against 69 of the last year and the figure of merit obtained has gone down from 68·46 to 49·63. The reasons why the figures could not be favourably compared with those of the last year were, as given by the Second-in-Command, that the distances were changed and the marks to become a marksman have been changed from 85 to 55. Bugler Babar Khan 'F' company was the best shot in the Regiment having obtained 71 points out of a possible 84. He received Rs. 15 as the first Musketry prize. The company Volley firing was carried out on the range and the average for the whole regiment per man was 3·53. The annual inspection of the Regiment was held on the 26th and Musketry &c.

27th February 1906 by the Commandant after which he expressed his satisfaction at the smartness and efficiency of the Battalion. He further remarked on the steadiness on the parade, the excellent training of the recruits, the physique of the whole body and the aptitude of all in various departments of military science.

Health of the regiment.

61. The health of the Regiment was good. The total number of deaths during the year was 6 against 4. The conduct of the Regiment was generally good.

Changes in the staff.

62. Captain R. S. Pottinger, Assistant Political Agent S. M. Country, performed the additional duties of Second-in-command and Adjutant Kolhapur Infantry from the 14th of August to the 8th of October 1905. For the remainder of the year except for the period between 16th July and 14th August, Captain T. A. F. R. Oldfield Second-in-command, performed the additional duties of adjutant Kolhapur Infantry.

Red Coated Risala.

Strength and expenditure.

63. The sanctioned strength of the force is 156 and the actual strength at the close of the year under report was 143 as will be seen from Appendix III. 13 of the places were vacant at the close of the year. The total expenditure of the force amounted to Rs. 36,115. The conduct of the force was satisfactory.

Police.

Strength and expenditure.

64. The total strength of the Police force in the Principality, which is all foot-police was 876 against 858 of the last year. The increase is due to the engagement of some new temporary hands in connection with plague &c. The total cost of the force was Rs. 79,265 against Rs. 82,423. The decrease in the expenditure was due to the fact that last year new dress was supplied to the force while this was not the case of the year under report.

Proportion of area and population to a police peon.

65. The total area and population of the Principality are respectively 3165·3 square miles and 9,10,011 persons as per census of 1901, from which it will be seen that ratios of area and population to the police force come to 3·6 square miles and 1,042 persons respectively to a police peon.

Police force in the state proper.

66. The total number of Police force in the State proper rose from 616 to 633 and the expenditure went down from Rs. 59,320 to Rs. 58,498. The force includes 23 persons holding service lands of whom one is a Fouzdar, 2 Jamadars, 3 Naiks and the rest sepoys.

Education.

67. 153 of the Force can read and write and 139 were under instruction.

Conduct.

68. The conduct of the force was much better during the year. The number of punishments inflicted during the year was 52 against 82 of the last year. Of the 52 persons one was dismissed and the rest were dealt with departmently. The number of promotions and rewards was 79 against 86 of the last year.

Working of the police.

69. The number of offences reported to the Police increased from 557 to 577 and that of persons arrested from 361 to 438 of whom 242 or 55·25 percent were convicted against 227 or 62.88 percent of the last year. The number of arrested during the year by the Kolhapur Police was 341 and the balance for the previous year was 6. Of the total 347 persons in the custody of the Police 344 were sent up for trial which with the balance of 86 pending trial at the close of the last year made up the total of 430 persons for being dealt with in the courts of Magistrates. Of these 182 were convicted and 116 acquitted, or discharged

3 died and 129 persons awaited trial and 3 persons remained in the custody of the Police at the close of the year. The total number of persons arrested in the Feudatory Estates was 97 of whom 96 were sent for trial and one remained pending in the custody of the Police. Of these 60 were convicted, 30 acquitted or discharged and 6 awaited trial at the end of the year under report. (For further details *Vide* Appendix V Consecutive Enclosure No. 7.)

Stolen property recovered.

70. Property valued at Rs. 95,356 was reported to have been stolen during the year of which Rs. 60,369 or 63.3 were recovered against 37.22 percent of the preceding year. The percentage of the State proper was 60.18 against 36.25.

Cognizable and Non-cognizable crimes.

71. The number of crimes of all descriptions reported to have been committed went down from 3,078 to 3,024. The number of persons put upon trial was 7,132 against 6,589 of whom 894 or 12 percent were convicted while 1,430 or 20 remained awaiting trial. 2 of the convicted were sentenced to transportation and one to capital punishment.

72. The number of Village Police remained stationary.

Criminal Justice.

Criminal Courts.

73. The number of criminal courts in the Principality was 71 at the end of the year against 65 of the last year as detailed below:—

1 His Highness' court.

10 Courts of Sessions:—

2 Sessions Judges' Courts (one of the Chief Judge and the other of the Joint Sessions Judge.)

8 Courts of Feudatories having limited powers of Sessions Judges.

60 Courts Magistrates as shown in the subjoined statement:—

Increase.

74. It will thus be seen that there was an increase of 6 courts during the year under report. The increase of 2 in the number of 1st class Magistrates was due to the appointment of two special Magistrates for the disposal of work in arrears in the State Proper. Powers of a second class Magistrate were given to Meherban Shahajirao Bhosale Khanvatkar, Ballalrao Joshirao and the Karbhari of Jagadguru Matha Karvir and hence the rise of 3 in the number of 2nd class

Magistrates. The increase of one in the number of 3rd class Magistrates is attributable to the Aval karkun of Jagadguru Math Karvir, being invested with a 3rd class Magistrate's powers.

Work done by Magistrates.

75. There were in all 7,132 persons inclusive of the previous year's balance of 1,084 for trial before Magistrates in connection with 3,400 offences inclusive of the last year's balance of 376. Of these 5,702 persons were tried, leaving a balance 1430 at the close of the year. The percentage of acquittals and discharges was 67 against 76.8 of the last year. (For further information *vide* following para and appendices VII to IX.)

76. The work done by Magistrates in the Feudatory Estates during the year is shown in the following table:—

Summary cases.

77. The District Magistrate disposed of 20 cases summarily during the year under report.

Sessions cases.

78. Inclusive of the previous year's balance of 1, the Chief Judge and the Joint Sessions Judge had before them 47 Sessions cases involving 198 persons for disposal. Of these 46 cases with 194 persons were disposed of, during the year under report 75 persons were convicted, 116 acquitted, 4 died or escaped. Of the 46 cases three were from the Feudatory Estates. There were three sessions cases one, in each of the courts of Vishalgad, Ichalkaranji and Kagl (Junior) involving in all, 5 persons of whom 3 were acquitted and 2 convicted.

Appeals.

79. The total number of appeals was 178 against 186 of the preceding year, involving 339 against 361 persons. Of these 24 were rejected, the decisions of the lower courts were confirmed in 30, modified in 7 and reversed in 44, in 3 the proceedings were quashed and in 2, further inquiry was ordered. The percentages of reversals and confirmations were respectively 40·7 and 27·7. (For further details see Appendix IX).

Applications for review.

80. The number and result of applications for revision are shown in the

subjoined statement:—

Extradition.

81. The number of persons surrendered to the Darbar was 21 and that surrendered by the Darbar was 8.

Civil Justice.

Civil Courts.

82. The number of civil courts in the Principality was 41 against 38 of the last year. The increase of three in the number of courts was due to the fact that powers to try suits not exceeding Rs. 5,000 in amount or value were given during the year to Meherban Ballalrao Joshirao, Meherban Shahajirao Bhosale Khanwatkar and Karbhari of Jagadguru. Besides the 36 courts mentioned in the statement under para 85 there were 5 courts *viz*:—

1. His Highness' court exercising the powers of a High Court in appellate matters having jurisdiction throughout the Principality.
1. The combined Court of His Highness and the Political Agent Kolhapur and S. M. Country having powers to try suits against the higher Sardars mentioned in the treaty of 1862.
3. Courts of Assistant and Special Assistant Judges disposing of 1st appeals in Kolhapur proper.

Civil suits.

83. Inclusive of the last year's balance of 2,438 there were in all 7,362 suits for disposal against 7,152. Of these 4,738 against 4,714 were disposed of leaving a balance of 2,624 at the close of the year under report. (For further details see Appendix X Consecutive Enclosure No. 12.)

Applications for the execution of decrees.

84. Inclusive of the last year's balance of 2,515 involving claims of Rs. 6,82,571 there were in all 5,813 against 6,177 applications for execution of decrees involving claims of Rs. 10,91,055 against 10,27,645. Of these 3,254 applications of the value of Rs. 4,15,062 were disposed of, leaving a balance of 2,559 involving claims of Rs. 6,75,993. (For further particulars *vide* Appendix XI Consecutive Enclosure No. 13.)

Combined Court.

86. Two cases that remained pending disposal at the close of the last year in the combined Court of His Highness and the Political Agent remained undisposed at the end of the year under report. No new case was filed during the year under review.

Miscellaneous appeals.

87. The chief Judge had before him 37 miscellaneous appeals for disposal of which 12 were disposed of, in 5 of which the original decisions were confirmed, in 3 they were reversed, 2 were struck off the file and 2 abated.

Miscellaneous work.

88. The number of miscellaneous applications in the Chief Judge's Court requiring judicial inquiry such as applications for certificates for heirship, guardianship of minors and administration of their estates, &c. disposed of during the year was 116. Of these 65 were contested and 51 uncontested.

Special appeals.

89. 69 Special appeals were filed during the year in His Highness' Court which with the last year's balance of 250 made up the total of 319 for disposal of which 103 against 62 were decided leaving a balance of 216. In 48 of these the original decisions were confirmed, in 10 they were reversed and in 5 they were amended. 16 appeals were remanded, 14 struck off the file, 3 were compromised and 7 were otherwise disposed of.

Pleaders.

90. The number of pleaders has risen from 115 to 126, eleven new Sanads having been issued during the year under report. The details of qualifications are given below:—

24	Barristers and L.L. B.s.	21	District Pleaders.
53	Kolhapur State Pleaders.	28	Pleaders holdig special Sanads from His Highness.

Besides these, the number of Mukhtyars practising in the Lower Courts of Magisrates was the same as that of the last year.

Prisons.

Jails and lock-ups.

91. The number of Criminal Jails and lock-ups was the same *viz* 18 as that of the last year.

Buildings.

92. The Central Jail at Kolhapur is situated immediately inside the Eastern gate of the town. It is bounded in that direction by the rampart and on the other side by high native dwelling houses which directly over-look the building except on the North where they are separated by the breadth of the public road. Besides the main building there are two other smaller ones attached to the Jail for the accommodation of female and under-trial prisoners. The main building is enclosed by four walls, 22 feet high, forming a square. The wards are built within the quadrangle formed by the four outer walls of the main building which average 21 feet in height. The roof is a graduated slope from these walls to a height of 12 feet within, the face of the cells being protected by a carrugated iron shed running all round the interior of the quadrangle. The front of the cells and partitions belween the several wards consist of iron and wooden bars carried up to the roof. There are roof ventilators also above each cell. The cells are capable of accommodating 158 men. The cubage and floor space allowed to each prisoner has been 648 cubic feet and 40 square feet respectively. The rest are subordinate Jails or lock-ups, one at each Taluka or Mahal station or at the capital of each Feudatory Estate which consists of one or two cells built of pucka masonry and is attached to the *Katchery* of the station where under-trial or short-termed prisoners are kept.

Admissions, &c.

93. The number of prisoners admitted and that remaining at the end of the year at the Central Jail and several lock-ups and the amouuts spent for their maintenance are given in Appendix XIII Consecutive Enclosure No. 15.

94. The Central Jail was visited during the year by the Diwan, the 1st class Magistrate S. D. and the officers commanding the Kolhapur Infantry. Visits.

95. The number of convicts inclusive of the previous year's balance of 201 was 408 against 422. Of these 50 were released on appeal, 107 on expiry of sentence and 34 under remission rules; 2 died, 1 transported beyond seas and 214 remained at the end of the year. The details about their religion, Age and previous occupation are given in the subjoined statement:— Convicts.

107. The District Officer N. D. had before him 20 appeals for disposal inclusive of the last year's balance of 2. Of these 13 were disposed of, leaving a balance of 7 at the end of the year. 4 of these were granted, 8 rejected and 1 remanded. The District Officer S. D. had before him 18 appeals in all for disposal, of which 13 were disposed of, leaving a balance of 5, 3 were granted and 13 rejected. Revenue appeals.

108. Against the decisions of the District officers, there were 11 appeals before the Chief Revenue Officer of which 10 were disposed of. In 5 of these, the original decisions were confirmed, in 2 they were reversed and 3 were remanded for retrial. Appeals against District officers' decision.

Appeals in Feudatory courts.

109. There was one appeal before the Karbhari of Ichalkaranji in which the decision of the Lower Court was reversed. No appeal was either filed or disposed of, by any other Feudatories and Karbharis.

Registration.

Registration transactions.

110. The number of documents presented for registration during the year shows an increase of 383 over that of the preceeding year, the value of property involved rising from Rs. 16,77,612 to Rs. 34,26,495 and the fees realized therefrom from Rs.27,773 to Rs.30803. The majority of these documents consisted of deeds of mortgage and sale. Details can be seen from Appendices XIV and XV.

Compulsory and optional registration in the State Proper.

111. The total number of documents registered under compulsory registration in the State Proper was 4,432 and the fees realized therefrom amounted to Rs. 16,712. Under optional registration 58 documents were registered, the fees realized being Rs. 64. Optional registration would thus appear not to have been very freely resorted to, the percentage being 1·3 of the compulsory.

112. 896 Documents or 192 per thousand remained to be registered and 738 or 158 per thousand remained to be returned as compared with 185 and 101 per thousand respectively of the last year.

Income and expenditure.

113. The gross income derived from Registration in the State Proper amounted to Rs, 24,282 against Rs. 22,005 and the expenditure Rs. 5,396 against 5,090 of the preceding year. The receipts and disbursements of Vishalgad, Bavda, Kagal (Senior) and Ichalkaranji Estates on this head were Rs. 437, 219, 2,836, 3,030 and Rs. 103, 72, 231, 669 respectively.

Municipalities.

Number of Municipalities.

114. The number of municipalities in the Prinicipality remained the same as in the last year *viz* 9.

Kolhapur City Municipality.

115. Mr. B. V. Jadhav M. A. LL. B. continued to be in charge of the City Municipality. The year opened with a balance of 36,311. The total receipts from all sources amounted to Rs. 1,11,912 and the expenditure to Rs. 77,041 against Rs. 89,080 and Rs. 76,999 of the preceding year. This year Rs. 8,215 were spent on the Establishment, Rs. 24,991 on lighting and conservancy, Rs. 30,324 on Public works and Rs 13,511 on Miscellaneous items. The closing balance was Rs. 71,182 of which Rs. 65,256, are deposited in the Bombay bank and the Huzur Treasury.

District Municipalities.

116. The receipts and expenditure on the Several District Municipalities are shown in Appendix XVI.

CHAPTER IV.

PRODUCTION AND DISTRIBUTION.

Agriculture.

117. The total number of acres capable of cultivation was 16,24,000 of which 13,29,650 were brought under cultivation during the year and 2,94,350 acres remained as fallow. For delails *vide* para 47 page 22. Cultivable and cultivated land.

118. The areas under principal crops for the year under report are compared with those of the preceding year in the subjoined table:— Area under principal crops.

119. Besides the above 3,20,791 acres that were brought under cultivation during the year were reserved for next year's crop.

Weather and Crops.

120. This year the monsoon made a fair beginning throughout the Principality as will be seen from the figures of rainfall given in Appendix XVII Consecutive Enclosure No. 19. and the area brought under cultivation was almost the same as that of the last year. The rainfall was scanty and that too was not timely and well distrubuted. Consequently, the kharip crops almost failed every where in the Principality. The showers in the month of October were very useful for the growth of Rabi crops in the western part of the Principality which being not in need of constant moisture yielded a fair harvest and relieved the distress considerably. The rainfall for the last year was insuffi- Rainfall &c. and out-turn of crops.

cient and almost everywhere below the average and this year too it was very meagre and not only below the average but much less than that of the last year. In the eastern Talukas the rainfall was not sufficient for the crops and the river floods too were not as high as usual. A greater portion of land in the Shirol Taluka and Raibag Mahal is every year submerged by the floods of the rivers Krishna and Panchganga and the crops in such lands never fail but this year the floods being not high as usual, the situation as regards the harvests there of, was not satisfactory. Katkol too, suffered the same fate as the rains were not seasonable and properly distributed throughout the Mahal. The out-turn in annas of the principal Kharip and Rabi crops is shown in the following table:—

Planlation.

Coffee. 121. Coffee was planted in Panhala and Bhudhargad Talukas in 14 acres and 7 gunthas of land but owing to the failure of rain this year, the crop did not fare well. The total yield was 170 against 358 lbs. of the preceding year.

Cardamom. 122. Cardamom was planted only in Panhala Taluka in about 37 gunthas of land. The Panhala garden yielded about 23 lbs. against 14 lbs. of the last year.

State Paddock and Agricultural Stock.

Number of animals. 123. There were in all 111 animals at the beginning of the year under report. The number of births during the year was 27. 13 were admitted for breeding and rearing purposes and 8 were purchased. Of the total number of animals *viz* 159, 10 died, 22 were transferred to the Khasgi and other departments for service and 15 were sold, thus leaving 112 animals at the close of the year of which 30 were Mares, 3 Stallions, 10 Colts, 6 Fillies, 1 Teaser and 62 Sheep.

Stallions. 124. Of the three stallions one has become old and useless for breeding purposes. Two were actually in use. 18 mares in all were served by these stallions of which only 8 were successful, 2 miscarried, 2 were unsuccessful and 6 doubtful.

Visits. 125. During the year His Highness the Chhatrapati Maharaja, Colonel Ferris, Political Agent Kolhapur S. M Country the Assistant Political Agent, His Highness the Rajesaheb of Dewas and several other Chiefs and gentlemen paid visits to the Paddock.

Agricultural stock. 126. The details of agriculture stock in the Principality are shown in Appendix XVIII. Cattle breeding is not practised as a profession any where in the Principality. There being severe scarcity of fodder in Shirol and Raibag it was arranged to supply dry grass from the state stores at Kolhapur at low rates for the distressed cattle in Shirol Taluka and Raibag Mahal. The grass tracts adjoining Raibag and Byakud hills and the state pasture at Saundatti in Raibag

Mahal were allowed free for grazing the cattle in distress. These measures relieved the cattle to a great extent as will be seen from the figures given in Appendix XVIII.

Veterinary Dispensary.

Veterinary Dispensary.

127. The total number of patients treated in the dispensary was 1,271 against 1,152 of the last year. Of these 81 were treated as in-patients and the rest as out-patients. Of the total number of patients 149 were horses, 578 bullocks and cows, 252 she-buffaloes, 15 sheep, 264 dogs, and 12 other animals. 262 of these were relieved, 671 cured, 11 died and 20 were incurable. The result of 307 was not known. 15 operations of castration were performed with success. There was not the out-break of foot and mouth disease in any of the state cattle farms or in the town but in the districts it prevailed in a few villages. The prevailing complaints were Indigestion, Diarrhœa, Bronchitis, Debility and other minor diseases.

Wages, Labour and Prices.

Prices.

128. Owing to the failure of crops this year, the prices of food stuffs had begun to rise since the month of October 1905 and showed the same tendency up to the end of the year under report. Fodder also continued to command high prices in the year especially in the parts of Shirol, Raibag and Katkol. Arrangement had, therefore, been made to sell at low rates the dry grass from the State Stores to the cattle in the affected area. The prices of food-grains and of fodder in the month of March 1906 at the Kolhapur Market are compared with those of the preceding year in Appendix XX.

Labourers and their rates of wages.

129. The daily earnings of unskilled labourers ranged from 1 to 3 annas while those for the skilled labourers were 4 to 10 annas. The former numbered about 65,000 and the latter 20,000. Most of these could find employment in the Principality.

Trade and Manufactures.

Chief trade Centres.

130. The number of trade centres or market towns were the same as that of the last year *viz* 16, the names of which are mentioned below:—

1 Kolhapur.	5 Kodoli.	9 Wadgaum.	13 Mahagaon.
2 Shahupuri.	6 Male.	10 Gad-Hinglaj.	14 Murgud.
3 Sangrul.	7 Sarud.	11 Malkapur.	15 Ichalkaranji.
4 Panhala.	8 Chanwad.	12 Kapshi.	16 Uttur.

Principal articles of export.

131. The principal commodities of export in the Principality are cotton, Tobacco, Rice, Jowari, Gram, Wheat, Chillies, Tur, Turmeric and other minor grains. The total quantities of the above articles produced in the Principality were about 15,00,000 maunds and of these 6,00,000 maunds are reported to have been exported outside the Principality.

Shahupuri Market.

132. Owing to the failure of crops in the year the trade transactions at the Shahupuri Market were not so satisfactory as those of the last year. Jagree exported during the year was worth Rs. 26,00,000 against Rs. 37,00,000. Besides this, Termeric, chillies, Ground-nut, Tobacco and other articles to the value of Rs. 18,00,000 were also exported.

Manufactures.

133. The principal manufactures of the Kolhapur Principality are weaving cotton, oil pressing, weaving blankets, pottery and making sugar and jagree.

Mill at Kolhapur.

134. Shri Shahu Chhatrapati Spinning and Weaving Manufacturing Company has been lately established at Kolhapur and has been registered under the Indian Company's Act of 1882 during the year under report. The Company is going to start a spinning and weaving mill with a capital of 15 lacs of Rupees. His Highness the Chhatrapati Maharaja has been pleased to grant a plot of ground for erecting a building for the mill near the Kotitirth Tank and to make some other concessions to the company.

Value of articles Manufactured.

135. The following table shows the approximate value of articles manufactured, their sale in and exportation from the Principality:—

Names of articles.	Value of articles made.	Value of articles locally sold.	Value of articles exported.
	Rs.	Rs.	Rs.
Cloth prepared by weavers	1,12,400	49,100	63,300

Forests.

137. The areas under Reserved and Protected forests at the end of the year under report were 342 and 183 square miles against 341 and 182 square miles of the last year. Reserved and Protected forests.

138. There were altogether 112 forest offences against 93 of the last year. Out of these, 3 were sent to Criminal Courts and the rest were dealt with, departmentally according to the forest law. The total amount of fine imposed departmentally was Rs. 1,207 against 496. There were in all 9 against 11 cases of forest fires and the area burnt by them was 889 against 278 acres. The damage done to the forest amounted to Rs. 67 against 50. Forest offences.

139. Owing to want of rain the work of nurseries and plantation had to be discontinued and the seedlings raised in nurseries during the last year were put out in forests. The condition of indigenous and exotic plants raised in Borgaon and other plantations in former years is generally good. Tea is planted in the Panhala and Bhudhargad Talukas and there are about 15,000 plants which are doing very well. There were altogether 14,955 Coffee plants in different places against 15,090. Most of the plants have attained the height of 4½ feet and are in good condition. Plantation.

140. During the year 41 Seers of Rosha oil were extracted by the Industrial Inspector against 75 seers at a cost of Rs. 82. Owing to the failure of rains there was not plenty of grass and the industry could not, therefore, be carried on, on a larger scale. The oil extracted during the year as well as the old stock was sold at Rs. 2-8 per seer which produced a total revenue of Rs. 2,300. Deducting from this, expenditure incurred in the extraction of the oil there was a net profit of Rs. 1,100. Rosha oil.

141. The total collection of the hirda crop was 18,332 Khandis against 2954. The income derived from the sale amounted to Rs. 1,52,194 against Rs. 27,898. The sale rate of the hirda crop was somewhat lower than that of the last year. Hirda crop.

142. The total receipts of the Department during the year were Rs. 1,68,147 against Rs. 43,861. The expenditure on conservancy and the establishment were respectively Rs. 83,219 and Rs. 19,559 The net profit of the year was Rs. 65,369. The increase is due to the large collection of hirda crop during the year. Revenue and finance.

143. The Industrial Inspector made an experiment of distillation of wood with good success. Six Bhattis were tried and 15 maunds of fire-wood were consumed producing about 155 lbs. of charcoal of the 1st quality and about 220 lbs. of 2nd quality. The amount got by selling the charcoal alone was Rs. 3-5-0 while the cost of wood, labour and cart-hire &c. amounted to Rs. 2-15-0. Besides, the liquid products which consisted of wood vinegar and tar were separated and collected. They amounted to 100 lbs. and 8 lbs. respectively. Samples of these articles have been forwarded to America and Japan for opinion and test. Some are also sent through the Political Agent Kolhapur and S. M. Country to the Chamber of Commerce Bombay and Calcutta. Since there is a large demand of this article for dyeing industries, this manufacture is expected to be profitable. Forest Industries

Pubic Works.

144. Details of expenditure, incurred during the year on Public works both from the State as well as local funds are shown in Appendix XIX Consecutive Enclosure No 21. Expenditure on Public works.

Relief measures.

145. This year the rainfall being much below the average was not even sufficient for the crops in the eastern Talukas of the State, the crops almost failed and the labouring classes were in need of some employment. Tank works at Shirol, Raibag and Kolhapur were, therefore, started and the piece-work system of taking work from the labourers was adopted every where. As the distress was not keenly felt, there was dearth of labourers on the relief works. Gratuitons relief was given to small children and other dependents of the workers that could not work. Grain compensation was paid to low-paid servants of the State and Tagai advances were made to the agriculturists to sink new wells and to improve old ones. Advances were also made to the holders of the alienated villages for enabling them to afford relief to the distressed in their villages.

Mint.

Mint.

146. There is no mint in the State. The only coin that is current in the Principality is of the British mint.

Kolhapur State Railway.

State Railway.

147. The gross receipts, disbursements and balance *i. e.* the net earings of the State Railway during the last four years will be seen from the subjoined statement.:—

Years.	Gross income.	Disbursements.	Balance	Remarks.
1902–1903	1,02,955	64.933	38,022	
1903–1904	1,42,042	82,343	59,699

1905–1906	1,69,507	95,949	73,558	

General condition of the State and the people.

Condition of the people.

148. Kolhapur Principality is an agricultural country and out of the total population of the Principality 73 percent are solely dependent on agriculture. Owing to a partial failure of crops in some places and general failure in others, the agricultural class had to suffer much. Agricultural stock had also to suffer owing to the deficiency of fodder as well as water supply. Some of the agriculturists in Raibag and Katkol Mahals left their villages and went with their families for emplyment in the British Districts as well as in other parts of the Principality. As prices of staple food-grains were unusally high and rates of wages low, there was some deterioration in the condition of the labouring classes but the pinch of scarcity not being very keen they were not so badly off as in a year of actual famine. Weavers and other artizans had enough to do in their crafts and their condition was not much affected by the prevailing scarcity. Owing to the scarcity trade was partially dislocated. Plague, cholera were the epidemics during the year, but the death rate, on the whole showed a decline. The progress of education was good.

Opium.

152. The balance of opium at the beginning of the year was 98 lbs in Karvir Mamledar Katchery and 428 lbs were purchased or otherwise received, thus making a total of 526 lbs for sale. Out of this, 484 against 395 lbs. were sold during the year, leaving a balance of 42 lbs. at the close of the year. The sale proceeds including those of opium farms amounted to Rs. 9,246. The cost price of the opium imported during the year was Rs. 3,959. Purchase and sale.

153. No offence was reportod to have been committed against the Opium Act in the Principality. Offences.

Abkari.

154. Khan Bahadur Hormusjee Manikjee Bhivandiwala who has been allowed to manage the farm under a contract to pay annually a minimum amount of Rs. 1,00,000 as guarantee till the end of July 1908, continued to hold the licence to manufacture and sell country liquor in the Kolhapur Principality during the year under report. Contract of the farm.

155. The year opened with a balance of 605 gallons of liquor of 25° U. P. and 43,867 gallons of the same kind were manufactured in the Kolhapur distillery during the year, thus making up a total of 44,472 gallons for sale. Of these, 42,308 against 38,759 were issued for sale in the Principality and 1,105 against 620 gallons were supplied to the Kurundwad State free of duty. The amount of duty realised on the quantity of liquor issued from the distillery was Rs. 1,63,858 against Rs. 1,50,191. Issue of liquor from the distillery.

156. The income derived from the sale of the licence of Shindi and Bherlemad amounted to Rs. 7,259. The number of liquor shops and shops of opium, Ganja &c. is shown in Appendix XXI Consecutive Enclosure No. 23. Income from Shindi & Bherlemad.

157. During the year 32 offences against the Abkari Act were reported to have been committed against 46 of the preceding year. 37 persons were involved in them, of whom 20 were convicted and 16 acquitted and one remaind under trial. Offence.

Stamps.

158. 1,93,778 General stamps of the value of Rs. 26,133 were sold during the year under report against 1,45,219 stamps of the value of Rs. 21,513 of the last year. The number of Court fee stamps sold during the year was 70,624 against 52,295 of the preceding year. The sale proceeds of these stamps amounted to Rs. 64,007 against Rs. 46,859. General and court fee stamps.

Receipts.

159. The amount of stamp duty and penalties realized by the revenue and civil courts on unstamped and insufficiently stamped documents was Rs. 1,680. The contrubutions recovered from the Feudatories towards the establishment charges &c. of the stamp office were Rs. 1,367. Rs. 625 were realized on account of courtfee stamps in pauper suits and Rs. 15 on account of miscellaneous receipts. Thus the aggregate receipts amounted to Rs. 74,507 against Rs. 70,891.

Expenditure.

160. The total expenditure was Rs. 2,819 against Rs. 9,639. The decrease was due to expenses for purchasing paper for stamping not being incurred like last year.

Toll Funds.

Receipts.

161. The subjoined statement shows the amounts bidden at public auction for tolls levied on several roads in the Principality during the year under report as compared with those of the preceding year:—

167. The chief causes of the outstandings shown under recoverable are:—

(1) Amount to be recovered by instalments which have not yet fallen due–Rs. 1,76,774.

(2) Amount of which recovery is postponed–Rs. 1,68,535.

(3) Amount for the recovery of which notices are issued or property is attached–Rs. 2,20,605.

168. The amounts that are included in the amount of Rs. 15,231 to be written off as irrecoverable are given below:—

(1) Rs. 480 being the revenue of lands taken into forests.

(2) Rs. 9,467 being the revenue of attached alienated lands to be adjusted owing to the removal of attachment.

(3) Rs. 832 being the revenue of lands taken for public purposes.

(4) Rs. 2,427 being the revenue wrongly taken into accounts.

(5) Rs. 876 being the revenue of lands resumed.

(6) Rs. 2,149 to be adjusted owing to Miscellaneous causes.

Sayar Revenue.

Demands, collections &c.

169. The Demands of this, inclusive of the last year's outstandings amounted to Rs. 3,58,713 against Rs. 3,54,172, of which Rs. 1,86,234 against Rs. 1,74,324 were collected. Rs. 16 were given as remission and the outstanding at the close of the year was Rs. 1,72,462. The increase in demands was due to the sale of Abkari farm of a greater amount than that of the last year.

CHAPTER VI.

Medical Relief and Vital Statistics.

MEDICAL RELIEF.

Changes in the Medical staff.

170. Dr. Gopal G. Watve M. D., L. R. C. P. &c. continued to be in charge of the State Medical and Vaccination Departments.

171. Dr. Raghunath Vithal Khedkar L. R. C. P. &c. Assistant Darbar Surgeon who has gone to England to appear for the F. R. C. S. Examination has not yet returned.

172. Mr. Anant Dattatrya Sabnis Hospital Assistant who was also allowed to go to England to prosecute his studies there, on nine months full pay leave, has after acquiring speciality in the diseases connected with the eye, returned and rejoined his appointment on the 2nd of December 1905.

173. Mr. Dattatrya Wasudeo Karmarkar 1st class Hospital Assistant and Assistant Superintendent of Vaccination died of plague in the month of November 1905 and Mr. Maruti Nana Chawan 1st class Hospital Assistant was appointed to his place.

Medical institutions.

174. The number of medical institutions administering English medicines remained the same *viz* 15. The total number of persons relieved at these, during the year was 1,37,837 against 1,41,915 of the previous year. The decrease in the attendance was chiefly due to the prevalence of plague in the city as well as in the Districts. The total cost of the institutions has increased from Rs. 47,935 to Rs. 54,772. The increase is due to the purchase of new medicines and some furniture in the A. E. Hospital and other places. Further particulars will be found in Appendix XXIII.

Surgical operations.

175. The total number of surgical operations performed during the year in the above institutions was 3,513 against 3,531. Of these 404 were indoor operations. Of the total number of operations only 58 were unsuccessful.

Homeopathic Dispensary.

176. Dr. V. S. Tengshe M. D. continued to be in charge of the Homoepathic city Dispensary. The Dispensary has been removed from its old building to the Khanwelkar's Wada where Urdu Marathi School used to be held. The total number of patients treated during the year was 45,339, the daily average being 124·2. The maintenance charges amounted to Rs. 4,092. The Dispensary proved to be of great service to the poor classes during the epidemics of plague and cholera in the city of Kolhapur. The number of cases of plague and cholera treated by the Dispensary are shown below with their results:—

	No. of cases treated.	Cured.	Died.	Unknown.
Plague....	80	48	24	8
Cholera	424	298	95	31

Deshi Dawakhana.

177. The total number of patients treated at Her Highness Ahilyabai Deshi Dawakhana was 29,652 against 24,933 and the daily average was 81 against 64 of the last year. The expenditure incurred during the year was Rs. 1,288 against 1,153.

Prevailing diseases.

178. The prevailing diseases were almost the same as those of the last year with the exception of plague and cholera *viz*:—malarial fevers, diseases of the stomach and bowels including intestinel worms, respiratory and rheumatic affections, also diseases of the eye and skin.

Lunatic Asylum.

179. There were in all 14 lunatics treated in the asylum during the year against 20 of the last year. Of these 7 were newly admitted and the rest remained from the last year. 9 were supported by their relatives and 5 by the State. 3 were cured, 5 improved, one removed and 2 died and 3 remained under treatment at the end of the year.

Leper Asylum.

180. The total number of lepers in the Victoria Diamond Jubilee Leper Asylum at Uchgaon on the 31st March 1905 was 117 against 118 of the last year, of whom 73 were males and the rest females. The charges for their maintenance amounted to Rs. 5,253 against 4,164 of the preceding year. The increase is due to the purchase of clothes &c. for the lepers.

Vital Statistics.

Births & deaths.

181. The total number of births registered during the year was 26,017 against 28,240 and that of deaths was 27,116 against 34,546 of the preceding year. (For further details see Appendix XXIV). The birth rate shows a slight increase in the Kolhapur city, Bavda and Kagal (Junior) Estates but on the whole it shows a decrease of 2·5 per 1,000 of population being mainly due to the presence of plague and cholera as well as the scarcity of food and water. The decrease in the total mortality was chiefly due to the plague being less virulent than that of the last year. There was an increase in the death-rate of the town population and it was due to the outbreak of cholera at the close of the year under report while there was a satisfactory decrease in that of the District population. The death rate amongst the Hindus was 29·3 against 37·9 of the last year; that amongst the Mahomedans 40·0 against 39·0 and that amongst Christians 18·2 against 11·9.

Causes of deaths.

182. The principal causes of deaths as compared with those of the last year are shown in the following table:—

Causes.	1904-05.	1905-06.	Increase.	Decrease.
Cholera	220	1,109	889	...
Small-Pox	7	31	24	...
Fevers	12,115	12,533	418	...
Bowel complaints	3,239	2,891	...	348
Injuries &c.	265	232	...	33
Plague	13,034	5,464	...	7,570
Measles	22	9	...	13
Other diseases... ...	5,644	4,847	...	797
Total...	34,546	27,116	1,331	8,761

183. Of the 232 deaths, 135 were due to drowning, 3 to wild beasts, 39 to snake-bites and the rest to minor injuries.

Epidemics.

184. Plague and cholera were, as in the last year the epidemics prevailing in the State during the year under report. Plague made its appearance as usual in the month of August 1905 in the city as well as in the Districts and was more or less prevalent till the end of the year causing only 7513 attacks and 5464 deaths. Cholera which appeared from April to August 1905 in some of the Talukas of the State was of a mild type but its reappearance about the middle of March 1906, was due to the scarcity of good drinking water owing to the failure of sufficient and timely rain. It was so severe that it claimed more than 800 lives of the city and a few Talukas within only a fortnight. Small-pox also visited the capital town as well as some of the Talukas but caused only 31 deaths during the year.

Vaccination.

Vaccine operations and their Results.

185. The total number of vaccine operations performed during the year was 26,507 against 25,132 thus showing an increase of 1,375 over that of the preceding year. Although there has been an increase of over a thousand and a quarter in the number of primary operations, the total number of vaccinations is still below what was prior to the famine of 1896-97 that has disturbed the birth-rate which, owing to the subsequent bad years of scarcity and plague has not as yet regained its normal point. The total number includes 115 operations, the results of which were not known. The number of operations with their results are compared in the subjoined table:—

Name of Districts.	Operation by whom performed.	Number of persons vaccinated in.		Result.			
				Successful.		Unsuccessful.

186. Of 26,392 operations 23,599 were primary and 2793 secondary. The result of one Primary and 114 revaccinations was not known and so they are not taken into consideration. The percentage of success of primary vaccination and that of revaccination were respectively 99 and 82·7.

Animal Vaccination.

187. Animal vaccination was carried on as usual at almost all the larger centres of the State. The number of calves operated upon was 171, of which only 3 were unsuccessful. The number of children vaccinated direct from the calves was 6072. The extra expenditure incurred on this account was Rs. 704 against 561 of the preceding year.

Lymph.

188. The quality of the lymph and of the work done by the vaccinators were generally good.

Nurses' class.

189. The class is at present attended by 12 pupils, 6 of whom are Kolhapur State pupils, 3 private ones and the rest were from three S. M. C. States *viz:*—Sangli, Kurundwad and Miraj (Junior). The pupils have had a training for one year theoretical as well as practical under the superintendence of the Lady Doctor and they are showing good progress in their work.

Pathological museum.

190. 13 Specimens were added to the museum in the A. E. Hospital during the year under report. Of the 103 of the preceding year 10 were spoiled, the museum, therefore, contains 106 specimens in all.

CHAPTER VII.

EDUCATION.

191. The total number of schools in the Kolhapur Principality inclusive of the aided indigenous schools was 270 against 262 and that of scholars attending them was 11,535 against 11,062 as will be seen from the details shown in Appendix XXV. The cost of education rose from Rs. 1,19,307 to Rs 1,27,564.

The number of Schools and Scholars.

192. It will be seen from the above that the progress of education was on the whole satisfactory during the year, inspite of the prevalence of plague and cholera in almost every part of the Principality. There was an increase of 8 schools during the year. Of these, 5 were newly started and the rest were unaided indigenous schools that received State help during the year. Of the 5 new schools 3 were Vernacular Boys' Day Schools (opened at Ambap, Tikpurli, and Shirdhon), one, a night school (opened at Wadgaon) and one, a girl school (opened at Pargaon). In the total number of Scholars attending the schools there was an increase of 473 but the attendance at the college and some other schools suffered a little owing to the sudden out-break of cholera in the month of March in the Kolhapur city as well as in the Districts. The increase in the expenditure is mainly due to the State grants payable to the Private English schools for the last two years having been paid off, during the year under report.

Increase or decrease in the number of Schools and Scholars.

193. The following table shows the number of schools and scholars in the Feudatory Estates together with the amounts of expenditure incurred on them.

(I) Rajaram College and High School.

194. This consists of two subdivisions:——

Divisions.

(*a*) Rajaram College.

(*b*) Rajaram Highschool.

(a) *Rajaram College.*

University results.

195. The college consists of two classes in which students are prepared for the Intermediate and Previous Examinations. 31 students from the I. E. class appeared for the examination this year against 23 in the preceding year, of whom 16 against 15 while 62 against 54 appeared for the Previous Examination, of whom 21 against 30 were successful. Of the successful students 4 came in Second Class in the Intermediate Examination while only one in the Previous Examination.

Changes in the staff.

196. Professor V. G. Bijapurkar's services were dispensed with, from September 1905 and Mr. H. B. Karmarkar B. A. was appointed Ghorapade Lecturer and Professor of Sanskrit.

(b) *Rajaram High School.*

Attendance.

197. The daily average attendance was the same as that of the last year *viz* 278. The number of students on roll on the last day of the year *viz* 26th March 1906 (the School being closed from the 27th on account of cholera) was 376 against 390. The High School remained closed as usual on account of plague in the months of November and December 1905 and was reopened in the month of January 1906. At the close of the year under report owing to the severe out-break of cholera in the city, it was again closed.

Matriculation Examination results.

198. 27 against 57 students were allowed to appear for the Matriculation Examination of whom 15 against 26 passed. The great fall in the number of students sent up for the examination was due to the fact that some of the students were on account of their misconduct incapacitaled from appearing for the examination this year.

Results of the lower standards

199. The school was not inspected by the Educational Inspector S. D. this year on account of plague in the town. The annual examination of the first 6 standards was held by the Principal. 299 students were in all presented for examinaton, of whom 122 or 42·8 per cent were successful. The percentage of the last year was 25·9.

Drawing Class.

200. 290 students were studying drawing. The annual examination was held in September 1905 by the Principal Sir J. J. School of Art Bombay. Out of the 20 students who appeared for the 1st Grade Examination 8 have passed.

Model Farm.

201. Agriculture is taught as usual to the two School Final classes (Senior and Junior) attached to the Institution, theoretically and practically, in the school as well as on the Farm. The crops grown on the farm during the year were sugarcane, turmeric, plantains, paddy, ground-nut, lucerne, American maize, tobacco, devakapus and other vegetables. Almost all of the crops suffered from drought. Paddy suffered most. Not a single grain could be gathered from the whole field. The whole of the plantain crop had to be cut down. Some sugarcane stubbles were planted on a plot of ground able to retain moisture for a longer period as wet soils do. They grew well and gave a produce of 45 lbs of raw sugar although the juice was not as sweet as that obtained from canes growing on dry soils. This proves that wet soils are more suitable to the growth of sugarcane stubbles and hence on some rententive soils of this nature, as is often observed in Poona, sugarcane is allowed to grow on the same piece of land for 2 or 3 years. The actual expenditure on the farm amounted to Rs. 942 against 811 of the last year and the income derived from the

sale proceeds &c. was Rs. 1,262 against 1,308, the net surplus of the year being Rs. 320.

School Final class.

202. A School Final class attached to the Matriculation class has been started this year. The number of students attending it was 33.

Physical Education.

203. The Physical Education of the students has been properly cared for and the College and High school Gymkhanas are well attended.

College hostel.

204. A spacious and commodious building in Raviwar Peth has been rented by the State for the use of the students and has been turned into a hostel. The number of students attending it at the close of the year was only 3. The receipts and expenditure were respectively Rs. 98 & Rs. 490 during the year under report. The daily average attendance was 12. The general attendance in the college being very low as compared with that of the preceding years, there were few mofussil students who could take advantage of this institution. Besides plague and cholera were responsible for the great fall in the attendance this year.

College Library.

205. 2 volumes were added to the State Library at a cost of Rs. 245 and 68 volumes to the College Library at a cost of Rs. of 394.

(II) Primary and Secondary Schools.

Secondary Schools.

206. In the 1st Grade A. V. Schools at Kagal and Ichalkarnji instruction upto the English V Standard is imparted while the A. V. Schools at other places impart instruction up to the Standard III. The School at Kagal was examined at the close of the year when 28 out of 48 students presented for examination were successful in all heads. 241 Scholars in the rest of the A. V. Schools were examined of whom 122 passed.

Private English School.

207. Of the aided schools, the Private High School imparts instruction up to the VII Standard. 23 students were sent up for the Matriculation examination of whom 9 came out successful. The standards I to VI were examined by the Educational Inspector Kolhapur and 100 out of 294 students passed under all heads. The other school where English standards I to VI are taught was also examined by the Educational Inspector. 72 students presented for the examination of whom 23 passed.

Primary Schools.

208. 155 primary schools for boys were examined during the year under report. Out of 4,652 scholars examined under Vernacular standards I to VII 2,802 or 60 percent were successful. The number of Girls' Schools was 30. Of these 27 schools were examined. 266 girls were presented for examination under standards I to VI of whom 177 or 66 percent passed.

209. The number of young sardars and children belonging to high class families learning in the Vernacular as well as Anglo-Vernacular Schools was 28 or one more than that of the previous year. Only two of these were girls. They were classed as 3 Brahmins, 21 Marhathas and 4 Mahomedans. Their attendance, conduct and progress in studies were generally good.

Aided Schools.

210. His Highness the Chhatrapati Maharajasaheb has been pleased to order to start aided indigenous schools on quite new lines with a view to make primary education as free and accessible to the poor classes as possible. Accordingly, four such schools have been opened in the Bhudargad Taluka *viz* those at Chimne, Parnoli, Waghapur and Talashi, where reading, writing and arithmetic were the chief subjects taught in four standards. The

number of students on the rolls at the close of the year was 98 of whom 2 were girls. These schools seem to have been greatly appreciated by the masses as nine more applications for aid of this kind have been received during the year. Of the total number of aided indigenous schools 45 schools with 734 students were examined under standards I to V and 531 students passed in all heads.

Drawing.

211. Drawing is taught in all vernacular schools in the city but no student appeared for any Drawing Examination.

Physical Education.

212. Arrangements are made and apparatus provided to 15 schools to impart physical education. A drill master is attached to the A. V. School at Shirol where drill is regularly included in the school curriculum. The managers of the two aided English Schools in the city have provided their schools with gymnastic apparatus.

(III) Jaysingrao Ghatge Technical School.

Attendance.

213. The attendance and expenditure incurred on this school for the year under report as compared with those of the preceding year are shown in appendix XXV.

Drawing.

214. 15 Students presented themselves for 1st Grade Drawing examination, of whom 8 came out successful, while in the 2nd Grade only one appeared but he failed.

Subjects taught.

215. Carpentry and brass and iron work are taught in the school. Of the 34 boys, 21 received instruction in carpentry and 13 in brass and iron work classified as below:—

Castes.	Carpentry.	Brass and iron work
Brahmans	5	2
Mahrathas	14	3
Mahomedans		6
Other castes	2	2
	21	13

Examination.

216. The annual examination was not held during the year owing to the prevalence of plague and cholera in the city.

217. The expenditure on scholarships and stipends amounted to Rs. 1,176 during the year. Articles of the value of Rs. 1507 were prepared for sale. Of these some worth Rs. 1350 were sold and the rest remained to be sold.

Deputation of Mr. Chitnis to Benares.

218. Mr. B. H. Chitnis Assistant Superintendant J. G. Technical School was deputed to Benares in the month of January 1906 to collect information on the subject of sugar refining and improved hand looms. He accordingly, went there and saw the various looms exhibited in the Agricultural and Industrial Exhibition held at Benares at that time but as they were not actually working, he could not obtain practical knowledge about them. The process however, of manufacturing sugar from sugarcane juice or from dry molasses, was kindly taught to him by Mr. S. M. Hadi M. R. A. S. Assistant Director of Land Records and Agriculture United Provinces, so as to enable him to successfully start a sugar making factory if one be started here.

(IV) The Education of Mahomedans.

Attendance.

219. The number of Urdu teaching schools remained the same as that of the last year *viz* 6, that of Urdu classes attached to Vernacular schools being also the same. There were in all 160 scholars learning Urdu at the close of the year, 131 being boys and 29 girls. The number of Mahomedan students learning in the State and the aided schools was 610 against 673 of the preceding year.

(V) The Education of Low Castes.

Attendance.

220. The number of Low Caste schools was 12 against 9 of the last year and that of students attending them was 443 against 398 of the previous year.

(VI) Victoria Mahratta Students' Institution.

Attendance, receipts and expenditure.

221. The number of students in the institution during the year was 78 against 66. Of these 48 were from the Kolhapur Principality and the rest from the S. M. Country states and the British Districts. The receipts and expenditure amounted to Rs. 6,260 and Rs. 5,895 respectively. The institution is managed by the Maratha Education Society and receives aid from the state.

(VII) S. M. Digambar Jain Students' Institute.

Attendance.

222. This institution was founded by the Southern Marhatta Digamber Jain Association in the year 1902. Its main object is to spread education among the Jains who are now degenerated and form a most back-ward class in the scale of civilization. The Association provides free board, lodging, school fees, books &c. to poor Jain students who attend the Rajaram High School or Private English School here. The number of students in 1902 was only 6 but it has now risen to 40. The average monthly number on the roll during the year under report was 35·2 and the average daily attendance 30·5.

Buildings.

223. From 1903 to 1905 the Institute having no building of its own was accomodated in a Jain temple which was not at all suitable. But in 1905 Sheth Manikchand and his brother, rich Jain Merchants of Bombay came forward with a generous heart and erected a splendid two storied building at a cost of Rs. 22,000 for the Institute on an excellent site kindly presented by His Highness the Chhatrapati Maharajasaheb. Provision is made in the building for the accomodation of 50 students for the present. The opening ceremony of the building was performed at the hands of His Highness the Maharaja on the 9th of August 1905.

Sanskrit Path Shala.

224. A Sanskrit Pathshala is attached to the institution where religious instruction is chiefly imparted. A Shastri has been engaged on Rs. 20 *per mensem* to teach Sanskrit. The number of students attending it was 8. They mostly belong to the priestly class. They are also enjoying free board and lodgings &c.

Sources of receipts.

225. The institute is chiefly maintained on the interest derived from funds voluntarily subscribed by the well-to-do and rich persons in the Jain community. The amount of funds collected upto the end of the year came to Rs. 17,500. His Highness the Maharaja has been pleased to make a donation of Rs. 2000 and an annual grant of Rs. 300 to the institution.

Receipts and expenditure

226. The receipts and expenditure of the institution during the year under report amounted to Rs. 2,589 and Rs. 2575 respectively.

(VIII) Unaided private Schools.

Attendance. 227. The numbers of such schools and scholars attending them were respectively 51 and 768 against 37 and 645 of the last year.

(IX) Public Service certificate Examination.

Results. 228. 158 against 149 Candidates appeared for Public Service certificate Examination, of whom 33 against 37 passed. Of the successful students, 20 were Brahmans, 10 Mahrattas, 1 Mahomedan. The rest belonged to other castes.

(X) Encouragement to Literature.

Expenditure. 229. 450 books of the value of Rs. 164 were purchased and Rs. 400 were given to authors by way of donation from the State.

CHAPTER VIII.

MISCELLANEOUS.

WILD ANIMALS.

Destruction of wild animals and rates of rewards.

230. The rates of rewards fixed for the destruction of wild beasts and venomous snakes underwent no change. Two tigers and 2 snakes were reported to have been killed during the year and the rewards for the same amounted to Rs. 9. Besides these, His Highness and party, Jahagirdars and European gentlemen were able to kill several wild beasts while hunting in the jungles of the Principality during the year under report.
